

Detailed Contents

Preface	xii
Acknowledgments	xiv
About the Authors	xvi
Chapter 1 Introduction to Developing Monitoring and Evaluation Frameworks	1
What Is a Monitoring and Evaluation Framework?	1
Why Invest?	2
What Functions Does a Monitoring and Evaluation Framework Serve?	4
What Gap Does This Text Intend to Fill?	6
Key Features of the Approach	7
Program-Level Focus	9
What Are the Differences Between Monitoring and Evaluation?	11
What Are the Complementarities Between Monitoring and Evaluation?	15
What Is Included in a Monitoring and Evaluation Framework?	19
Format and Layout of the Text	20
Chapter 2 Foundation Concepts	28
1. Multiple Purposes for Monitoring and Evaluation	29
2. Results-Based Management Approach	31
3. Theory-Based Approach	35
4. Evaluation-Led Monitoring and Evaluation	38
5. Participatory Orientation	40
Chapter 3 First Steps: Scoping the Monitoring and Evaluation Framework, Stakeholder Mapping, and Evaluation Capacity Building	43
1. Introduction to Scoping the Framework With Key Stakeholders	44
2. Key Steps in Scoping the Framework	46
<i>Step 1: Identify Requirements</i>	47
<i>Step 2: Determine Participation Arrangements</i>	50

<i>Step 3: Identify Possible and Preferred Approaches</i>	60
<i>Step 4: Review Resource Parameters</i>	65
<i>Step 5: Confirm Purpose and Parameters of the Framework</i>	66
3. From First Steps Onward	68
SUMMARY CHECKLIST	68
CHAPTER REVIEW QUESTIONS	69
 Chapter 4 Program Theory and Program Logic as Foundations for the Monitoring and Evaluation Framework	 70
1. Introduction to Developing Program Theory and Program Logic	71
<i>Program Theory</i>	72
<i>Differences Between Program Theory and Program Logic</i>	74
<i>Program Logic</i>	74
<i>Program Theory and Program Logic for a Community Education Program</i>	76
2. Steps Involved in Developing Program Theory and Program Logic	80
<i>Step 1: Plan Stakeholder Engagement Strategy</i>	81
<i>Step 2: Develop Program Theory</i>	83
<i>Step 3: Develop Program Logic</i>	85
<i>Step 4: Confirm Program Theory and Program Logic With Key Stakeholders</i>	89
SUMMARY CHECKLIST	91
CHAPTER REVIEW QUESTIONS	92
 Chapter 5 Evaluation Questions—Determining What We Want to Know	 93
1. Introduction to Developing Evaluation Questions	94
<i>Answering Evaluation Questions: A Complementary Role for Monitoring and Evaluation</i>	94
<i>Developing Agreed, Practical, and Useful Evaluation Questions</i>	95
2. Using Evaluation Domains to Guide Selection of Questions	97
3. Using Program Theory and Logic to Determine Evaluation Questions	107
4. Steps Involved in Developing Evaluation Questions	110
<i>Step 1: Develop Draft Evaluation Questions</i>	112
<i>Step 2: Facilitate Stakeholder Participation</i>	113

<i>Step 3: Scope Number and Range of Questions Against Data and Resources Available</i>	115
<i>Step 4: Present Questions to Stakeholders for Final Endorsement</i>	116
<i>Step 5: Finalize Evaluation Questions</i>	117
SUMMARY CHECKLIST	118
CHAPTER REVIEW QUESTIONS	119
Chapter 6 The Monitoring Plan	120
1. Introduction	121
2. Introduction to Program Monitoring	121
<i>Performance Management and Program Monitoring</i>	123
3. The Monitoring Plan	125
4. Steps in Developing the Monitoring Plan	128
<i>Step 1: Identify Focus</i>	129
<i>Step 2: Develop Performance Indicators and Targets</i>	131
<i>Step 3: Identify Data Collection Processes and Tools</i>	142
<i>Step 4: Determine Responsibilities and Time Frames</i>	144
5. The Future of Program Monitoring	145
SUMMARY CHECKLIST	146
CHAPTER REVIEW QUESTIONS	147
Chapter 7 The Evaluation Plan	148
1. Introduction	149
2. Focusing on Evaluation	150
<i>Quality and Value</i>	151
<i>Example of Quality</i>	152
<i>Example of Value</i>	152
<i>Types of Evaluation: Formative and Summative</i>	153
3. The Evaluation Plan	155
4. Steps Involved in Developing the Evaluation Plan	160
<i>Step 1: Determine Overall Evaluation Approach</i>	161
<i>Step 2: Identify Evaluation Questions Requiring Criteria and Standards</i>	169
<i>Step 3: Identify Focus of Evaluation and Methods for Each Question</i>	173
<i>Step 4: Determine Responsibilities and Time Frame</i>	176
<i>Step 5: Review the Monitoring and Evaluation Plans</i>	177
SUMMARY CHECKLIST	179
CHAPTER REVIEW QUESTIONS	180

Chapter 8 Collecting, Managing, Analyzing, and Synthesizing Data to Reach Evaluative Conclusions	181
1. Introduction to Data Processes That Support Sound Conclusions	182
2. Organizational Context for Data Collection, Management, and Analysis	184
3. Data Quality	187
4. Steps Involved in Data Collection, Management, Analysis, and Synthesis	189
<i>Step 1: Develop Data Collection Plan</i>	190
<i>Step 2: Develop Data Management Plan</i>	197
<i>Step 3: Consider Approach to Data Synthesis</i>	203
<i>Step 4: Consider Approach to Making Evaluative Judgments and Reaching Evaluative Conclusions</i>	210
SUMMARY CHECKLIST	216
CHAPTER REVIEW QUESTIONS	217
 Chapter 9 Learning, Reporting and Dissemination Strategies	 218
1. Introduction	219
2. Steps Involved in Learning and Reporting and Dissemination	220
<i>Step 1: Consider Developing or Refining a Learning Strategy That Maximizes Use of Conclusions, Recommendations, and Lessons</i>	222
<i>Step 2: Consider the Identification of Recommendations and Lessons</i>	226
<i>Step 3: Provide Guidance on Developing a Reporting and Dissemination Strategy</i>	230
SUMMARY CHECKLIST	240
CHAPTER REVIEW QUESTIONS	241
 Chapter 10 Planning for Implementation of the Monitoring and Evaluation Framework	 242
1. Introduction to Planning for Implementation	243
2. Key Steps in Implementation of Monitoring and Evaluation Frameworks	246
<i>Step 1: Confirm Program Management Arrangements</i>	247
<i>Step 2: Work Planning for Implementation</i>	248
<i>Step 3: Plan for Monitoring and Review of Framework</i>	251

SUMMARY CHECKLIST	253
CHAPTER REVIEW QUESTIONS	253
Chapter 11 Conclusion	254
Appendix	257
