Chapter 1	Arseniasis in the World: From Endemic to Pandemic <i>Chien-Jen Chen</i>	1
Chapter 2	Mortality Trends in Blackfoot-Disease-Endemic Areas of Taiwan <i>Chun-Yuh Yang</i>	21
Chapter 3	Skin Lesions: Hyperpigmentation, Hyperkeratosis and Cancer <i>Chien-Jen Chen</i>	33
Chapter 4	Arsenics and Urothelial Carcinoma <i>Chung-Hsin Chen and Yeong-Shiau Pu</i>	51
Chapter 5	Arsenic Exposure and Lung Cancer <i>Chi-Ling Chen</i>	65
Chapter 6	Blackfoot Disease and Microcirculation Abnormality <i>Chin-Hsiao Tseng, Choon-Khim Chong, Yu-Mei Hsueh, Hung-Yi Chiou, Shu-Li Wang and Chien-Jen Chen</i>	95
Chapter 7	Arsenic-induced Carotid Atherosclerosis, Ventricular Repolarization Abnormalities, and Ischemic Heart Disease <i>Chih-Hao Wang</i>	109

Chapter 8	Arsenic Exposure and Cerebrovascular Disease <i>Hung-Yi Chiou and Yi-Chen Hsieh</i>	123
Chapter 9	Arsenic and Type 2 Diabetes and Hypertension in Human Populations <i>Shu-Li Wang, Chin-Chiao Tseng and Chien-Jen Chen</i>	135
Chapter 10	Association between Ingested Arsenic and Cataracts <i>Lai-Chu See, Jiahn-Shing Lee, Yu-Mei Hsueh, Ming-Chang Tu and Chien-Jen Chen</i>	161
Chapter 11	Neurological Disorders from Arseniasis <i>Hung-Pin Tseng</i>	179
Chapter 12	Arsenic Methylation Capability and Human Health <i>Yu Mei Hsueh, Yung-Kai Huang and Chi-Jung Chung</i>	193
Chapter 13	Genetic Susceptibility to Arsenic-induced Health Hazards <i>Ling-I Hsu</i>	213
	<i>Index</i>	245
