

CONTENTS

Preface	vii
Abbreviations	ix
 Chapter 1 Biorefinery Concept	1
1.1 Biochemical Platform	5
1.2 Thermochemical Platform	7
References.....	8
 Chapter 2 Biorefinery Opportunities in the Pulp and Paper Industry	11
2.1 Biorefinery Opportunities	11
References.....	14
 Chapter 3 Emerging Biorefinery Process Options	17
3.1 Preextraction of Hemicellulose	18
3.2 Preextraction of Antioxidants.....	29
3.3 Black Liquor Gasification	29
3.4 Removal of Lignin from Black Liquor.....	46
3.5 Other Products	53
References.....	56
 Chapter 4 Products from Hemicelluloses	65
4.1 Ethanol	65
4.2 Furfural.....	71
4.3 Xylitol	71
4.4 2,3-Butanediol	75
4.5 Organic Acids.....	77
4.6 Butanol	80
4.7 Biohydrogen.....	81
4.8 Chitosan	81

4.9 Xylo-Oligosaccharides.....	81
4.10 Ferulic Acid.....	82
4.11 Vanillin.....	83
4.12 Fermentation Substrate for Production of Enzymes.....	84
4.13 Production of Other Value-Added Products.....	85
References.....	87
 Chapter 5 Environmental Impacts and Future Prospects	99
5.1 Looking into the Future.....	99
References.....	103
