## CHAPTER 1

### **Evidence-Based Nursing: Using Research in Practice** 1

Introduction 2

Role of Research in the Evolution of  
Nursing as a Profession 3

History of Nursing Research 4

Questions for Patient Care 5

Where to Find Evidence for Practice 5

Developing Clinical Questions for Real  
World Practice 7

Published Abstract: What Would You  
Conclude? 16

Systematic Reviews in Evidence-Based  
Nursing 17

Summary 19

## CHAPTER 2

### **The Research Process: Components and Language of Research Reports** 22

Introduction 23

The Language of Research 24

Components of Published Research  
Reports 25

The Research Process and the Nursing  
Process 34

Research Reports and the Research  
Process 41

Summary of the Research Process  
Contrasted to the Research Report 44

Published Report—What Did You  
Conclude? 45

Summary 46

## CHAPTER 3

### **Discussions and Conclusions** 50

The End of a Research Report—Discussions  
and Conclusions 51

Discussions 52

Conclusions 57

Common Errors in Research Reports 60

Critically Reading Discussion and  
Conclusion Sections of Reports 61

Published Reports—What Would You  
Conclude? 62

## CHAPTER 4

### **Descriptive Results** 65

Differentiating Description From  
Inference 66

Understanding the Language of Results  
Sections 68

Connecting Results That Describe to  
Conclusions 79

Common Errors in the Reports of  
Descriptive Results 80

Critically Reading Results Sections of  
Research Reports for Use in Evidence-  
Based Nursing Practice 81

Published Report—What Would You  
Conclude? 82

## CHAPTER 5

### **Inferential Results** 84

The Purpose of Inferential Statistics 85

Probability and Significance 86

Parametric and Nonparametric Statistics 89

Bivariate and Multivariate Tests 90

Hypothesis Testing 97

In-Class Study Data 98

Connecting Inferential Statistical Results to  
Conclusions 98

Common Errors in Results Sections 100

Critically Reading the Results Section of  
a Report for Use in Evidence-Based  
Nursing Practice—Revisited 101  
Published Report—What Would You  
Conclude? 101

## **CHAPTER 6**

### **Samples 104**

Samples Versus Populations 106  
*Sampling in Qualitative Research* 109  
Sampling In Quantitative Research 111  
Differences in Qualitative and Quantitative  
Sampling 119  
Problems With the Sampling Process 120  
Problems With Sampling Outcomes 121  
Common Errors in Reports of Samples 124  
Connecting Sampling to the Study Results  
and Conclusions 124  
Critically Reading the Sample Section of  
Research Reports for Use in Evidence-  
Based Nursing Practice 125  
Published Reports—Would You Change  
Your Practice? 127

## **CHAPTER 7**

### **Ethics: What Can Go Wrong? 130**

Which Nursing Actions Are Research  
and Require Special Ethical  
Consideration? 131  
*Informed Consent* 132  
When Research Is Exempt 140  
Critically Reading Reports of Sampling  
and Recognizing Common Errors 141  
Published Reports—What Do They Say  
About Consent and the Sampling  
Process? 141

## **CHAPTER 8**

### **Data Collection Methods 145**

Revisiting Study Variables 146  
Methods for Constructing the Meaning  
of Variables in Qualitative Research 150

Errors in Data Collection in Qualitative  
Research 153  
Methods to Measure Variables in  
Quantitative Research 155  
Errors in Data Collection in Quantitative  
Research 161  
Common Errors in Written Reports  
of Data Collection Methods 167  
Critically Reading Methods Sections  
of Research Reports 168  
Connecting Data Collection Methods  
to Sampling, Results, and  
Discussion/Conclusion 170  
Published Reports—Would You  
Use These Studies in Clinical  
Practice? 170

## **CHAPTER 9**

### **Research Designs: Planning the Study 173**

Research Designs: Why Are They  
Important? 174  
Qualitative Research Designs 182  
Quantitative Research Designs 186  
How Can One Get the Wrong Design for  
the Right Question? 192  
Common Errors in Published Reports of  
Research Designs 195  
Published Reports—Did Design Affect  
Your Conclusion? 196  
Critically Reading the Description of the  
Study Design in a Research Report  
for Use in Evidence-Based Nursing  
Practice 196

## **CHAPTER 10**

### **Background and the Research Problem 200**

Sources of Problems for Research 201  
Background Section of Research  
Reports 203  
Literature Review Sections of Research  
Reports 206

|  |     |
|--|-----|
| Linking the Literature Review to the Study Design  | 212 |
| Published Reports—Has the Case Been Made for the Research Study?   | 213 |
| Common Errors in Reports of the Background and Literature Review   | 213 |
| Critically Reading Background and Literature Review Sections of a Research Report for Use in Evidence-Based Practice | 214 |

## CHAPTER 11

### The Research Process 218

|  |     |
|--|-----|
| The Research Process                               | 219 |
| Research Process Contrasted to the Research Report | 229 |
| Factors That Affect the Research Process           | 231 |
| Generating Knowledge Through Research Can Be Fun!  | 232 |
| Published Reports—What Do You Conclude Now?        | 234 |
| Conclusion   | 235 |

### APPENDIX A Research Articles 236

|  |     |
|--|-----|
| <i>Appendix A-1</i> Sleep, Hunger, Satiety, Food Cravings, and Caloric Intake in Adolescents                                     | 237 |
| <i>Appendix A-2</i> The Relationships Among Self-Esteem, Stress, Coping, Eating Behavior, and Depressive Mood in Adolescents     | 251 |
| <i>Appendix A-3</i> Effects of a Supervised Exercise Intervention on Recovery From Treatment Regimens in Breast Cancer Survivors | 270 |
| <i>Appendix A-4</i> Predictors of Life Satisfaction in Stroke Survivors and  |     |

|   |     |
|---|-----|
| Spousal Caregivers After Inpatient Rehabilitation   | 282 |
| <i>Appendix A-5</i> The Use of Narratives to Identify Characteristics Leading to a Productive Life Following Acquired Brain Injury  | 296 |
| <i>Appendix A-6</i> Transition to Home Care: Quality of Mental Health, Pharmacy, and Medical History Information  | 320 |
| <i>Appendix A-7</i> Psychological Consequences Associated With Intensive Care Treatment   | 330 |
| <i>Appendix A-8</i> Mixed Methods in Intervention Research: Theory to Adaptation  | 340 |
| <i>Appendix A-9</i> Aggression Towards Health Care Workers in Spain: A Multi-facility Study to Evaluate the Distribution of Growing Violence Among Professionals, Health Facilities and Departments | 359 |

### APPENDIX B Demographic Characteristics as Predictors of Nursing Students' Choice of Type of Clinical Practice 371

### APPENDIX C Sample In-Class Data Collection Tool 377

### APPENDIX D In-Class Study Data for Practice Exercise in Chapter 5 380

### APPENDIX E Pacifiers: An Update on Use and Misuse 381

### GLOSSARY 390

### INDEX 400
