*Introduction*

*xv*

<b>CHAPTER 1</b>	<b>Navigating the AutoCAD Civil 3D User Interface</b>	<b>1</b>
	Getting to Know the Civil 3D User Interface . . . . .	2
	Using the Application Menu . . . . .	3
	Using the Ribbon . . . . .	5
	Using the Toolspace . . . . .	7
	Prospector Tab . . . . .	7
	Settings Tab . . . . .	9
	Survey Tab . . . . .	9
	Toolbox Tab . . . . .	10
	Using the Drawing Area . . . . .	10
	Using the Command Line . . . . .	10
	Using Panorama . . . . .	11
	Using the Transparent Commands Toolbar . . . . .	12
	Using the Inquiry Tool . . . . .	13
	The Essentials and Beyond . . . . .	14
<b>CHAPTER 2</b>	<b>Leveraging a Dynamic Environment</b>	<b>17</b>
	Connecting Objects and Styles . . . . .	18
	Connecting Labels and Label Styles . . . . .	22
	Connecting Objects to Objects . . . . .	26
	Connecting Objects to Labels . . . . .	28
	The Richness of the 3D Model . . . . .	29
	Sharing Data in a Dynamic Environment . . . . .	32
	The Essentials and Beyond . . . . .	35
<b>CHAPTER 3</b>	<b>Establishing Existing Conditions Using Survey Data</b>	<b>37</b>
	What Is Survey Data? . . . . .	38
	Creating a Survey Database . . . . .	39
	Importing Survey Data . . . . .	41
	Automating Field-to-Finish . . . . .	44
	Linework Code Set . . . . .	45
	Point Styles . . . . .	46
	Point Label Styles . . . . .	46
	Description Keys . . . . .	46
	Figure Prefix Database . . . . .	48
	Point Groups . . . . .	50
	Editing Survey Points . . . . .	52
	Editing Survey Figures . . . . .	56
	Creating Additional Points . . . . .	57
	The Essentials and Beyond . . . . .	59

<b>CHAPTER 4</b>	<b>Modeling the Existing Terrain Using Surfaces</b>	<b>61</b>
	Understanding Surfaces . . . . .	61
	Creating a Surface from Survey Data . . . . .	63
	Using Breaklines to Improve Surface Accuracy . . . . .	65
	Editing Surfaces . . . . .	71
	Adding Boundaries . . . . .	71
	Deleting Lines . . . . .	73
	Editing Points . . . . .	74
	Displaying and Analyzing Surfaces . . . . .	76
	Analyzing Elevation . . . . .	76
	Analyzing Slope . . . . .	77
	Performing Other Types of Analysis . . . . .	79
	Exploring Even More Analysis Tools . . . . .	79
	Annotating Surfaces . . . . .	80
	Adding Spot Elevation Labels . . . . .	80
	Adding Slope Labels . . . . .	81
	Adding Contour Labels . . . . .	82
	The Essentials and Beyond . . . . .	83
<b>CHAPTER 5</b>	<b>Designing in 2D Using Alignments</b>	<b>85</b>
	Understanding Alignments . . . . .	86
	Creating Alignments from Objects . . . . .	86
	Creating Alignments Using the Alignment Creation Tools . . . . .	89
	Editing Alignments . . . . .	91
	Editing Alignments with Grips . . . . .	92
	Editing Alignments Using the Alignment Layout Tools . . . . .	95
	Editing Alignments Numerically . . . . .	97
	Applying Design Criteria Files and Check Sets . . . . .	99
	Applying Design Check Sets . . . . .	100
	Applying Design Criteria Files . . . . .	102
	The Essentials and Beyond . . . . .	103
<b>CHAPTER 6</b>	<b>Displaying and Annotating Alignments</b>	<b>105</b>
	Using Alignment Styles . . . . .	105
	Applying Alignment Labels and Label Sets . . . . .	107
	Applying Labels to Alignments . . . . .	108
	Using Alignment Label Sets . . . . .	109
	Editing Alignment Labels . . . . .	111
	Creating Station/Offset Labels . . . . .	113
	Creating Segment Labels . . . . .	114
	Using Tag Labels and Tables . . . . .	117
	Creating Tag Labels . . . . .	117
	Renumbering Tag Labels . . . . .	117
	Creating Tables . . . . .	118
	The Essentials and Beyond . . . . .	120

<b>CHAPTER 7</b>	<b>Designing Vertically Using Profiles</b>	<b>121</b>
	Creating Surface Profiles . . . . .	121
	Displaying Profiles in Profile Views . . . . .	123
	Creating Design Profiles . . . . .	124
	Editing Profiles . . . . .	125
	Editing Profiles with Grips . . . . .	126
	Editing Profiles Using the Profile Layout Tools . . . . .	128
	Editing Profiles Numerically . . . . .	130
	Using Design Check Sets and Criteria Files . . . . .	131
	Using Design Check Sets . . . . .	132
	Using Design Criteria Files . . . . .	133
	The Essentials and Beyond . . . . .	135
<b>CHAPTER 8</b>	<b>Displaying and Annotating Profiles</b>	<b>137</b>
	Applying Profile Styles . . . . .	138
	Applying Profile View Styles . . . . .	140
	Applying Profile View Bands . . . . .	142
	Applying Profile Labels . . . . .	144
	Creating and Applying Profile Label Sets . . . . .	146
	Creating Profile View Labels . . . . .	147
	Projecting Objects to Profile Views . . . . .	150
	Projecting Linear Objects . . . . .	150
	Projecting Blocks and Points . . . . .	152
	The Essentials and Beyond . . . . .	153
<b>CHAPTER 9</b>	<b>Designing in 3D Using Corridors</b>	<b>155</b>
	Understanding Corridors . . . . .	156
	Understanding the 3D Chain . . . . .	156
	Understanding the Assembly . . . . .	156
	Understanding Assembly Insertions . . . . .	157
	Understanding Corridor Feature Lines . . . . .	158
	Understanding the Corridor Surface . . . . .	158
	Creating an Assembly . . . . .	159
	Creating a Corridor . . . . .	162
	Applying Corridor Targets . . . . .	163
	Understanding Surface Targets . . . . .	163
	Understanding Width or Offset Targets . . . . .	163
	Understanding Slope or Elevation Targets . . . . .	165
	Applying Subassemblies That Can Use Targets . . . . .	165
	Assigning Targets . . . . .	168
	Creating Corridor Surfaces . . . . .	170
	The Essentials and Beyond . . . . .	175
<b>CHAPTER 10</b>	<b>Creating Cross Sections of the Design</b>	<b>177</b>
	Using the Section Editor . . . . .	177
	Creating Sample Lines . . . . .	181

Creating Section Views . . . . .	184
Creating Single-Section Views . . . . .	184
Creating Multiple-Section Views . . . . .	186
Sampling More Sources . . . . .	187
The Essentials and Beyond . . . . .	191

---

**CHAPTER 11      Displaying and Annotating Sections      193**

Applying Section Styles . . . . .	194
Applying Section Labels . . . . .	196
Controlling Section Display with Code Set Styles . . . . .	198
Applying Labels with Code Set Styles . . . . .	200
Applying Section View Styles . . . . .	202
Applying Section View Bands . . . . .	204
Applying Group Plot Styles . . . . .	207
Creating Section View Labels . . . . .	209
The Essentials and Beyond . . . . .	212

---

**CHAPTER 12      Designing and Analyzing Boundaries Using Parcels      213**

Understanding Parcels . . . . .	214
Understanding Parcel Objects . . . . .	214
Understanding Sites . . . . .	214
Creating Parcels from Objects . . . . .	216
Creating Parcels by Layout . . . . .	219
Using the Lot Line Tools . . . . .	220
Using the Parcel Sizing Tools . . . . .	222
Using Parcel Sizing and Layout Parameters . . . . .	226
Editing Parcels . . . . .	230
Editing Parcels Using Grips . . . . .	230
Editing Parcels Using the Edit Geometry Commands . . . . .	231
Editing Parcels Using the Parcel Layout Tools . . . . .	234
The Essentials and Beyond . . . . .	235

---

**CHAPTER 13      Displaying and Annotating Parcels      237**

Applying Parcel Styles . . . . .	238
Using Parcel Styles to Control Appearance . . . . .	238
Applying Parcel Style Display Order . . . . .	240
Applying Parcel Area Labels . . . . .	242
Creating Parcel Segment Labels . . . . .	244
Editing Parcel Segment Labels . . . . .	247
Applying Segment Label Styles . . . . .	247
Editing Parcel Segment Labels Graphically . . . . .	248
Creating Parcel Tables . . . . .	250
Creating Area Tables . . . . .	250
Creating Parcel Segment Tables . . . . .	252
The Essentials and Beyond . . . . .	254

<b>CHAPTER 14</b>	<b>Designing Gravity Pipe Networks</b>	<b>255</b>
	Understanding Gravity Pipe Networks . . . . .	255
	Understanding Structures . . . . .	256
	Understanding Pipes . . . . .	256
	Exploring the Pipe Network . . . . .	257
	Creating Gravity Pipe Networks . . . . .	258
	Creating a Pipe Network from Objects . . . . .	259
	Creating a Pipe Network by Layout . . . . .	261
	Drawing a Pipe Network in a Profile View . . . . .	265
	Editing Gravity Pipe Networks . . . . .	265
	Editing Pipe Networks Using Grips . . . . .	266
	Editing Pipe Networks Using Editing Tools . . . . .	270
	Editing Pipe Networks Using Properties . . . . .	273
	Editing Pipe Networks Using the Pipe Network Vistas . . . . .	275
	The Essentials and Beyond . . . . .	277
<b>CHAPTER 15</b>	<b>Designing Pressure Pipe Networks</b>	<b>279</b>
	Understanding Pressure Pipe Networks . . . . .	279
	Understanding Fittings, Angles, and Appurtenances . . . . .	280
	Understanding Pressure Pipes . . . . .	281
	Exploring the Pressure Network . . . . .	281
	Creating Pressure Pipe Networks . . . . .	282
	Creating a Pressure Network from Objects . . . . .	282
	Creating a Pressure Network by Layout . . . . .	284
	Editing Pressure Pipe Networks . . . . .	287
	Editing Pressure Networks Using Grips . . . . .	287
	Checking Design and Depth . . . . .	291
	Editing Pressure Networks Using the Plan Layout Tools . . . . .	292
	Editing Pressure Networks Using the Profile Layout Tools . . . . .	294
	The Essentials and Beyond . . . . .	297
<b>CHAPTER 16</b>	<b>Displaying and Annotating Pipe Networks</b>	<b>299</b>
	Displaying Pipe Networks Using Styles . . . . .	300
	Applying Structure, Fitting, and Appurtenance Styles . . . . .	300
	Applying Pipe Styles . . . . .	304
	Annotating Pipe Networks in Plan View . . . . .	307
	Renaming Pipes and Structures . . . . .	308
	Creating Labels in Plan View . . . . .	309
	Editing Labels in Plan View . . . . .	310
	Annotating Pipe Networks in Profile View . . . . .	312
	Creating Labels in Profile View . . . . .	312
	Editing Labels in Profile View . . . . .	314
	Creating Pipe Network Tables . . . . .	316
	The Essentials and Beyond . . . . .	318

<b>CHAPTER 17</b>	<b>Designing New Terrain</b>	<b>319</b>
	Understanding Grading . . . . .	319
	Understanding Feature Lines . . . . .	320
	Understanding Sites . . . . .	321
	Understanding Feature Line Geometry . . . . .	321
	Creating Feature Lines . . . . .	322
	Editing Feature Lines . . . . .	324
	Using Edit Geometry Commands . . . . .	325
	Using Edit Elevation Commands . . . . .	327
	Understanding Grading Objects . . . . .	331
	Understanding Grading Criteria . . . . .	332
	Understanding Grading Groups . . . . .	333
	Understanding Grading Objects and Sites . . . . .	333
	Creating Grading Objects . . . . .	333
	Editing Grading Objects . . . . .	336
	The Essentials and Beyond . . . . .	338
<b>CHAPTER 18</b>	<b>Analyzing, Displaying, and Annotating Surfaces</b>	<b>339</b>
	Combining Design Surfaces . . . . .	339
	Analyzing Design Surfaces . . . . .	347
	Using Surface Analysis . . . . .	347
	Using Hydrology Tools . . . . .	350
	Using a Quick Profile . . . . .	351
	Calculating Earthwork Volumes . . . . .	353
	Understanding Earthwork Volumes . . . . .	354
	Using the Volumes Dashboard . . . . .	354
	Labeling Design Surfaces . . . . .	357
	The Essentials and Beyond . . . . .	360
<b>CHAPTER 19</b>	<b>From Design to Construction</b>	<b>361</b>
	Calculating Quantities . . . . .	361
	Calculating Quantities Using QTO Manager . . . . .	361
	Calculating Quantities Using Sectional Volumes . . . . .	366
	Creating Individual Sheets . . . . .	369
	Creating Multiple Sheets Using Plan Production . . . . .	373
	Creating View Frames . . . . .	373
	Creating Sheets . . . . .	375
	The Essentials and Beyond . . . . .	379
<b>APPENDIX</b>	<b>AutoCAD Civil 3D 2014 Certification</b>	<b>381</b>
