PREFACE vii
ACKNOWLEDGMENTS ix

Chap. 1. Introduction and Overview:
Principles and Techniques 1

PART I. NEOPLASMS

SECTION 1 – BRAIN NEOPLASMS

SUBSECTION 1 – INTRINSIC BRAIN TUMORS

Chap. 2. Gliomas: An Overview 15
Chap. 3. Diffuse Fibrillary Astrocytomas 24
Chap. 4. Special Types of Astrocytomas 49
Chap. 5. Oligodendroglioma 72
Chap. 6. Mixed Gliomas 85
Chap. 7. Ependymomas 90
Chap. 8. Neuronal and Neuronal–Glial Tumors 103
Chap. 9. Primitive Neuroectodermal Tumors 135
Chap. 10. Primary CNS Lymphomas 161
Chap. 11. Primary CNS Germ Cell Neoplasms 173

Chap. 12. Hemangioblastoma 188

Chap. 13. Choroid Plexus Neoplasms and Miscellaneous
Intracerebral Masses 195

Chap. 14. Metastatic Neoplasms in the Brain
Parenchyma 206

SUBSECTION 2 – EXTRINSIC BRAIN TUMORS

Chap. 15. Meningiomas 217
Chap. 16. Nonmeningioma Dural-Based
Neoplasms 237
Chap. 17. Dura and Leptomeningeal Metastatic
Cancer 241
Chap. 18. Tumors of Intracranial Peripheral
Nerves 244
Chap. 19. Craniopharyngioma and Rathke's
Cleft Cysts 263
Chap. 20. Miscellaneous Meningeal Masses 269
Chap. 21. Pituitary Tumors 273
Chap. 22. Skull-Based Neoplasms 291

SECTION 2 – SPINAL CORD NEOPLASMS

SUBSECTION 1 – INTRINSIC SPINAL CORD TUMORS

Chap. 23. Intrinsic Spinal Cord Tumors, I: Overview 303

Chap. 24. Ependymomas of the Spinal Cord 305

Chap. 25. Other Gliomas of the Spinal Cord 311

Chap. 26. Miscellaneous Cord Tumors 325

SUBSECTION 2 – EXTRINSIC SPINAL CORD NEOPLASMS

Chap. 27. Meningiomas and Other Primary Dural-Based Tumors of the Spinal Cord 333

Chap. 28. Nerve Root Tumors 339

Chap. 29. Tumors of the Spine 347

PART II. NONNEOPLASTIC MASS LESIONS

Chap. 30. Tumefactive Demyelinating Disease: Its Surgical Pathology and Differential Diagnosis 363

Chap. 31. Inflammatory Masses in the Brain Parenchyma 373

Chap. 32. Extraaxial Inflammatory/Infectious Lesions 392

Chap. 33. Biopsies of Cerebral Infarcts 398

Chap. 34. Extraaxial Intracranial Hemorrhages 403

Chap. 35. Malformations of or in the CNS Parenchyma 410

PART III. DIAGNOSTIC BRAIN BIOPSIES FOR NON-NEOPLASTIC DISEASE

Chap. 36. Biopsies for Vasculitis 425

Chap. 37. Biopsies with/for Noninflammatory Vascular Diseases 437

Chap. 38. Biopsies for Diagnosis of Dementia 444

Chap. 39. Biopsies for Infectious Diseases 455

PART IV. SURGICAL NEUROPATHOLOGY OF EPILEPSY

Chap. 40. Current Procedures Leading to Epilepsy Surgery: What the Neuropathologist Should Know about the Epilepsy Workup Prior to Surgery 467

Chap. 41. Abnormalities Presumably Causing Epilepsy 470

Chap. 42. Effects of Epilepsy Manifest in Resected Brain Tissue 484

Chap. 43. Iatrogenic Lesions 492

Chap. 44. Special Syndromes and Epilepsy 497
