

Contents

	Introduction	xi
Chapter 1	Contact Center Overview	1
	Contact Center Characteristics	3
	Contact Channels	4
	Cisco Contact Center Features	5
	Virtual Contact Center	5
	Cisco Agent Desktop with Presence	5
	CTI and CRM Integration	6
	Agent Desktop Options	6
	Cisco Unified Expert Advisor	7
	Support for Remote and Mobile Agents	7
	Self-Service and Call-Treatment Capabilities	8
	Reporting	8
	Management Portal	9
	Cisco Contact Center Portfolio	9
	Cisco Unified Contact Center Express	11
	Cisco Unified Contact Center Enterprise	11
	Cisco Unified Contact Center Hosted	12
	Cisco Unified Intelligent Contact Manager Enterprise	13
	Cisco Unified IP IVR	13
	Cisco Unified Customer Voice Portal	14
	Other Voice Components	15
	Summary	16
Chapter 2	Platform Architecture	17
	General Cisco Unified Contact Center Architecture	17
	Router	18
	Logger	18
	Administrative Workstation/Real-Time Distributor and Client AW	18
	Historical Data Server	19
	Peripheral Gateway	20
	CTI Server (Including CTI Object Server)	21
	Reporting (WebView and CUIC)	21
	Network Interface Controller	22

	Cisco UCCE	23
	Cisco UICM	23
	Cisco UCCH	24
	Platform Redundancy	25
	Summary	27
Chapter 3	Deployment Models	29
	Single-Site	30
	Multisite with Centralized Call Processing	31
	Multisite with Distributed Call Processing	32
	Clustering over the WAN	33
	Factors to Consider When Choosing a Deployment Model	35
	Deployment Options	35
	Enterprise/System UCCE	35
	Parent/Child Deployment	36
	Real-World Deployments	37
	Summary	38
Chapter 4	UC Operating Systems	39
	Operating Systems in Use	40
	MS Windows for Cisco Unified CM	40
	Cisco Voice Operating System (VOS)	40
	MS Windows for UICM/UCCE	41
	Bill of Materials (BOM)	41
	Third-Party Software	41
	Learning About Updates	42
	Summary	42
Chapter 5	UCCE Road Map	43
	Cisco Software Product Lifecycle	43
	Software Phases	43
	Software Support Road Map	44
	Platform Upgrades	45
	The Evolution of UCCE	46
	GeoTel ICR 2.5	46
	GeoTel ICR 3.0/4.0/4.1	48
	ICM 4.5	48
	Cisco ICM 4.6	48

	Cisco ICM 5.0	49
	Cisco IPCC 7.0	50
	Cisco UCCE 7.5	50
	Cisco UCCE 8.0	51
	Cisco UCCE 8.5	51
	Summary	52
Chapter 6	UCCE Platform Deployment	53
	Lifecycle Services Approach	54
	Prepare and Plan	57
	Design	57
	Software Versions	57
	Platform Sizing	59
	Platform Redundancy	60
	Server Naming Conventions	60
	Deployment Spreadsheet	61
	Network Services	63
	Databases	68
	Cisco A2Q Process	69
	Implementation	71
	Server Builds	71
	Software Installation	72
	Installation Order	74
	Implementation Testing	79
	Summary	82
Chapter 7	UCCE Application Configuration	83
	Prepare	83
	Requirements Capture	83
	Capture Spreadsheets	84
	Implementation	84
	Configuration Manager	85
	Summary	96
Chapter 8	Call Routing	97
	Call Routing Concepts	98
	Carrier-Based Routing	98
	Private Network Routing	101

Traditional Call Routing	104
Current-Generation Call Routing	105
Prerouting	105
Postrouting	107
Next-Generation Call Routing	108
SIP Trunks	108
Summary	111

Chapter 9 Call Flow Scripting 113

Contact Center Call Flow	114
Contact Center Challenges	114
Call Script Development Lifecycle	115
Call Scripting Best Practices	117
Total Cost of Ownership	117
Expect the Unexpected	118
Change Is Good	118
Tracking Change	119
Script Layout	121
Avoid Overoptimization	124
Meaningful Names	126
Comment Node	127
Use a Development Workstation	128
Custom Functions	129
Error Handling	130
Summary	131

Chapter 10 Reporting 133

Reporting Packages	134
Cisco WebView	136
Cisco Unified Intelligence Center	138
VIM Performance	140
Feature Comparison	142
Wallboards	142
UCCE Reporting	145
Reporting Notes	146
Reporting Terminology	146
General Reporting with Call Types	147

Call Queuing	149
Hiding Objects	149
Don't Mix and Match Reporting Entities	150
Wrap-Up Codes	150
Legacy Reports	151
Summary	153

Chapter 11 Nodes and Processes 155

UCCE Nodes	157
Logger	157
Router	158
Peripheral Gateway	160
Administrative Workstation	162
Common Processes	163
Support Tools Node Agent	164
UCCE Nodes Startup Sequence	164
UCCE Detailed Startup	166
Logger A	166
Router A	170
Peripheral Gateway A	172
Logger B	179
Peripheral Gateway B	181
Administrative Workstation	182
Summary	183

Chapter 12 Unified CM and IVR 185

Cisco Unified Communications Manager	185
Cisco Unified IP Interactive Voice Response	186
Cisco Unified Customer Voice Portal	186
Integration with UCCE	187
Unified Communications Manager	187
UCCE with IP IVR	188
UCCE with CVP	189
Cisco Unified Communications Manager	189
Cisco JTAPI	189
CTI Route Points	190
Agent Phone Settings	191
Partitions and Calling Search Spaces	192

Queuing and Self-Service	192
CVP Versus IP IVR	196
Cisco Unified IP IVR	197
IP IVR Call Flow	197
Cisco Unified CCX Editor	200
IP IVR Configuration	201
Cisco Unified CVP	203
Summary	206

Chapter 13 Data-Driven Routing 207

What Can Be Achieved with Data-Driven Routing	208
Data Lookup Options	210
Static Lookup	211
DB Lookup Node	211
Application Gateway	212
Within an IVR Application	212
Agent Desktop/CRM Integration	213
Configuring UCCE Database Lookup	213
Step 1: Database Creation	213
Step 2: Enable the DB Worker Process	214
Step 3: Configuration Manager: Database Lookup Explorer	215
Step 4: Simple Call Script and Testing	216
Summary	217

Chapter 14 UCCE Databases 219

Relational Databases	219
UCCE Databases	221
Database Purge	222
Database Schema Overview	224
SQL Queries	227
Finding a Call with a Specific ANI	228
Finding Unassigned Call Types	229
Listing the Most Popular Callers by ANI	229
Locating the Last Script Node	230
Locating Agents Against Agent Desk Settings	230
Finding DN's Associated with a Call Type	230
Agent State Trace	232
Summary	233

Chapter 15 Management and Administration 235

Platform Management	236
Potential Failures	236
Backups	238
Platform Monitoring	239
Application Administration	245
Summary	246

Chapter 16 Troubleshooting 247

Fault Logging and Handling	248
Fault Logging	248
Cisco Technical Assistance Center (TAC)	250
Troubleshooting Methodology	251
UCCE Process Tracing	254
Setting Trace Levels	257
Analysis Manager	258
Support Tools	258
Router Trace	260
UCCE Command-Line Tools	262
dumplog Utility	263
opctest Utility	265
rttest Utility	269
procmon Utility	272
UCCE Script Editor	273
Monitoring	273
Call Tracer	274
Summary	275
Index	277
