Part 1: Assessing and Managing Performance 25

1 Overview of Financial Management 25

1.1 Financial Management and the Cash Flow Cycle 25

CASE STUDY: Advanced Micro Devices Inc.'s Cash Crunch 26

1.2 The Role of Financial Managers 29

IN-DEPTH: Maximizing Shareholder Value: An Ethical Responsibility? 30

1.3 A Nonfinancial Perspective of Financial Management 31

IN THE NEWS: Walmart's Financial Challenges 32

1.4 Financial Management's Relationship with Accounting and Other Disciplines 33

1.5 Types of Firms 34

1.6 A Financial Management Framework 36

1.7 Relevance for Managers 40

Summary 40

Additional Readings and Information 41

Problems 41

2 Sizing-Up a Business: A Nonfinancial Perspective 42

2.1 Sizing-Up the Overall Economy 44

IN-DEPTH: Gathering Information for a Size-Up 44

2.1.1 GDP Components 45

2.1.2 Sector-Related Fluctuations 47

2.1.3 Inflation and Interest Rates 48

CASE STUDY: Sector Performance and Business Cycles: Duke Energy Corporation and Tiffany & Co. 48

2.1.4 Capital Markets 51

2.1.5 Economic Size-Up Checklist 52

2.2 Sizing-Up the Industry 53

2.2.1 Industry Life Cycles 53

2.2.2 The Competitive Environment 54

2.2.3 Opportunities and Risks 56

2.2.4 Industry Size-Up Checklist 57

2.3	Sizing-Up Operations Management and Supply Risk	57
2.4	Sizing-Up Marketing Management and Demand Risk	60
2.5	Sizing-Up Human Resource Management and Strategy	62
2.6	Sizing-Up Home Depot: An Example	64
2.7	Relevance for Managers	66
	Summary	67
	Additional Readings and Information	67
	Problems	68

3 Understanding Financial Statements 69

3.1	Understanding Balance Sheets	69
3.1.1	Understanding Assets	71
3.1.2	Understanding Liabilities	73
3.1.3	Understanding Equity	75
	IN-DEPTH: Book Value of Equity versus Market Value of Equity	76
3.2	Understanding Income Statements	77
3.2.1	Understanding Revenues, Costs, Expenses, and Profits	77
	IN-DEPTH: EBIT versus EBITDA	79
3.2.2	Connecting a Firm's Income Statement and Balance Sheet	81
3.3	Understanding Cash Flow Statements	82
3.3.1	Cash Flows Related to Operating Activities	83
3.3.2	Cash Flows from Investing Activities	85
3.3.3	Cash Flows from Financing Activities	85
	IN-DEPTH: U.S. versus International Accounting and Financial Statement Presentation	86
3.4	Relevance for Managers	87
	Summary	88
	Additional Readings and Information	88
	Problems	88

4 Measuring Financial Performance 89

4.1	Performance Measures	89
4.1.1	Return on Equity	90
	CASE STUDY: ROE Drivers across Industries: Tiffany and Kroger	93
4.1.2	Profitability Measures	93
4.1.3	Resource Management Measures	96
4.1.4	Liquidity Measures	99
4.1.5	Leverage Measures	100
4.1.6	Application: Home Depot	102

4.2 Reading Annual Reports 107

4.3 Relevance for Managers 108

Summary 109

Additional Readings and Information 109

Problems 110

5 Managing Day-to-Day Cash Flow 111

5.1 Cash Flow Cycles 111

5.2 Working Capital Management 116

5.2.1 Managing Inventory 116

IN-DEPTH: Inventory Management Systems 116

5.2.2 Managing Accounts Receivable 117

IN-DEPTH: Aging Schedules and Bad Debt 117

5.2.3 Managing Accounts Payable 118

5.2.4 Application: Home Depot 118

IN-DEPTH: The Cost of Foregoing Discounts on Payables 118

IN-DEPTH: Working Capital Management Ratios across Industries 122

5.3 Short-Term Financing 123

5.3.1 Bank Loans 123

5.3.2 Commercial Paper 124

5.3.3 Banker's Acceptance 124

CASE STUDY: Commercial Paper and the 2007–2009 Financial Crisis 125

5.4 Relevance for Managers 125

Summary 126

Additional Readings and Information 126

Problems 127

Part 2: Assessing Future Financial Needs 128

6 Projecting Financial Requirements and Managing Growth 128

6.1 Generating Pro Forma Income Statements 129

6.1.1 Establishing Cost of Goods Sold and Gross Profit 130

6.1.2 Establishing Expenses 132

6.1.3 Establishing Earnings 132

6.2 Generating Pro Forma Balance Sheets 134

6.2.1 Establishing Assets 134

6.2.2 Establishing Liabilities and Equity 135

6.3	Generating Pro Forma Cash Budgets	137
6.3.1	Establishing Cash Inflows	137
6.3.2	Establishing Cash Outflows	137
6.3.3	Establishing Net Cash Flows	138
6.4	Performing Sensitivity Analysis	139
6.4.1	Sales Sensitivity	140
6.4.2	Interest Rate Sensitivity	141
6.4.3	Working Capital Sensitivity	141
6.5	Understanding Sustainable Growth and Managing Growth	142
	CASE STUDY: Home Depot's Pro Forma Statements and Sustainable Growth	145
6.6	Relevance for Managers	147
	Summary	148
	Additional Readings and Information	148
	Problems	149
	Appendix: Spreadsheet Analysis	149

7 Time Value of Money Basics and Applications 153

7.1	Exploring Time Value of Money Concepts	153
7.1.1	Future Values	155
7.1.2	Present Values	157
7.1.3	Annuities	159
7.1.4	Perpetuities	160
	IN-DEPTH: Spreadsheet and Financial Calculator Tips	161
7.2	Applying Time Value of Money Concepts to Financial Securities	163
7.2.1	Bonds	163
	IN-DEPTH: Bond Prices and Yields: Home Depot Inc. Example	167
7.2.2	Preferred Shares	167
	IN-DEPTH: Preferred Share Prices and Bond Yields: Kansas City Railroad	169
7.2.3	Common Equity	170
	IN-DEPTH: Multistage Dividend Discount Model	172
7.3	Relevance for Managers	172
	Summary	173
	Additional Readings and Information	173
	Problems	173

8 Making Investment Decisions 175

8.1 Understanding the Decision-Making Process 175

8.2 Capital Budgeting Techniques 177

8.2.1 Payback 178

8.2.2 Net Present Value 179

IN-DEPTH: Real Options 181

8.2.3 Internal Rate of Return 182

8.3 Capital Budgeting Extensions 185

8.3.1 Profitability Index 185

8.3.2 Equivalent Annual Cost and Project Lengths 186

8.3.3 Mutually Exclusive Projects and Capital Rationing 187

8.4 Relevance for Managers 188

Summary 189

Additional Readings and Information 189

Problems 190

Part 3: Financing Long-Term Needs 191

9 Overview of Capital Markets: Long-Term Financing Instruments 191

9.1 Bonds 192

9.1.1 Changing Bond Yields 192

9.1.2 Bond Features 193

IN THE NEWS: The Libor Scandal 194

9.1.3 Bond Ratings 195

IN-DEPTH: What Credit-Rating Agencies Do 196

9.2 Preferred Shares 197

9.3 Common Shares 198

9.3.1 Historical Returns 199

9.4 Capital Markets Overview 201

9.4.1 Private versus Public Markets 201

9.4.2 Venture Capital and Private Equity 202

CASE STUDY: Private Placement Example—Sesac Inc. and the Music of Bob Dylan and Neil Diamond 203

9.4.3 Initial Offerings versus Seasoned Issues 203

IN DEPTH: SOX and the Cost of Being a Public Firm 205

CASE STUDY: Google and Facebook IPOs 206

9.4.4 Organized Exchanges versus Over-the-Counter Markets 209

9.4.5 Role of Intermediaries 209

9.5 Market Efficiency 210

9.5.1 Weak Form 211

9.5.2 Semistrong Form 211

9.5.3 Strong Form 212

9.5.4 U.S. Stock Market Efficiency 212

9.6 Relevance for Managers 212

Summary 213

Additional Readings and Information 213

Problems 214

Appendix: Understanding Bond and Stock Investment Information 215

Bond Information 215

Stock Information 215

10 Assessing the Cost of Capital: What Return Investors Require 218

10.1 Understanding the Cost of Capital:
An Example 219

10.2 Understanding the Implications of the
Cost of Capital 221

10.3 Defining Risk 222

10.4 Estimating the Cost of Debt 225

10.5 Estimating the Cost of Preferred Shares 226

10.6 Estimating the Cost of Equity 228

10.6.1 Dividend Model Approach 228

10.6.2 Capital Asset Pricing Model 229

IN-DEPTH: Investing in "the Market" 230

10.7 Estimating Component Weights 232

10.8 Home Depot Application 233

10.9 Hurdle Rates 235

10.10 Relevance for Managers 236

Summary 237

Additional Readings and Information 237

Problems 238

11 Understanding Financing and Payout Decisions 239

- 11.1 Capital Structure Overview 240**
- 11.2 Understanding the Modigliani-Miller Argument: Why Capital Structure Does Not Matter 242**
- 11.3 Relaxing the Assumptions: Why Capital Structure Does Matter 245**
 - 11.3.1 Understanding the Impact of Corporate Taxes 246**
 - 11.3.2 Understanding the Impact of Financial Distress 247**
 - IN THE NEWS: Largest U.S. Bankruptcy 249**
 - 11.3.3 Combining Corporate Taxes and Financial Distress Costs 249**
 - 11.3.4 Impact of Asymmetric Information 250**
- 11.4 Understanding Payout Policies 251**
 - 11.4.1 Paying Dividends 251**
 - 11.4.2 Repurchasing Shares 252**
 - 11.4.3 Do Dividend Policies Matter? 253**
- 11.5 Relevance for Managers 254**
 - Summary 255**
 - Additional Readings and Information 255**
 - Problems 256**
 - Appendix: Why Dividend Policy Doesn't Matter: Example 257**

12 Designing an Optimal Capital Structure 259

- 12.1 Factors Affecting Financing Decisions: The FIRST Approach 259**
 - 12.1.1 Maximizing Flexibility 259**
 - CASE STUDY: Ford Motor Company and Financial Flexibility Prior to the Financial Crisis 261**
 - 12.1.2 Impact on EPS: Minimizing Cost 261**
 - 12.1.3 Minimizing Risk 265**
 - 12.1.4 Maintaining Shareholder Control 266**
 - CASE STUDY: Maintaining Control: Google Inc. and Dual Class Shares 267**
 - 12.1.5 Optimal Timing 268**
- 12.2 Tradeoff Assessment: Evaluating the FIRST Criteria 268**
 - IN-DEPTH: Optimal Amount of Debt at the Firm Level: Six Flags Inc. Example 269**
 - 12.2.1 Example: Optimal Capital Structure and Minimizing the Cost of Capital 271**
 - CASE STUDY: Changing Capital Structure: The Home Depot Example 272**
 - IN-DEPTH: The Cost of Equity, Levered Betas, and the Target Capital Structure 273**

12.3 Relevance for Managers 274

Summary 276

Additional Readings and Information 276

Problems 277

Part 4: Creating Value 279

13 Measuring and Creating Value 279

13.1 An Overview of Measuring and Creating Value 280

13.2 Measuring Value: The Book Value Plus Adjustments Method 282

13.2.1 Pros and Cons of the Book Value of Equity Plus Adjustments Method 283

13.3 Measuring Value: The Discounted Cash Flow Analysis Method 283

13.3.1 Estimating Free Cash Flows 284

IN-DEPTH: Why Do We Add Back Noncash Items? 285

13.3.2 Estimating the Cost of Capital 286

13.3.3 Estimating the Present Value of Free Cash Flows 287

13.3.4 Estimating the Terminal Value 288

IN-DEPTH: The Most Common DCF Estimation Mistakes 289

13.3.5 Estimating the Value of Equity 289

13.3.6 Pros and Cons of the Free Cash Flow to the Firm Approach 291

13.4 Measuring Value: Relative Valuations and Comparable Analysis 291

13.4.1 The Price-Earnings Method 291

13.4.2 Pros and Cons of the Price-Earnings Approach 293

IN-DEPTH: The Price-Earnings Model and the Constant Growth Dividend Discount Model 294

13.4.3 The Enterprise Value-to-EBITDA Method 294

13.4.4 Pros and Cons of the EV/EBITDA Approach 295

IN-DEPTH: Comparing P/B, P/E, and EV/EBITDA across Industries 296

13.5 Creating Value and Value-Based Management 297

13.6 Valuing Mergers and Acquisitions 300

13.6.1 Valuing Comparable M&A Transactions 301

13.7 Relevance for Managers 302

Summary 302

Additional Readings and Information 303

Problems 304

14 Comprehensive Case Study: Wal-Mart Stores, Inc. 305

14.1	Sizing-Up Walmart	307
14.1.1	Analyzing the Economy	307
14.1.2	Analyzing the Industry	308
14.1.3	Analyzing Walmart's Strengths and Weaknesses in Operations, Marketing, Management, and Strategy	310
14.1.4	Analyzing Walmart's Financial Health	312
IN-DEPTH:	Target Corporation: ROIC	318
