中医治法与组方技巧

Foreword	ix
Preface	x
Acknowledgments.	xii
Notes on using this book	xiii

Part I	Theories and concepts in the composition of Chinese herbal formulas	1
1	Common types of herbal combination	3
2	The process of formula composition.	5
3	Dosages for individual herbs	8
4	Dosage in herbal formulas	9
5	Form of administration, preparation methods and their applications . .	11
6	Administration.	15
7	Treatment principles and their sequence	15
8	Commonly used treatment methods and their applications	18
9	Commonly used treatment strategies	20
10	Contraindications and cautions in the use of Chinese herbal medicine	24
11	Combining western medicine with Chinese herbal formulas	29
12	Substitutions for unavailable, protected and banned herbs	33
Part II	Syndromes and formula composition	35
1	Exterior syndrome and formula composition	37
1	Wind-cold syndrome	38
2	Wind-heat syndrome	47
2	Accumulation syndrome and formula composition	55
1	Accumulation syndrome due to excess heat in the intestine	57
2	Accumulation syndrome due to excess cold in the Middle-Jiao	64
3	Syndrome of water accumulation	66

3	Internal heat syndrome and formula composition	71
	<i>Syndromes in warm-febrile diseases</i>	73
1	Syndrome of heat at the Wei level (the Defensive level).	73
2	Syndrome of heat at the Qi level	74
3	Syndrome of heat at the Ying level (the Nutritive level)	78
4	Syndrome of heat at the Xue level (the blood level).	82
5	Syndrome of aftermath of warm-febrile diseases	85
	<i>Heat in different organs</i>	91
6	Syndrome of heat in the Heart and Small Intestine	92
7	Syndrome of heat in the Liver	95
8	Syndrome of heat in the Stomach and Large Intestine	99
9	Syndrome of damp-heat in the Spleen and Large Intestine.	102
10	Syndrome of heat in the Lung	109
11	Syndrome of heat in the Kidney and Bladder	112
4	The internal cold syndrome and formula composition	117
	The internal cold syndrome.	118
5	Deficiency syndrome and formula composition	129
	<i>Syndrome of Qi deficiency</i>	131
1	Syndrome of Spleen-Qi deficiency	132
2	Syndrome of Lung-Qi deficiency	138
3	Syndrome of Heart-Qi deficiency.	143
	<i>Syndrome of blood deficiency.</i>	149
4	Syndrome of Liver-blood deficiency	149
5	Syndrome of Heart-blood deficiency.	154
	<i>Syndrome of Yin deficiency</i>	157
6	Syndrome of Lung-Yin deficiency	158
7	Syndrome of Stomach-Yin deficiency	161
8	Syndrome of Heart-Yin deficiency	163
9	Syndrome of Liver-Yin deficiency	166
10	Syndrome of Kidney-Yin deficiency	171
	<i>Syndrome of Yang deficiency</i>	176
11	Syndrome of Kidney-Yang deficiency	176
12	Syndrome of Spleen-Yang deficiency	180
13	Syndrome of Heart-Yang deficiency	185
6	Syndrome of abnormal discharge and formula composition	191
	Syndrome of abnormal discharge	192

7	Syndrome of dampness and formula composition.	201
1	Damp-cold syndrome.	202
2	Damp-heat syndrome.	211
8	Syndrome of food accumulation and formula composition	225
	Syndrome of food accumulation	226
9	Syndrome of phlegm and formula composition	233
	Syndrome of phlegm	234
10	Syndrome of Qi stagnation and formula composition	249
1	Syndrome of Liver-Qi stagnation	250
2	Syndrome of Qi stagnation in the Stomach, Spleen and Large Intestine	258
3	Syndrome of Qi stagnation in the Lung	265
11	Syndrome of blood stagnation and formula composition	271
	Syndrome of blood stagnation	273
12	Syndrome of bleeding and formula composition.	285
	Syndrome of bleeding	286
13	Syndrome of disturbance of Heart-shen and formula composition.	297
	Syndrome of disturbance of Heart-shen.	300
14	Syndrome of internal wind and formula composition	313
1	Syndrome of Liver-wind.	314
2	Syndrome of internal wind due to excess heat in the Heart and Liver	320
3	Syndrome of internal wind generated by Yin deficiency	323
15	Locked-up syndrome and formula composition	329
	Locked-up syndrome	330
16	Syndromes caused by external wind, damp, cold or heat and formula composition	335
	Syndromes caused by external wind, damp, cold or heat	336

17	Syndrome of dryness and formula composition	347
	<i>Syndrome of dryness</i>	348
1	Syndrome of external-dryness	348
2	Syndrome of internal dryness	348
	<i>Syndrome of dryness in the Lung</i>	350
	<i>Syndrome of dryness in the Stomach and Large Intestine</i>	355
18	Syndrome of disharmony and formula composition	361
1	Syndrome of disharmony between the Liver and Spleen (Stomach and Large Intestine)	362
2	Syndrome of disharmony at the Shao Yang level	368
3	Syndrome of disharmony between Ying-Qi and Wei-Qi.	371
4	Syndrome of disharmony between the Yin, Yang, Qi and blood of the internal organs	374
19	<i>Yong</i> (carbuncle) and <i>Yang</i> (ulceration) syndrome and formula composition.	383
	<i>Syndrome of Yong Yang</i> 癰瘍	384
1	Yang syndrome	384
2	Yin syndrome	391
	Appendix 1 Daily dosages for individual crude herbs above 6–9 grams	397
	Appendix 2 Commonly used herbal combinations and their applications	401
	Bibliography.	409
	General index	411
	Herbs and formulas index	443
