

A Guide to
**Oncology
Symptom
Management**

Edited by
Carlton G. Brown, PhD, RN, AOCN®

Contents

Foreword	xiii	Conclusion.....	45
Acknowledgments	xiv	References	45
Chapter 1. Symptoms in Older Adults	1	Chapter 4. Anxiety and People With Cancer	49
Case Study	1	Case Study	49
Overview.....	1	Overview.....	49
Overview of Normal Aging.....	2	Incidence	50
Common Health Issues in the Aging Population	4	Pathophysiology	52
Cancer-Related Symptom Issues.....	6	Assessment.....	53
Pharmacologic Management.....	9	Measurement	54
Nonpharmacologic Management	11	Evidence-Based Interventions.....	54
Symptom Management Outcomes	12	Psychosocial Interventions.....	55
Need for Future Research	12	Pharmacologic Interventions	56
Conclusion of Case Study	12	Complementary Therapies	60
Conclusion.....	13	Expected Outcomes	60
References	14	Patient Teaching Points	60
Chapter 2. Alopecia	17	Need for Future Research	61
Case Study	17	Conclusion of Case Study	62
Overview.....	17	Conclusion.....	62
Pathophysiology	18	References	62
Hair Loss During Cancer Treatment	19	Chapter 5. Cancer Cachexia	65
Preventing Hair Loss	20	Case Study	65
Human Responses to Hair Loss	22	Overview.....	65
Clinical Practice Recommendations	23	Pathophysiology	66
Conclusion of Case Study	24	Assessment.....	69
Conclusion.....	25	Treatment.....	71
References	25	Evidence-Based Interventions.....	72
Chapter 3. Anemia	29	Patient Teaching Points	82
Case Study	29	Need for Future Research	83
Overview.....	29	Conclusion of Case Study	83
Pathophysiology	30	Conclusion.....	84
Assessment.....	35	References	84
Evidence-Based Interventions.....	37	Chapter 6. Chemotherapy-Induced Nausea and Vomiting	91
Standing Orders	42	Case Study	91
Expected Outcomes	42	Overview.....	91
Patient Teaching Points	44	Prevalence of Chemotherapy-Induced Nausea and Vomiting.....	93
Need for Future Research	44		
Conclusion of Case Study	45		

Pathophysiology	94
Impact of Chemotherapy-Induced Nausea and Vomiting	96
Risk Factors	98
Continuation of Case Study	101
Assessment	101
Evidence-Based Interventions	103
Nonpharmacologic Management	112
Need for Future Research	114
Conclusion of Case Study	115
Conclusion	116
References	116

Chapter 7. Cognitive Impairment 123

Case Study	123
Overview	123
Descriptions and Consequences of Cognitive Impairment	124
Pathophysiology	125
Assessment	129
Interventions	131
Patient Teaching Points	132
Need for Future Research	134
Conclusion of Case Study	134
Conclusion	135
References	135

Chapter 8. Constipation 139

Case Study	139
Overview	139
Pathophysiology	141
Assessment	143
Management and Evidence-Based Interventions	145
Prevention	147
Laxatives	148
Enemas	149
Nonpharmacologic Interventions	150
Obstipation	150
Patient Teaching Points	150
Need for Future Research	151
Conclusion of Case Study	151
Conclusion	152
References	152

Chapter 9. Depression..... 153

Case Study	153
Overview	153
Pathophysiology	155
Assessment	156
Evidence-Based Interventions	158
Patient Teaching Points	166
Need for Future Research	167
Conclusion of Case Study	168
Conclusion	169
References	169

Chapter 10. Diarrhea 173

Case Study	173
------------------	-----

Overview	173
Definition	173
Incidence	174
Risk Factors	176
Pathophysiology	177
Causes	177
Osmotic Diarrhea	178
Malabsorptive Diarrhea	178
Secretory Diarrhea	178
Infectious Diarrhea	180
Dysmotility-Associated Diarrhea	180
Chemotherapy-Induced Diarrhea	181
Radiation-Induced Diarrhea	182
Assessment	182
Evidence-Based Interventions	186
Nonpharmacologic Interventions	187
Pharmacologic Interventions	190
Expected Outcomes	193
Patient and Family Teaching Points	194
Need for Future Research	194
Conclusion of Case Study	195
Conclusion	195
References	195

Chapter 11. Dyspnea 199

Case Study	199
Overview	199
Assessment	202
Evidence-Based Interventions	208
Expected Outcomes	215
Patient Teaching Points	215
Need for Future Research	218
Conclusion of Case Study	219
Conclusion	220
References	220

Chapter 12. Electrolyte Imbalances, Tumor Lysis Syndrome, and Syndrome of Inappropriate Antidiuretic Hormone 225

Case Study	225
Electrolyte Imbalances	225
Syndrome of Inappropriate Antidiuretic Hormone	256
Tumor Lysis Syndrome	260
Conclusion of Case Study	267
Conclusion	267
References	267

Chapter 13. Cancer-Related Fatigue ... 271

Case Study	271
Overview	271
Pathophysiology	274
Assessment	276
Evidence-Based Interventions	281
Expected Outcomes	287
Patient and Family Teaching Points	287
Need for Future Research	288
Conclusion of Case Study	289

Conclusion	290
References	290

Chapter 14. Hot Flashes 299

Case Study	299
Overview	299
Risk Factors	300
Pathophysiology	301
Assessment	303
Evidence-Based Interventions	303
Pharmacologic Interventions	305
Nonpharmacologic Interventions	307
Patient Teaching Points	308
Need for Future Research	308
Conclusion of Case Study	309
Conclusion	309
References	309

Chapter 15. Lymphedema 315

Case Study	315
Overview	315
Quality of Life	318
Pathophysiology	319
Assessment	321
Treatment	322
Expected Outcomes	328
Patient Teaching Points	328
Need for Future Research	329
Conclusion of Case Study	329
Conclusion	330
References	330

Chapter 16. Oral Mucositis 333

Case Study	333
Overview	333
Risk Factors and Associated Incidence	334
Pathophysiology	336
Assessment	338
Interventions	339
Patient Teaching Points	342
Expected Outcomes	342
Need for Future Research	343
Conclusion of Case Study	343
Conclusion	343
References	344

Chapter 17. Neutropenia and Infection 347

Case Study	347
Overview	347
Definitions	347
Risk Factors	349
Pathophysiology	351
Assessment	351
Interventions	353
Patient Teaching Points	358
Need for Future Research	359
Conclusion of Case Study	359

Conclusion	359
References	359

Chapter 18. Osteoporosis and Bone

Health 363

Case Study	363
Overview	363
Epidemiology: Prevalence and Impact	364
Risk Factors	365
Pathophysiology	369
Screening	372
Assessment	372
Diagnosis	373
Case Study (Part 2)	375
Prevention and Treatment	376
Case Study (Part 3)	378
Pharmacologic Treatment	378
General Principles of Treatment	380
Patient Teaching Points	380
Conclusion of Case Study	381
Conclusion	382
References	382

Chapter 19. Cancer Pain 389

Case Study	389
Overview	389
Pathophysiology	390
Assessment	391
Evidence-Based Interventions	392
Principles of Cancer Pain Management	392
Pharmacologic Cancer Pain Management	394
Nonpharmacologic Cancer Pain Management	399
Expected Outcomes	399
Patient Teaching Points	399
Need for Future Research	400
Conclusion of Case Study	400
Conclusion	401
References	401

Chapter 20. Peripheral Neuropathy 405

Case Study	405
Overview	405
Definition	406
Incidence	407
Risk Factors	408
Pathophysiology	410
Characteristics of Peripheral Neuropathy	411
Assessment	411
Tests	412
Grading	414
Evidence-Based Interventions	416
Expected Outcomes	416
Patient Teaching Points	417
Need for Future Research	417
Conclusion of Case Study	418
Conclusion	419
References	419

Chapter 21. Altered Sexuality

Patterns	423
Case Study	423
Overview	423
Erectile Dysfunction	424
Dyspareunia	429
Altered Body Image	433
Changes in Libido	436
Infertility	440
Expected Outcomes for Altered Sexuality Patterns ..	447
Patient Teaching Points for Altered Sexuality Patterns	448
Need for Future Research for Altered Sexuality Patterns	449
Conclusion of Case Study	449
Conclusion	450
References	450

Chapter 22. Skin and Nail

Alterations	457
Case Study	457
Overview	457
Nail Bed Changes	459
Hyperpigmentation	461
Paronychia and Onycholysis	462
Palms and Soles	462
Incidence of Rash: Epidermal Growth Factor Receptor Tyrosine Kinase Inhibitors	463
Pathophysiology	464
Assessment	465
Interventions for Epidermal Growth Factor Receptor Tyrosine Kinase Inhibitor Rash	466
Patient Teaching Points	468
Need for Future Research	469
Conclusion of Case Study	469

Conclusion	469
References	470

Chapter 23. Sleep-Wake

Disturbances	473
Case Studies	473
Overview	474
Sleep Physiology	475
Sleep-Wake Disturbances in Patients With Cancer ..	478
Assessment of Sleep-Wake Disturbances	480
Evidence-Based Interventions	482
Expected Outcomes	489
Patient and Family Teaching Points	489
Need for Future Research	489
Conclusion of Case Studies	490
Conclusion	491
References	491

Chapter 24. Spiritual Care From the Oncology Nurse

Oncology Nurse	497
Case Study	497
Overview	497
Meaning of Spirituality	497
What Patients Have to Say About the Spirit	498
Prerequisites and Self-Care for Engagement in Spiritual Care	499
Assessment of Spiritual Needs	500
Application of FICA to Case Study	502
Interventions	502
Community-Based Spiritual Care	506
Interventions in the Case Study	506
Conclusion	506
References	507

Index	509
