## PART I Exercise Sciences

- 1 Structure and Function of the Muscular, Nervous, and Skeletal Systems 3**  
**Jared W. Coburn, PhD, and Moh H. Malek, PhD**  
The Muscular System 3 ▪ The Nervous System 10 ▪ The Skeletal System 13 ▪  
Conclusion 15 ▪ Learning Aids 16
- 2 Cardiorespiratory System and Gas Exchange 17**  
**Moh H. Malek, PhD**  
Cardiovascular Anatomy and Physiology 17 ▪ Respiratory System 23 ▪  
Conclusion 27 ▪ Learning Aids 27
- 3 Bioenergetics 29**  
**N. Travis Triplett, PhD**  
Essential Terminology 29 ▪ Energy Systems 30 ▪ Substrate Depletion and  
Repletion 38 ▪ Oxygen Uptake and the Aerobic and Anaerobic Contributions to  
Exercise 39 ▪ Practical Application of Energy Systems 39 ▪ Conclusion 40 ▪  
Learning Aids 40
- 4 Biomechanics 43**  
**William C. Whiting, PhD, and Sean P. Flanagan, PhD**  
Mechanical Foundations 44 ▪ Biomechanics of Human Movement 53 ▪  
Muscular Control of Movement 59 ▪ Biomechanics of Resistance Exercise 64 ▪  
Conclusion 68 ▪ Learning Aids 69
- 5 Resistance Training Adaptations 71**  
**Joseph P. Weir, PhD, and Lee E. Brown, EdD**  
Basic Adaptations to Resistance Training 71 ▪ Acute Adaptations 72 ▪ Chronic  
Adaptations 75 ▪ Factors That Influence Adaptations to Resistance Training 80 ▪  
Overtraining 81 ▪ Detraining 82 ▪ Conclusion 83 ▪ Learning Aids 83
- 6 Physiological Responses and Adaptations to Aerobic Endurance Training 89**  
**John P. McCarthy, PhD, and Jane L.P. Roy, PhD**  
Acute Responses to Aerobic Exercise 89 ▪ Chronic Adaptations to Aerobic  
Exercise 93 ▪ Factors That Influence Adaptations to Aerobic Endurance  
Training 101 ▪ Overtraining 101 ▪ Detraining 103 ▪  
Conclusion 103 ▪ Learning Aids 103

- 7 Nutrition in the Personal Training Setting 107**  
**Marie Spano, MS**  
 Role of the Personal Trainer Regarding Nutrition 107 ▪ Who Can Provide Nutrition Counseling and Education? 108 ▪ Dietary Assessment 108 ▪ Energy 111 ▪ Nutrients 112 ▪ Weight Gain 118 ▪ Weight Loss 118 ▪ Evaluating Weight Loss Diets 118 ▪ Dietary Supplements 119 ▪ The Art of Making Dietary Recommendations 120 ▪ Conclusion 120 ▪ Learning Aids 121

- 8 Exercise Psychology for the Personal Trainer 125**  
**Bradley D. Hatfield, PhD, and Phil Kaplan, MS**  
 Mental Health Aspects of Exercise 126 ▪ Goal Setting 131 ▪ Motivation 135 ▪ Methods to Motivate a Client 138 ▪ Conclusion 141 ▪ Learning Aids 141

## **PART II Initial Consultation and Evaluation**

- 9 Client Consultation and Health Appraisal 147**  
**Tammy K. Evetovich, PhD, and Kristi R. Hinnerichs, PhD**  
 Purpose of Consultation and Health Appraisal 147 ▪ Delivery Process 148 ▪ Client Consultation 148 ▪ Preparticipation Health Appraisal Screening 149 ▪ Evaluation of Coronary Risk Factors, Disease, and Lifestyle 151 ▪ Interpretation of Results 158 ▪ Referral Process 159 ▪ Medical Clearance 161 ▪ Conclusion 163 ▪ Learning Aids 163

- 10 Fitness Assessment Selection and Administration 179**  
**Sharon Rana, PhD, and Jason B. White, PhD**  
 Purposes of Assessment 180 ▪ Choosing Appropriate Assessments 180 ▪ Assessment Case Studies 187 ▪ Administration and Organization of Fitness Assessments 191 ▪ Interpretation and Review of Results 193 ▪ Reassessment 195 ▪ Conclusion 195 ▪ Learning Aids 196

- 11 Fitness Testing Protocols and Norms 201**  
**Eric D. Ryan, PhD, and Joel T. Cramer, PhD**  
 Vital Signs 203 ▪ Body Composition 208 ▪ Cardiovascular Endurance 215 ▪ Muscular Strength 225 ▪ Muscular Endurance 227 ▪ Flexibility 229 ▪ Conclusion 232 ▪ Learning Aids 232

## **PART III Exercise Technique**

- 12 Flexibility, Body Weight, and Stability Ball Exercises 251**  
**Allen Hedrick, MA**  
 Defining Flexibility 251 ▪ Flexibility Training as Part of the Total Exercise Program 252 ▪ Benefits of Flexibility Training 252 ▪ Factors Affecting Flexibility 252 ▪ Elasticity and Plasticity 254 ▪ Types of Flexibility Training 254 ▪ Recommended Flexibility Routine and Guidelines 258 ▪ Warm-Up 259 ▪ Body Weight and Stability Ball Exercises 260 ▪ Conclusion 264 ▪ Learning Aids 284

## **13 Resistance Training Exercise Techniques 287**

**John F. Graham, MS**

Fundamental Exercise Technique Guidelines 287 ▪ Spotting Resistance Training Exercises 290 ▪ Conclusion 292 ▪ Resistance Training Exercises 293 ▪ Learning Aids 328

## **14 Cardiovascular Training Methods 329**

**Travis W. Beck, PhD**

Safe Participation 329 ▪ Training on Cardiovascular Machines 332 ▪ Nonmachine Cardiovascular Exercise Techniques 338 ▪ Conclusion 343 ▪ Learning Aids 343

## **PART IV Program Design**

## **15 Resistance Training Program Design 347**

**G. Gregory Haff, PhD, and Erin E. Haff, MA**

General Training Principles 348 ▪ Initial Fitness Consultation and Evaluation 349 ▪ Determination of Training Frequency 352 ▪ Exercise Selection 353 ▪ Exercise Order 355 ▪ Training Load: Resistance and Repetitions 357 ▪ Training Volume: Repetitions and Sets 367 ▪ Rest Intervals 368 ▪ Variation 369 ▪ Sequencing Training 372 ▪ Progression 373 ▪ Sample Programs for Targeted Training Outcomes 374 ▪ Conclusion 376 ▪ Learning Aids 384

## **16 Aerobic Endurance Training Program Design 389**

**Patrick Hagerman, EdD**

Specificity of Aerobic Endurance Training 390 ▪ Components of an Aerobic Endurance Training Program 390 ▪ Types of Aerobic Training Programs 400 ▪ Conclusion 405 ▪ Learning Aids 406

## **17 Plyometric and Speed Training 411**

**Vanessa van den Heuvel Yang, MS, Kevin Messey, MS,  
Stacy Peterson, MA, and Robert Mamula**

Plyometric Mechanics and Physiology 412 ▪ When to Use Plyometric Exercise 414 ▪ Safety Considerations 415 ▪ Plyometric Program Design 421 ▪ Speed Training Mechanics and Physiology 428 ▪ Speed Training Safety Considerations 432 ▪ Combining Plyometrics and Speed Training With Other Forms of Exercise 433 ▪ Conclusion 434 ▪ Plyometric and Speed Drills 435 ▪ Learning Aids 459

## **PART V Clients With Unique Needs**

## **18 Clients Who Are Preadolescent, Older, or Pregnant 465**

**Wayne L. Westcott, PhD, and Avery D. Faigenbaum, EdD**

Preadolescent Youth 465 ▪ Older Adults 470 ▪ Pregnant Women 476 ▪ Conclusion 481 ▪ Learning Aids 481

- 19 Clients With Nutritional and Metabolic Concerns 489**  
**Douglas B. Smith, PhD, and Ryan Fiddler, MS**  
 Overweight and Obesity 490 ▪ Eating Disorders 505 ▪ Hyperlipidemia 509 ▪  
 Metabolic Syndrome 512 ▪ Diabetes Mellitus 513 ▪ Conclusion 517 ▪  
 Learning Aids 517
- 20 Clients With Cardiovascular and Respiratory Conditions 521**  
**Moh H. Malek, PhD**  
 Health Screening and Risk Stratification 522 ▪ Hypertension 522 ▪ Myocardial  
 Infarction, Stroke, and Peripheral Vascular Disease 525 ▪ Chronic Obstructive  
 Pulmonary Disease 530 ▪ Asthma 530 ▪ Conclusion 531 ▪ Learning Aids 532
- 21 Clients With Orthopedic, Injury, and Rehabilitation Concerns 535**  
**Kyle T. Ebersole, PhD, LAT, and David T. Beine, MS, LAT**  
 Injury Classification 536 ▪ Impact of Injury on Function 536 ▪ Tissue Healing  
 Following Injury 537 ▪ Orthopedic Concerns and the Personal Trainer 539 ▪  
 Low Back 540 ▪ Shoulder 544 ▪ Ankle 550 ▪ Knee 551 ▪ Hip 556 ▪  
 Arthritis 558 ▪ Conclusion 560 ▪ Learning Aids 561
- 22 Clients With Spinal Cord Injury, Multiple Sclerosis, Epilepsy, and Cerebral Palsy 565**  
**Paul Sorace, MS, Peter Ronai, MS, and Tom LaFontaine, PhD**  
 Spinal Cord Injury 566 ▪ Multiple Sclerosis 571 ▪ Epilepsy 576 ▪  
 Cerebral Palsy 579 ▪ Conclusion 583 ▪ Learning Aids 583
- 23 Resistance Training for Clients Who Are Athletes 589**  
**David R. Pearson, PhD, and John F. Graham, MS**  
 Factors in Program Design 589 ▪ Periodization of Resistance Training 590 ▪  
 Linear and Nonlinear Models of Periodized Resistance Training 591 ▪  
 Conclusion 595 ▪ Learning Aids 598

## **PART VI Safety and Legal Issues**

- 24 Facility and Equipment Layout and Maintenance 603**  
**Shinya Takahashi, PhD**  
 Facility Design and Planning 603 ▪ Facility Specification Guidelines 605 ▪  
 Selecting Exercise Equipment 607 ▪ Floor Plan and Equipment Organization 609 ▪  
 Special Considerations for a Home Facility 613 ▪ Facility and Equipment  
 Maintenance 614 ▪ Conclusion 617 ▪ Learning Aids 618
- 25 Legal Aspects of Personal Training 623**  
**David L. Herbert, JD**  
 Claims and Litigation 624 ▪ Fitness Industry Response to Claims and  
 Litigation 624 ▪ Claims in Health and Fitness Activities 626 ▪ Records and  
 Documentation 632 ▪ Ethical Codes 633 ▪ Conclusion 633 ▪ Learning  
 Aids 633

Answers to Study Questions 643 ▪  
 Suggested Solutions for Applied Knowledge Questions 645 ▪  
 Glossary 657 ▪ Index 667 ▪ About the Editors 679
