List of Figures and Tables	xi
Preface	xiii
1 Purpose	1
2 Scope	5
3 Objective and Description of PHA, What-If, and HAZOP Reviews	7
3.1 Definition	8
3.2 Objectives	8
3.3 Origins of Qualitative Safety Reviews	8
3.4 Limitations or Disadvantages	9
3.4.1 Limitations	9
3.4.1.1 Preliminary Hazard Analysis	9
3.4.1.2 What-If Reviews	10
3.4.1.3 HAZOP Reviews	10
3.4.2 Advantages	11
3.4.2.1 Preliminary Hazard Analysis	11
3.4.2.2 What-If Reviews	11
3.4.2.3 HAZOP Reviews	11
4 Adaptation to Security Vulnerability Analysis (SVA)	13
4.1 Comparison to Process Hazard Analysis Reviews	14
4.2 Overall Procedure for SVA	14
4.3 Major Differences between SVA and Process Hazard Analyses	14
4.4 Necessity of Threat Analysis	15
5 Team Members, Qualifications, and Responsibilities	17
5.1 Team Members	17
5.1.1 Minimum Team Members	18
5.1.2 Supplemental Members	19
5.2 Qualifications of Team Members	20
5.2.1 Team Leader	20
5.2.2 Scribe	20
5.2.3 Project Manager (Project, Process, Manufacturing, or Facility Engineer)	20

5.2.4	Operations Representative	21
5.2.5	Loss Prevention or Safety Representative	21
5.2.6	Security Officer or Representative (for SVA)	21
5.2.7	Supplemental Team Member	21
5.3	Team Responsibilities	21
5.3.1	Team Leader	22
5.3.2	Scribe	22
5.3.3	Project Manager (Project, Process, Manufacturing, or Facility Engineer)	23
5.3.4	Operations Representative	24
5.3.5	Loss Prevention or Safety Representative	24
5.3.6	Security Officer or Representative (for SVA)	24
5.3.7	Supplemental Team Member(s)	25
5.4	Team Dynamics	25
5.4.1	Leadership Influences	25
5.4.2	Lines of Communication	26
5.4.3	Efficiency Factors	26
5.5	Use of Consultants	28
5.5.1	Qualifications	28
5.5.2	Advantages	29
5.5.3	Disadvantages	29
5.6	Record of Employee Experience	30
6	Management Support and Responsibilities	31
7	Review Applications for Typical Facilities	33
7.1	PHA Review Applications	34
7.2	What-If Review Applications	35
7.3	HAZOP Review Applications	35
7.4	SVA Review Applications	37
7.5	Application during Changes at a Facility	39
8	Review Procedures	41
8.1	Review Preparation and Setup	41
8.1.1	Location	41
8.1.2	Administrative Support	41
8.1.3	Facility Documentation	42
8.1.4	PHA Consequence and Likelihood Data Resources	47
8.1.5	SVA Threat Analysis Data Resources	47
8.1.6	Computer Hardware and Software Support	47
8.1.7	Node Identification	49
8.1.8	SVA Area Identification	50

8.2	Review Methodology	50
8.3	Review Procedure	52
8.3.1	Review Steps	52
8.3.1.1	PHA and What-If Review Steps	52
8.3.1.2	HAZOP Review Steps	53
8.3.1.3	SVA Review Steps	54
8.3.1.4	Threat Analysis	55
8.4	Credible Scenarios and Causes	57
8.5	Safeguards	59
8.6	Likelihood (Probabilities)	59
8.7	Consequences	60
8.8	Notetaking	60
8.9	Helpful Review Suggestions	61
8.10	Helpful Technical Suggestions	62
8.10.1	General	62
8.10.2	HAZOP Suggestions	63
8.10.3	General PHA, What-If, HAZOP, and SVA Review Suggestions	64
8.11	Assumptions for the Review Process	66
8.12	Providing Recommendations	67
8.12.1	Examples of Inadequate versus Adequate Recommendations	69
8.12.2	How to Rank Recommendations	69
8.13	Quality Audit	69
9	Review Worksheets	71
9.1	PHA Worksheet	71
9.2	What-If Worksheet	72
9.3	HAZOP Worksheet	74
9.4	SVA Worksheet	75
9.5	Worksheet Identification	77
10	Report Preparation and Distribution	79
10.1	Report Stages and Purpose	79
10.2	Report Preparation and Organization	79
10.3	Report Distribution	80
10.3.1	Preliminary Reports	82
10.3.2	Draft reports	83
10.3.3	Final Reports	83
10.3.4	Addendum Reports	84

11	Handling and Resolution of Recommendations	85
11.1	Ranking and Classifying Recommendations	85
11.1.1	Recommendation Resolution Summary	87
11.2	Objectives of a Safe and Secure Facility Design	87
11.3	Recommendation Action Plans	88
11.4	Risk Assessment Studies	89
11.5	Risk Acceptance Criteria	89
11.6	Cost-Benefit Analysis	89
12	Schedule and Cost Estimates	91
12.1	Schedule	91
12.1.1	Formula to Estimate Review Scheduling	92
12.1.2	Time Bar Scheduling and Integration with Project Schedule	93
12.2	Cost Estimate	94
12.3	Estimating Formula	95
12.3.1	Cost of Preparation	95
12.3.2	Cost of Review Sessions	96
12.3.3	Cost of Report Preparation and Review	96
12.3.4	Documentation Costs	96
12.3.5	Hardware, Software, and Incidental Costs	97
12.4	Example Calculation for Schedule and Cost	97
	Bibliography	99
	Appendix A Typical Company Policy Statement	103
	Appendix B Quality Assurance Audit Checklist	105
	Appendix C Probability, Severity, Risk, and Risk Acceptance Tables	107
	Appendix D PHA and What-If Checklist Questions	111
	Appendix E HAZOP Parameters, Deviations, and Possible Causes	129
	Glossary	139
	Acronyms	143
	Index	145
