*Introduction*

*xxi*

|                  |                                                    |            |
|------------------|----------------------------------------------------|------------|
| <b>CHAPTER 1</b> | <b>The Autodesk Revit World</b>                    | <b>1</b>   |
|                  | The Revit Interface . . . . .                      | 2          |
|                  | The Project Browser . . . . .                      | 30         |
|                  | File Types and Families. . . . .                   | 35         |
|                  | Are You Experienced? . . . . .                     | 43         |
| <b>CHAPTER 2</b> | <b>Creating a Model</b>                            | <b>45</b>  |
|                  | Placing Walls . . . . .                            | 46         |
|                  | Using Reference Planes. . . . .                    | 47         |
|                  | Adding Interior Walls . . . . .                    | 59         |
|                  | Editing Wall Joins . . . . .                       | 79         |
|                  | Placing Doors and Windows . . . . .                | 90         |
|                  | Are You Experienced? . . . . .                     | 106        |
| <b>CHAPTER 3</b> | <b>Creating Views</b>                              | <b>107</b> |
|                  | Creating Levels . . . . .                          | 107        |
|                  | Creating and Modifying Building Sections . . . . . | 125        |
|                  | Adding Wall Sections . . . . .                     | 139        |
|                  | Creating Detail Sections. . . . .                  | 141        |
|                  | Creating Callouts . . . . .                        | 146        |
|                  | Creating and Modifying a Camera View. . . . .      | 152        |
|                  | Creating an Elevation . . . . .                    | 156        |
|                  | Are You Experienced? . . . . .                     | 167        |
| <b>CHAPTER 4</b> | <b>Working with the Autodesk Revit Tools</b>       | <b>169</b> |
|                  | The Basic Edit Commands . . . . .                  | 170        |
|                  | The Array Command . . . . .                        | 180        |
|                  | The Mirror Command. . . . .                        | 190        |
|                  | The Align Tool . . . . .                           | 193        |
|                  | The Split Element Command. . . . .                 | 199        |

|                            |     |
|----------------------------|-----|
| The Trim Command .....     | 205 |
| The Offset Command .....   | 208 |
| Copy/Paste .....           | 210 |
| Creating the Plans .....   | 213 |
| Are You Experienced? ..... | 217 |

---

|                  |                                    |            |
|------------------|------------------------------------|------------|
| <b>CHAPTER 5</b> | <b>Dimensioning and Annotating</b> | <b>219</b> |
|------------------|------------------------------------|------------|

---

|                                         |     |
|-----------------------------------------|-----|
| Dimensioning .....                      | 220 |
| Using Dimensions as a Layout Tool ..... | 240 |
| Placing Text and Annotations .....      | 255 |
| Are You Experienced? .....              | 263 |

---

|                  |               |            |
|------------------|---------------|------------|
| <b>CHAPTER 6</b> | <b>Floors</b> | <b>265</b> |
|------------------|---------------|------------|

---

|                                         |     |
|-----------------------------------------|-----|
| Placing a Floor Slab .....              | 265 |
| Building a Floor by Layers .....        | 281 |
| Splitting the Floor Materials .....     | 292 |
| Pitching a Floor to a Floor Drain ..... | 300 |
| Creating Shaft Openings .....           | 306 |
| Are You Experienced? .....              | 312 |

---

|                  |              |            |
|------------------|--------------|------------|
| <b>CHAPTER 7</b> | <b>Roofs</b> | <b>313</b> |
|------------------|--------------|------------|

---

|                                   |     |
|-----------------------------------|-----|
| Placing Roofs by Footprint .....  | 314 |
| Creating a Sloping Roof .....     | 345 |
| Creating Roofs by Extrusion ..... | 351 |
| Adding a Roof Dormer .....        | 360 |
| Are You Experienced? .....        | 365 |

---

|                  |                         |            |
|------------------|-------------------------|------------|
| <b>CHAPTER 8</b> | <b>Structural Items</b> | <b>367</b> |
|------------------|-------------------------|------------|

---

|                                        |     |
|----------------------------------------|-----|
| Adding Structural Grids .....          | 367 |
| Adding Structural Columns .....        | 382 |
| Using Structural Framing .....         | 389 |
| Understanding Foundation Systems ..... | 401 |
| Adding Structural Footings .....       | 406 |
| Using Structural Views .....           | 416 |
| Are You Experienced? .....             | 420 |

|                   |                                                             |            |
|-------------------|-------------------------------------------------------------|------------|
| <b>CHAPTER 9</b>  | <b>Ceilings and Interiors</b>                               | <b>421</b> |
|                   | Creating Ceilings . . . . .                                 | 422        |
|                   | Creating Ceiling Openings and Soffits . . . . .             | 438        |
|                   | Adding Interior Design . . . . .                            | 451        |
|                   | Adding Alternate Floor Materials . . . . .                  | 475        |
|                   | Are You Experienced? . . . . .                              | 479        |
| <b>CHAPTER 10</b> | <b>Stairs, Ramps, and Railings</b>                          | <b>481</b> |
|                   | Creating Stairs by Using the<br>Rise/Run Function . . . . . | 481        |
|                   | Creating a Winding Staircase . . . . .                      | 505        |
|                   | Creating a Custom Railing System . . . . .                  | 522        |
|                   | Creating Custom Stairs . . . . .                            | 526        |
|                   | Adding Ramps . . . . .                                      | 540        |
|                   | Are You Experienced? . . . . .                              | 547        |
| <b>CHAPTER 11</b> | <b>Schedules and Tags</b>                                   | <b>549</b> |
|                   | Creating Schedules . . . . .                                | 550        |
|                   | Creating Material Takeoffs . . . . .                        | 571        |
|                   | Creating Key Legends and Importing CAD Legends . . . . .    | 580        |
|                   | Adding Tags . . . . .                                       | 594        |
|                   | Creating Custom Tags . . . . .                              | 604        |
|                   | Keynoting . . . . .                                         | 613        |
|                   | Are You Experienced? . . . . .                              | 621        |
| <b>CHAPTER 12</b> | <b>Detailing</b>                                            | <b>623</b> |
|                   | Working with Line Weights . . . . .                         | 624        |
|                   | Drafting on Top of the Detail . . . . .                     | 626        |
|                   | Adding Notes . . . . .                                      | 666        |
|                   | Creating Blank Drafting Views . . . . .                     | 669        |
|                   | Are You Experienced? . . . . .                              | 689        |
| <b>CHAPTER 13</b> | <b>Creating Specific Views and Match Lines</b>              | <b>691</b> |
|                   | Duplicating Views . . . . .                                 | 692        |
|                   | Creating Dependent Views . . . . .                          | 694        |

|                            |     |
|----------------------------|-----|
| Adding Match Lines .....   | 700 |
| Using View Templates ..... | 705 |
| Are You Experienced? ..... | 706 |

---

|                   |                                     |            |
|-------------------|-------------------------------------|------------|
| <b>CHAPTER 14</b> | <b>Creating Sheets and Printing</b> | <b>707</b> |
|-------------------|-------------------------------------|------------|

---

|                                        |     |
|----------------------------------------|-----|
| Creating and Populating Sheets .....   | 707 |
| Modifying a Viewport .....             | 715 |
| Adding Revisions to a Sheet .....      | 721 |
| Addressing Project Parameters .....    | 725 |
| Generating a Cover Sheet .....         | 727 |
| Printing from Revit Architecture ..... | 733 |
| Are You Experienced? .....             | 736 |

---

|                   |                                      |            |
|-------------------|--------------------------------------|------------|
| <b>CHAPTER 15</b> | <b>Creating Rooms and Area Plans</b> | <b>737</b> |
|-------------------|--------------------------------------|------------|

---

|                                |     |
|--------------------------------|-----|
| Creating Rooms .....           | 738 |
| Adding a Room Schedule .....   | 748 |
| Adding a Color-Fill Plan ..... | 751 |
| Adding Room Separators .....   | 754 |
| Creating an Area Plan .....    | 756 |
| Are You Experienced? .....     | 759 |

---

|                   |                             |            |
|-------------------|-----------------------------|------------|
| <b>CHAPTER 16</b> | <b>Advanced Wall Topics</b> | <b>761</b> |
|-------------------|-----------------------------|------------|

---

|                                         |     |
|-----------------------------------------|-----|
| Creating Compound Walls .....           | 762 |
| Adding Wall Sweeps .....                | 770 |
| Creating Stacked Walls .....            | 781 |
| Creating Curtain Walls .....            | 785 |
| Adding a Wall to a Massing Object ..... | 797 |
| Are You Experienced? .....              | 810 |

---

|                   |                          |            |
|-------------------|--------------------------|------------|
| <b>CHAPTER 17</b> | <b>Creating Families</b> | <b>811</b> |
|-------------------|--------------------------|------------|

---

|                                                       |     |
|-------------------------------------------------------|-----|
| Creating a Basic Family .....                         | 811 |
| Using a Complex Family to Create an Arched Door ..... | 823 |
| Creating an In-Place Family .....                     | 838 |
| Are You Experienced? .....                            | 842 |

|                   |                                                  |            |
|-------------------|--------------------------------------------------|------------|
| <b>CHAPTER 18</b> | <b>Site and Topography</b>                       | <b>843</b> |
|                   | Adding a Site in Revit . . . . .                 | 844        |
|                   | Splitting the Surface. . . . .                   | 849        |
|                   | Creating Subregions . . . . .                    | 851        |
|                   | Adding Site Components . . . . .                 | 853        |
|                   | Adding Building Pads to Displace Earth . . . . . | 859        |
|                   | Adding a Property Line. . . . .                  | 861        |
|                   | Creating a Toposurface by Instance. . . . .      | 863        |
|                   | Creating a Graded Region. . . . .                | 871        |
|                   | Are You Experienced? . . . . .                   | 873        |
| <b>CHAPTER 19</b> | <b>Rendering and Presentation</b>                | <b>875</b> |
|                   | Creating an Exterior Rendering. . . . .          | 876        |
|                   | Creating an Interior Rendering . . . . .         | 889        |
|                   | Creating Walkthroughs . . . . .                  | 890        |
|                   | Creating a Solar Study . . . . .                 | 895        |
|                   | Are You Experienced? . . . . .                   | 897        |
| <b>CHAPTER 20</b> | <b>Importing and Coordinating Models</b>         | <b>899</b> |
|                   | Linking a Revit Structure Model . . . . .        | 900        |
|                   | Activating Copy/Monitor. . . . .                 | 902        |
|                   | Running Interference Detection . . . . .         | 909        |
|                   | Importing and Exporting CAD Formats . . . . .    | 912        |
|                   | Are You Experienced? . . . . .                   | 918        |
| <b>CHAPTER 21</b> | <b>Phasing and Design Options</b>                | <b>919</b> |
|                   | Managing Project Phasing . . . . .               | 920        |
|                   | Examining Graphic Overrides . . . . .            | 924        |
|                   | Creating Design Options . . . . .                | 925        |
|                   | Are You Experienced? . . . . .                   | 931        |
| <b>CHAPTER 22</b> | <b>Project Collaboration</b>                     | <b>933</b> |
|                   | Enabling and Utilizing Worksharing. . . . .      | 933        |
|                   | Working in the Revit Shared Environment. . . . . | 942        |
