

# Contents

<b>1 Introduction</b> .....	1
Kozo Saito	
<b>Part I Painting Technology—The Empirical Approach</b>	
<b>2 What Is Spray Coating?</b> .....	5
Kimio Toda	
<b>Part II Painting Technology: Numerical Simulation and Scale Modeling</b>	
<b>3 Computational Modeling of Relevant Automotive Rotary Spray Painting Process</b> .....	47
Abraham J. Salazar	
<b>4 The Use of Scale Model to Study Film Flow in a Rotary Atomizer Cup</b> .....	97
Vedanth Srinivasan, Abraham J. Salazar and Kozo Saito	
<b>Part III Painting Technology—Visualization and Characterization</b>	
<b>5 Automotive Paint Spray Characterization and Visualization</b> .....	121
Nelson K. Akafuah	
<b>Part IV Painting Technology—Research and Education— An Integrative Approach</b>	
<b>6 Hitozukuri and Monozukuri in Relation to Research and Development in Surface Coating</b> .....	169
K. Saito, A. J. Salazar, K. Kreaflé and E. Grulke
