

Biotechnologies in developing countries: present and future

**Volume 3: Regional and subregional
co-operation, and joint ventures**

Albert Sasson

Future-oriented studies

Contents

PART I:

LATIN AMERICA AND THE CARIBBEAN 19

**Biotechnology companies:
categories, research and commercial strategies,
intellectual property-right issues 21**

Institutional regional co-operation framework 33

1. Latin American Association for Integration (ALADI) 33
2. Common Market of the South (MERCOSUR) 34
3. Inter-American Institute for Cooperation on
Agriculture (IICA) 38
4. Co-operation on the regulation of transgenic crop release 43
5. Other subregional and regional co-operation schemes 50

Regional and subregional biotechnology co-operation programmes 55

1. Regional Biotechnology Programme for Latin America
and the Caribbean 55
Research-and-development projects 57
Achievements and evaluation 58
Programme-related activities 60
2. Biotechnology for Latin America and the Caribbean
Programme (BIOLAC) 63
3. Caribbean Biotechnology Network and related activities 65
Caribbean Biotechnology Network 65

Co-operative activities in agricultural biotechnologies 66
Cuba 77

Co-operative activities in plant biotechnologies 103

1. Technical Co-operation Network on Plant Biotechnology (REDBIO) 103
Creation and constitution of the Network 103
Objectives and activities of the Network 108
2. Global Initiative on Potato Late Blight (GILB) 123
3. Control of rice blast 127
4. Co-operative Regional Programme for Technological Development and Modernization of Coffee Cultivation 130
5. Co-operative Programme for the Technological Agricultural Development of the South Cone (PROCISUR) 135

Bolívar Programme 141

1. Creation, structure and goals of the Programme 141
2. Operation of the Programme and co-operation agreements 144
3. Examples of projects 147

Inter-regional co-operation 155

1. CYTED Inter-regional Programme 155
2. Co-operation with North America 163
3. Co-operation with the European Union 177
Co-operation with France 185
Co-operation with Germany 190

National achievements, bilateral co-operation and joint ventures 197

1. Central America 197
Costa Rica 198
Guatemala 202
2. Mexico 203
Mexico Autonomous Metropolitan University (UAM) 203
Biotechnology Institute (UNAM) 205
CINVESTAV Irapuato Unit for Plant Genetic Engineering 206
National Institute for Forestry, Agriculture and Livestock Research (INIFAP) 217
Scientific Research Center of Yucatán (CICY) 219
Scientific Research and Higher Education Center of Ensenada (CICESE) 227
Impact of the use of bovine somatotropin on milk production 229

	<i>Biosafety regulations</i>	231
	<i>Bilateral co-operation and joint ventures</i>	235
3.	Colombia	238
	<i>Biotechnology research-and-development framework</i>	238
	<i>Biotechnologies and the Colombian cut-flower industry</i>	243
	<i>Bilateral co-operation and joint ventures</i>	248
4.	Venezuela	251
5.	Ecuador	253
	<i>Biotechnology research-and-development framework and orientations</i>	253
	<i>Agricultural and plant biotechnologies</i>	255
	<i>Food biotechnologies</i>	262
	<i>Aquacultural and marine biotechnologies</i>	264
	<i>Medical biotechnologies</i>	265
6.	Peru	268
7.	Bolivia	273
	<i>Agricultural biotechnologies</i>	273
	<i>Leishmaniasis and drug research</i>	275
8.	Brazil	277
	<i>Agricultural biotechnologies</i>	278
	<i>Biotechnologies in the private sector and university-industry linkages</i>	287
	<i>Bio-Rio Park</i>	297
	<i>Patent law</i>	299
	<i>Bilateral co-operation and joint ventures</i>	301
9.	Argentina	305
	<i>Scientific and technological policy; funding of scientific and technological research</i>	305
	<i>Biotechnology research-and-development framework</i>	308
	<i>Agricultural, plant and food biotechnologies</i>	310
	<i>Biotechnologies at the INTA and co-operation ventures</i>	323
	<i>Agricultural biotechnologies in the private sector and co-operation ventures</i>	329
	<i>Medical biotechnologies</i>	334
	<i>Medical and veterinary bio-industry; co-operation between the public and private sectors</i>	336
	<i>Argentine Biotechnology Forum</i>	341
	<i>Bilateral co-operation and joint ventures</i>	342
	<i>Argentina-Brazil Biotechnology Center (CABBIO)</i>	344
10.	Uruguay	346
11.	Chile	348
	<i>Biotechnology research-and-development policy and framework</i>	348

Biotechnology private sector 350
Agricultural biotechnologies 353
Aquacultural and marine biotechnologies 361

PART II:

ASIA AND THE PACIFIC 377

Introduction 379

Regional and subregional co-operation framework 381

1. Association of Southeast Asian Nations (ASEAN) 381
2. South Asian Association for Regional Co-operation (SAARC) 384
3. Asia-Pacific Economic Co-operation (APEC) 386
4. Other co-operation schemes 387

Regional and subregional networks and projects 391

1. UNESCO South-East Asia Microbiology Network 391
Network goals and structure 391
Network activities 393
Identification of research projects 394
2. International Molecular Biology Network (IMBN) 397
3. Asia Network for Small Scale Agricultural Bioresources (ANSAB) 398
4. ~~Other networks~~ 402
5. ASEAN-Australia Biotechnology Project 405
6. Co-operation projects in medical biotechnologies 411

Co-operation with Japan 423

1. Overview of Japanese public biotechnology research and development 423
2. Biotechnology research and development in the private sector 428
3. Agricultural biotechnologies 434
4. Intellectual property rights 438
5. Japan Bioindustry Association and Japan Association of Bioindustries Executives 440
6. Official Development Assistance and Japan International Cooperation Agency 443
7. Japan Society for the Promotion of Science 448
8. International Center for Cooperative Research in Biotechnology 453

Co-operation with Australia and New Zealand 455

1. Overview of Australian biotechnology research and development 455
2. Areas for potential regional co-operation 464
 - Medicine and pharmacy* 464
 - Livestock husbandry and veterinary medicine* 483
 - Agriculture* 484
 - Floriculture* 500
 - Food and beverages* 506
 - Forestry* 507
 - Aquaculture* 520
3. Bilateral co-operation and joint ventures 522
4. New Zealand biotechnology research-and-development highlights and areas for potential regional co-operation 531
 - Horticulture* 531
 - Floriculture* 534
 - Pastures and forage improvement* 535
 - Livestock husbandry* 536
 - Animal health* 539
 - Forestry* 540

Inter-regional co-operation 545

1. Inter-regional co-operation on bio-informatics 545
2. Co-operation with the European Union 547
 - Biotechnology investment strategies by European firms* 547
 - Co-operation on plant micropropagation, floriculture and flower business* 550

National achievements, bilateral co-operation and joint ventures 563

1. India 563
 - Biotechnology policy and priority areas* 563
 - Consumption and demand of biotechnology-derived products* 568
 - Agricultural biotechnologies* 569
 - Floriculture* 575
 - Pest control* 581
 - Aquaculture* 585
 - Medicine and pharmacy* 589
 - Biometallurgy ('microbial mining')* 593
 - Bilateral co-operation and joint ventures* 598
2. China 622
 - Some economic issues and forecasts* 622

- Intellectual property rights and biosafety regulations* 624
- Agricultural and plant biotechnologies* 625
- Biotechnologies applied to medicine and pharmacy* 638
- Bilateral co-operation and joint ventures* 647
 - *China-European Commission Biotechnology Center (CEBC)* 647
 - *Co-operation with European Union member countries* 651
 - *Joint ventures with foreign corporations* 657
- 3. *Taiwan* 665
 - Policy and priority areas* 665
 - Private sector development, bilateral co-operation and joint ventures* 668
- 4. *Republic of Korea* 669
 - Biotechnology research-and-development policy* 669
 - Key institutions* 671
 - Bio-industry and joint ventures* 674
- 5. *Singapore* 676
 - Main trends in biotechnology research and development* 676
 - Medical biotechnologies* 678
 - Plant biotechnologies* 681
 - Bilateral co-operation and joint ventures* 682
- 6. *Indonesia* 686
 - Main trends in biotechnology research and development* 686
 - Agricultural biotechnologies and co-operative projects* 688
 - *Inter-University Centers (IUCs)* 691
 - *Other agricultural biotechnology-research institutions* 694
 - Marine biotechnologies* 698
 - Bilateral co-operation and joint ventures* 701
- 7. *Malaysia* 715
 - Biotechnology policy, strategy and funding* 715
 - Agricultural and food biotechnologies* 717
 - Oil-palm and other commodity crops* 719
 - Rubber* 724
 - Sago palm* 725
 - Forestry* 731
 - Medical and animal biotechnologies* 734
 - Bilateral co-operation and joint ventures* 737
- 8. *The Philippines* 744
 - Biotechnology policy and priority areas* 744
 - Agricultural and microbial biotechnologies* 747
 - Seaweed industry* 752
 - Bilateral co-operation and joint ventures* 755

9. Thailand	758
National biotechnology-policy framework	758
Biotechnologies and rural development	761
Biotechnology research and development	767
• National Center for Genetic Engineering and Biotechnology (BIOTEC)	767
• Chulalongkorn University	777
• Mahidol University	779
• Thailand Institute for Scientific and Technological Research	782
• Kasetsart University	783
• Other research-and-development institutions and areas	785
Micro-algal biotechnologies	787
Shrimp and prawn culture	789
• Shrimp-culture systems	790
• Utilization of mangroves and its impact	791
• Water quality	792
• Culture techniques	793
• Environmental impacts related to resource demands	794
• Treatment of shrimp-farming effluents	798
• Conclusions	799
Bilateral co-operation and joint ventures	800
10. Viet Nam	807
Biotechnology research-and-development highlights	807
Bilateral co-operation and joint ventures	810
11. South Pacific region	818
Agricultural biotechnologies	819
South Pacific Forum (SPF)	822
Other co-operation projects	823

PART III:

ARAB STATES	853
-------------	-----

Biotechnologies and agricultural production in the West Asia and North Africa (WANA) region 855

1. Agriculture in the WANA region	855
2. Plant biotechnologies at the ICARDA	856
3. Biotechnology policies in the WANA region	858
4. National priorities and co-operation prospects	860

Inter-regional and regional co-operation institutional framework 865

1. Arab Centre for Studies of Arid Zones and Dry Lands (ACSAD) 865
2. Arab Organization for Agricultural Development (AOAD) 865
3. Association of Agricultural Research Institutions in the Near East and North Africa (AARINENA) 866
4. Inter-Islamic Network on Genetic Engineering and Biotechnology (INOGE) 868
5. D-8 or 'Islamic G-7' 868
6. Islamic Foundation for Science and Technology Development (IFSTD) 868

**ALECSO survey on the status of biotechnologies
in the Arab World 869**

Regional co-operation on biological nitrogen fixation 879

Regional and international co-operation on date-palm 883

Other co-operation schemes 889

**National achievements, bilateral co-operation and
joint ventures 891**

1. Morocco 891
 - Agricultural biotechnologies 891*
 - Forestry 894*
 - Soil microbiology 895*
 - Bilateral and international co-operation 897*
2. Algeria and Tunisia 900
3. Egypt 903
 - Biotechnology research-and-development (R&D) policy; main R&D institutions 903*
 - Bilateral co-operation and joint ventures 915*
4. Kuwait and Gulf countries 923
5. Other Arab countries 927

PART IV:

AFRICA 933

**Regional and subregional co-operation institutional
framework 935**

Contents

1. Economic Community of West African States (ECOWAS) 935
2. Southern African Development Community (SADC) 935
3. African Centre for Technology Studies (ACTS) 936
4. Conference of African Agricultural Research Executives (CORAF) 937
5. Special Programme for African Agricultural Research (SPAAR) 940
6. Regional Sugar Cane Training Centre for Africa 941
7. Regional Study Centre for Improvement and Adaptation to Drought (CERAAS) 941
8. Regional Research Centre on Banana and Plantain (CRBP) 943
9. West Asia and North Africa Plant Genetic Resources Network (WANANET) 945
10. Surveillance Network for Dracunculiasis 945

Regional co-operation initiatives on biotechnologies 951

1. African Agency of Biotechnology 951
2. African Plant Biotechnology Network (APBnet) 956
3. Foundation for African Development through International Biotechnology (FADIB) 956
4. Dutch Directorate General for International Cooperation (DGIS) Special Programme on Biotechnology 957
5. Desert Margins Initiative – date-palm cultivation in the Sahelian zone 959
6. Food processing 962
7. Onchocerciasis Control Programme 965
8. Veterinary research 968

National achievements, bilateral co-operation and joint ventures 975

1. Senegal 975
2. Côte d'Ivoire 979
3. Ghana 986
4. Nigeria 988
5. Cameroon 990
6. Kenya 994
7. Uganda 1008
8. Tanzania 1011
9. Zambia 1012
10. Zimbabwe 1015
