*Preface*

*vii*

<b>1. Benzene</b>	<b>1</b>
History • Substituted Benzene Derivatives • Toluene Hydrodealkylation • Environmental Transformation • Exposure to Benzene • Benzene Exposure Limits • Exposure Monitoring • Biological Oxidation and Carcinogenic Activity • Benzene in Soft Drinks • Environmental Exposure to Benzene • Fluid Catalytic Cracking • Regenerator Flue Gas • Cracking (chemistry) • Thermal Cracking • Naphthalene • Gaseous Naphthalene • Camphor • Eucalyptol • Menthol • Lavender • Nomenclature and Taxonomy • Growing Lavenders • Health Precautions • Oil Refinery • Ethanol Fuel • Engine Cold Start during the Winter • Hydrous Ethanol Corrosion • Using Ethanol for Electricity	
<b>2. Industrial Wastewater Treatment</b>	<b>94</b>
Agricultural Waste • Complex Organic Chemicals Industry • Treatment of Industrial Wastewater • Removal of Biodegradable Organics • Treatment of Acids and Alkalis • Rotating Biological Contactor • Activated Sludge • Surface-aerated Basins/Lagoons • Aeration Methods • Aerobic Granulation • Treatment of Industrial Wastewater	
<b>3. Agricultural Wastewater Treatment</b>	<b>120</b>
Nonpoint Source Pollution • Point Source Pollution • Milking Parlour (dairy farming) Wastes • Slaughtering Waste • Vegetable Washing Water • Firewater • Sewage Treatment • Surface-aerated Basins (Lagoons) • Biological Aerated Filters • Treatment in the Receiving Environment • Sewage Treatment in Developing Countries • Petroleum Naphtha • Removal of Sulfur Compounds from Naphthas • Nitrogen Removal from Onsite-Generated Wastewater • Water Supply and Wastewater Treatment Project • Langno and Trosa Conventional Wastewater	

Treatment Plants • Bioaerosol Dispersion from Wastewater Treatment • Lubricant • Carry Away Contaminants and Debris • Biolubricants made from Vegetable Oils and other Renewable Sources • Other Relevant Phenomena • Original Equipment Manufacturer (OEM) Approval • Disposal and Environmental Issues

**4. Heating Oil** **180**

Heating Oil Trade • Diesel Engine • Early Fuel Injection Systems • Mechanical and Electronic Injection • Cold Weather • Advantages and Disadvantages versus Spark-ignition Engines • Quality and Variety of Fuels • Beeching Axe

**5. International Society of Automation** **233**

Analog Devices • Market Segments • Communities • Cambridge Scientific Instrument Company • Safety Instrumented System • Compact RIO • Distributed Control System • Building Automation
