Welding

David J. Hoffman, Kevin R. Dahle, David J. Fisher

Contents

PART 1 Introductory Materials 1

Chapter 1 **Welding Jobs and Employment Skills 2**

Introduction 3

Chapter 2 **Safety in Welding 16**

Safety Overview 17
The Hazardous Materials Identification System 17
Personal Protective Equipment (PPE) 19
Electrical Considerations 24
Secondary Welding Output 26
Gases and Fumes 27
Ventilation 28
Fire Prevention 29
Explosion 31
Compressed Cylinders 31

PART 2 Commonly Used Welding Processes 37

Chapter 3 **Shielded Metal Arc Welding 38**

Introduction 39
SMAW Safety 40
Power Source and Peripherals 40
Controls and Characteristics 46
SMAW Setup 47
Technique 56
Electrodes 66

Chapter 4 **Gas Metal Arc Welding 74**

Introduction 75
Safety 40
Power Source and Peripherals 76
Controls and Characteristics 79
GMAW Setup 87
Technique 94
Modes of Metal Transfer 99
Electrodes 107
Shielding Gases 121

Chapter 5 **Flux Cored Arc Welding 133**

Introduction 134
Safety 134
Power Source and Peripherals 135
Controls and Characteristics 137
FCAW Setup 140
Technique 148
Electrodes 152
Shielding Gases 161

Chapter 6 **Gas Tungsten Arc Welding 165**

Introduction 166
Safety 167
Power Source and Peripherals 167
Controls and Characteristics 183
Optional Controls and Characteristics 192
GTAW Setup 197
Technique 201
Filler Metal 203
Shielding Gases 208
Electrodes 209

PART 3 Other Welding and Related Processes 213

Chapter 7 **Other Welding Processes 214**

Introduction 215
Oxygen-Fuel Welding 215
Step-By-Step Torch Shutdown 224
Plasma Arc Welding 229
Resistance Welding 235
RSW Setup 237
Stud Welding 245
Submerged Arc Welding 250
Electroslag Welding 257
Solid State Welding Processes 259

Chapter 8 **Cutting Processes 266**

Introduction 267
Cutting Terminology 267
Oxygen-Fuel Welding 272
Lighting Torch Setup 279
Step-By-Step Torch Shutdown 282
Air Carbon Arc Cutting (CAC-A) 284
Plasma Arc Cutting 289
PAC Setup 298

Laser Beam Cutting 300
Abrasive Water Jet Cutting 304

PART 4 Metals and Alloys 311

Chapter 9 Metals and Welding Metallurgy 312

Welding Metallurgy 313
Physical and Mechanical Properties of Metals 313
Classification and Selection of Ferrous Metals 322
Classification and Selection of Nonferrous Metals 328
Metal Identification Methods 331
Crystalline Structure of Metals 336
Iron-Carbon Phase Diagram 340
Heat-Treating Processes 345

Chapter 10 Welding Alloys 361

Welding Carbon and Low-Alloy Steels 362
Welding Stainless Steels 378
Welding Tool Steels 383
Welding Cast Irons 384
Welding Aluminum Alloys 388
Welding Magnesium Alloys 394
Welding Nickel Alloys 396
Welding Titanium Alloys 400

PART 5 Welding Related Concentrations 403

Chapter 11 Welding Symbols 404

Introduction 405
Welding Symbols 406
Weld Symbols 407
Fillet Weld Symbol 410
Seam Weld Symbol 414
Spot Weld Symbol 515
Projection Weld Symbol 416
Stud Weld Symbol 417
Plug Weld Symbol 417
Slot Weld Symbol 418
Groove Weld Symbols 419
Edge Weld Symbol 424
Surface Weld Symbol 425
Nondestructive Weld Symbols 425

Chapter 12 Welding Codes and Testing 428

Introduction 429
The Welding Inspector—General 430

Codes, Standards, and Specifications 432
Qualifications 435
Welding Procedures 438
Essential and Nonessential Variables 443
Weld Testing 447
NonDestructive Testing 462
Radiographic Testing 464
Ultrasonic Testing 466
Magnetic Particle Testing 469
Dye Penetrant Testing 473

Chapter 13 **Welding Design 480**

Introduction 481
Welding Procedure Considerations 481
Transverse and Longitudinal Shrinkage 484
Weld Joint Design 489
Aluminum Joint Design Considerations 495
Strength of Welds 499

Chapter 14 **Welding Costs 505**

Introduction 506
Joint Design 506
Filler Metal Weights and Process Efficiencies 507
Welding Cost Calculations 512

Chapter 15 **Power Sources 524**

Introduction 525
Electron Theory 525
Electrical Current 526
Direct Current (DC) 530
Alternating Current (AC) 532
Power Sources 533
Power Source Ratings 542

PART 6 Supplementary Information 552

Appendix A **Troubleshooting 553**
Appendix B **Conversion 567**
Appendix C **Properties 575**
Appendix D **Pipes and Beams 578**
Appendix E **Load Strength 584**
Appendix F **Periodic Table 593**

Glossary 594
Index 619
