Table of Contents

| | | |
|------------------|--|----|
| Preface | | ix |
| Contributors | | xi |
| Chapter 1 | Introduction to Fiber and Nondigestible Carbohydrates: Definition, Health Aspects, and Perspectives <i>Teri M. Paeschke and William R. Aimutis</i> | 1 |
| Chapter 2 | The Gastrointestinal Tract and Its Microflora <i>William R. Aimutis and Kayla Polzin</i> | 15 |
| Chapter 3 | The Immunomodulatory Effects of Dietary Fiber and Prebiotics in the Gastrointestinal Tract <i>Marie-Claire Arrieta, Jon Meddings, and Catherine J. Field</i> | 37 |
| Chapter 4 | Lower Gut Hormones and Health Effects Associated with Consumption of Fermentable Fibers <i>Michael J. Keenan, Jun Zhou, Reshani Senevirathene, Marlene Janes, and Roy J. Martin</i> | 79 |
| Chapter 5 | Animal, In Vitro, and Cell Culture Models to Study the Role of Dietary Fibers in the Gastrointestinal Tract of Humans <i>Trevor A. Faber and George C. Fahey, Jr.</i> | 97 |

| | | |
|-------------------|--|-----|
| Chapter 6 | Impact of Fiber on Gastrointestinal Microbiota <i>Koen Venema</i> | 125 |
| Chapter 7 | Fermentable Carbohydrates and Digestive Health <i>Joanne Slavin</i> | 165 |
| Chapter 8 | Overview of Dietary Fiber and its Influence on Gastrointestinal Health <i>Devin J. Rose and Bruce R. Hamaker</i> | 185 |
| Chapter 9 | Toward Second-Generation Carbohydrate Functional Food Ingredients <i>Robert A. Rastall</i> | 223 |
| Chapter 10 | Whole Grains and Digestive Health <i>Isabel Bondia-Pons, Jenni Lappi, Emilia Selinheimo, Marjukka Kolehmainen, Hannu Mykkänen, and Kaisa Poutanen</i> | 245 |
| Chapter 11 | Fermentability of Polydextrose, Resistant Maltodextrin, and Other Soluble Fibers: Prebiotic Potential <i>Maria Stewart</i> | 273 |
| Chapter 12 | Development and Evaluation Bimuno [®] , a Novel Second-Generation Prebiotic Galactooligosaccharide Mixture <i>George Tzortzis</i> | 295 |
| Chapter 13 | Concluding Remarks: Gastrointestinal Health and Nondigestible Carbohydrates <i>William R. Aimutis and Teri M. Paeschke</i> | 313 |
| | Appendix Nondigestible Carbohydrates: Structure and Sources | 321 |
| | Index | 331 |
