

Contents

List of contributors, vii

Preface, xiii

- 1** Analysis of marine toxins: gaps on food safety control of marine toxins, 1
Paz Otero & Carmen Alfonso
- 2** Pharmacology of ciguatoxins, 23
Carmen Vale, Álvaro Antelo & Víctor Martín
- 3** Chemistry of pinnatoxins, 49
Phillip Mabe & Armen Zakarian
- 4** Chemistry and analysis of PSP toxins, 69
Ana Botana & Verónica Rey López
- 5** Chemistry of palytoxin and its analogues, 85
Patrizia Ciminiello, Carmela Dell'Aversano & Martino Forino
- 6** Pharmacology of palytoxins and ostreocins, 113
M. Carmen Louzao, María Fraga & Natalia Vilarinho
- 7** Recent insights into anatoxin-*a* chemical synthesis, biomolecular targets, mechanisms of action and LC-MS detection, 137
Custódia Fonseca, Manuel Aureliano, Feras Abbas & Ambrose Furey
- 8** Therapeutics of marine toxins, 181
Eva Alonso & Juan A. Rubiolo
- 9** Marine toxins as modulators of apoptosis, 203
Amparo Alfonso, Andrea Fernández-Araujo & Mercedes R. Vieytes
- 10** Cyanobacterial toxins, 225
Vitor Vasconcelos, Pedro Leão & Alexandre Campos
- 11** Marine toxins and climate change: the case of PSP from cyanobacteria in coastal lagoons, 239
Antonella Lugliè, Silvia Pulina, Milena Bruno, Bachisio Mario Padedda, Cecilia Teodora Satta, & Nicola Sechi
- 12** Microalgae as a source of nutraceuticals, 255
Sushanta Kumar Saha, Edward McHugh, Patrick Murray & Daniel J. Walsh
- 13** The marine origin of drugs, 293
André Horta, Celso Alves, Susete Pinteus & Rui Pedrosa

- 14** Pharmacology of cylindrospermopsin, 317
Juan A. Rubiolo, Diego Alberto Fernández, Henar López & M. Carmen Louzao
- 15** Pharmacology of the cyclic imines, 343
Natalia Vilariño, Sara F. Ferreiro, Andrés Crespo & José Gil
- 16** Diversity of organic structures of marine microbial origin with drug potential, 361
Marcel Jaspars, Rainer Ebel & Hai Deng
- 17** Polyketides as a source of chemical diversity, 381
Tanya Beletskaya, Catherine Collins & Patrick Murray
- 18** Ichthyotoxins, 407
John W. La Claire II & Schonna R. Manning
- 19** Pathological clues of phycotoxin ingestion, 463
Manuel Cifuentes, Andrés Crespo & Roberto Bermúdez
- Index, 513
