## Preface

### Preface to the first edition

### List of Contributors

## Chapter 1. Microorganisms in air

1.1.	Microorganisms in outdoor air — J. Mullins and B. Flannigan .....	3
1.2.	Microorganisms in indoor air — B. Flannigan .....	25
1.3.	Pollen in indoor air — T. Hugg, E. Yli-Panula and A. Rantio-Lehtimäki .....	45

## Chapter 2. Microorganisms in homes and work environments

2.1.	Microbial growth in indoor environments — B. Flannigan and J.D. Miller .....	57
2.2.	Bacteria and other bioaerosols in industrial workplaces — B. Crook, J.M. Gawn and J.R.M. Swan .....	109
2.3.	Remediation and control of microbial growth in problem buildings — P.R. Morey .....	125

## Chapter 3. Airborne microorganisms and disease

3.1.	Allergenic microorganisms and hypersensitivity — A.K. Ellis and J.H. Day .....	147
3.2.	Occupational respiratory disease: hypersensitivity pneumonitis and other forms of interstitial lung disease — M.J. Hodgson and B. Flannigan .....	183
3.3.	Respiratory tract infections caused by indoor fungi — R.C. Summerbell .....	205

## Chapter 4. Microbiological investigation of indoor environments

4.1.	Mycological investigations of indoor environments — J.D. Miller .....	229
4.2.	Molecular methods for bioaerosol characterization — R.C. Summerbell, B.J. Green, D. Corr and J.A. Scott .....	247
4.3.	Isolation and identification of fungi — R.A. Samson and J. Houbraken .....	265
4.4.	Analysis of microbial volatile organic compounds — T.J. Ryan .....	279
4.5.	Analysis for toxins and inflammatory compounds — T. Rand and J.D. Miller .....	291
4.6.	Interpreting sampling data in investigations of indoor environments: selected case studies — P.R. Morey .....	307

## Chapter 5. Common and important species of Actinobacteria and fungi in indoor environments

Common and important species of fungi and actinomycetes in indoor environments — R.A. Samson, J. Houbraken, R.C. Summerbell, B. Flannigan and J.D. Miller .....	321
Descriptions and illustrations of common fungi and actinomycetes .....	329

## Appendix

Glossary of mycological terms .....	515
Index .....	518
