## UNIT ONE

### Anatomical and physiological considerations 1

#### Chapter 1

|                                    |   |
|------------------------------------|---|
| <i>Wholeness of the individual</i> | 3 |
| TIMOTHY L. KAUFFMAN                |   |

#### Chapter 2

|                                                                |    |
|----------------------------------------------------------------|----|
| <i>Skeletal muscle function in older people</i>                | 10 |
| WALTER R. FRONTERA • ANA RODRIGUEZ ZAYAS • NATIVIDAD RODRIGUEZ |    |

#### Chapter 3

|                                                            |    |
|------------------------------------------------------------|----|
| <i>Effects of aging on bone</i>                            | 14 |
| DOUGLAS J. DIGIROLAMO • EMILY L. GERMAIN-LEE • JAY SHAPIRO |    |

#### Chapter 4

|                                               |    |
|-----------------------------------------------|----|
| <i>Effects of age on joints and ligaments</i> | 19 |
| BRIAN J. ECKENRODE                            |    |

#### Chapter 5

|                                                               |    |
|---------------------------------------------------------------|----|
| <i>Aging and the central nervous system</i>                   | 22 |
| EDWARD JAMES R. GORGON • ROLANDO T. LAZARO • DARCY A. UMPHRED |    |

#### Chapter 6

|                                                    |    |
|----------------------------------------------------|----|
| <i>Cardiac considerations in the older patient</i> | 34 |
| MERYL COHEN                                        |    |

#### Chapter 7

|                                                      |    |
|------------------------------------------------------|----|
| <i>Pulmonary considerations in the older patient</i> | 40 |
| MERYL COHEN                                          |    |

#### Chapter 8

|                                                 |    |
|-------------------------------------------------|----|
| <i>Effects of aging on the digestive system</i> | 45 |
| RONNI CHERNOFF                                  |    |

#### Chapter 9

|                                              |    |
|----------------------------------------------|----|
| <i>Effects of aging on vascular function</i> | 50 |
| KRISTIN VON NIEDA                            |    |

#### Chapter 10

|                                                          |    |
|----------------------------------------------------------|----|
| <i>Thermoregulation: considerations for aging people</i> | 57 |
| JOHN SANKO                                               |    |

#### Chapter 11

|                                  |    |
|----------------------------------|----|
| <i>The aging immune system</i>   | 64 |
| KANWAL RAZZAQ • GORDON DICKINSON |    |

#### Chapter 12

|                                                             |    |
|-------------------------------------------------------------|----|
| <i>Pharmacology considerations for the aging individual</i> | 68 |
| CHARLES D. CICCONE                                          |    |

#### Chapter 13

|                                                                      |    |
|----------------------------------------------------------------------|----|
| <i>Laboratory assessment considerations for the aging individual</i> | 75 |
| CHRISTINE STABLER                                                    |    |

#### Chapter 14

|                |    |
|----------------|----|
| <i>Imaging</i> | 79 |
| CLIVE PERRY    |    |

## UNIT TWO

### Musculoskeletal disorders 103

#### Chapter 15

|                                          |     |
|------------------------------------------|-----|
| <i>Posture</i>                           | 105 |
| TIMOTHY L. KAUFFMAN • MICHELLE A. BOLTON |     |

#### Chapter 16

|                                                 |     |
|-------------------------------------------------|-----|
| <i>Muscle weakness and therapeutic exercise</i> | 112 |
| TIMOTHY L. KAUFFMAN • KAREN KEMMIS              |     |

#### Chapter 17

|                                                             |     |
|-------------------------------------------------------------|-----|
| <i>Motor neuron pathologies: postpolio syndrome and ALS</i> | 120 |
| MARILYN E. MILLER                                           |     |

#### Chapter 18

|                                                                                                                                                                                          |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <i>Osteoporosis and spine fractures</i>                                                                                                                                                  | 124 |
| STEPHEN BRUNTON • BLAINE CARMICHAEL • DEBORAH GOLD • BARRY HULL • TIMOTHY L. KAUFFMAN • BARBARA KOEHLER • ALEXANDRA PAPAIOANNOU • RANDOLPH RASCH • HILMAR H.G. STRACKE • EERIC TRUUMEEES |     |

**Chapter 19**

*Rheumatic conditions* 134  
JUNE E. HANKS • DAVID LEVINE

**Chapter 20**

*The shoulder* 141  
EDMUND M. KOSMAHL

**Chapter 21**

*Total hip arthroplasty* 148  
MARK A. BRIMER

**Chapter 22**

*Total knee arthroplasty* 153  
MARK A. BRIMER

**Chapter 23**

*The aging bony thorax* 157  
STEVEN PHEASANT

**Chapter 24**

*The geriatric spine* 164  
TIMOTHY L. KAUFFMAN • RICHARD HAYDT

**Chapter 25**

*Orthopedic trauma* 171  
P. CHRISTOPHER METZGER • MARK LOMBARDI

**UNIT THREE****Neuromuscular and neurological disorders 179****Chapter 26**

*Neurological trauma* 181  
DENNIS W. KLIMA

**Chapter 27**

*Rehabilitation after stroke* 189  
MAUREEN ROMANOW PASCAL • SUSAN BARKER

**Chapter 28**

*Neurocognitive disorders* 195  
JAMES SIBERSKI

**Chapter 29**

*Multiple sclerosis* 203  
DIANE MADRAS

**Chapter 30**

*Parkinson's disease* 210  
MICHAEL L. MORAN

**Chapter 31**

*Tremor and other involuntary movement* 215  
WENDY ROMNEY • MICHELLE E. WORMLEY •  
MICHELLE M. LUSARDI

**Chapter 32**

*Generalized peripheral neuropathy* 226  
ANITA CRAIG • JAMES K. RICHARDSON

**Chapter 33**

*Localized peripheral neuropathies* 233  
ANITA CRAIG • JAMES K. RICHARDSON

**UNIT FOUR****Neoplasms 243****Chapter 34**

*Neoplasms of the brain* 245  
STEPHEN A. GUDAS

**Chapter 35**

*Neoplasms of the breast* 249  
STEPHEN A. GUDAS

**Chapter 36**

*Gastric and colon neoplasms* 253  
STEPHEN A. GUDAS

**Chapter 37**

*Neoplasms of the skin* 257  
STEPHEN A. GUDAS

**Chapter 38**

*Neoplasms of the prostate* 261  
STEPHEN A. GUDAS

**UNIT FIVE****Cardiopulmonary disease 265****Chapter 39**

*Exercise considerations for aging adults* 267  
PAMELA REYNOLDS

**Chapter 40**

*Clinical development and progression of coronary heart disease* 275  
PAMELA REYNOLDS

**Chapter 41**

*Cardiac arrhythmias and conduction disturbances* 281  
PAMELA REYNOLDS

**Chapter 42**

*Heart failure and valvular heart disease* 291  
CHRIS L. WELLS

**Chapter 43**

*Cardiac pacemakers and defibrillators* 298  
CHRIS L. WELLS

**Chapter 44**

*Invasive cardiac procedures* 304  
CHRIS L. WELLS

**Chapter 45**

*Pulmonary diseases* 315  
CHRIS L. WELLS

**UNIT SIX****Blood vessel changes, circulatory and skin disorders 327****Chapter 46**

*Diabetes* 329  
BARBARA J. EHRMANN

**Chapter 47**

*Amputations* 337  
JOAN E. EDELSTEIN

**Chapter 48**

*Wound management* 341  
RICHARD MOWRER

**Chapter 49**

*The insensitive foot* 357  
JENNIFER M. BOTTOMLEY

**Chapter 50**

*Skin disorders* 369  
RANDY GORDON

**UNIT SEVEN****Aging and the pathological sensorium 379****Chapter 51**

*Functional vision changes in the normal and aging eye* 381  
BRUCE P. ROSENTHAL • MICHAEL FISCHER

**Chapter 52**

*Functional changes in the aging ear* 392  
KATIE L. MCARTHUR • STEPHEN E. MOCK

**Chapter 53**

*Considerations in elder patient communication* 399  
SARA HAYES • NIALl MCGRANE

**UNIT EIGHT****Specific problems 407****Chapter 54**

*Dysphagia* 409  
DARCI BECKER • LISA TEWS

**Chapter 55**

*Incontinence of the bowel and bladder* 414  
SANDRA J. LEVI • TERI ELLIOTT-BURKE

**Chapter 56**

*Latrogenesis in older adults* 418  
JOHN O. BARR • TIMOTHY L. KAUFFMAN

**Chapter 57**

*Hormone replacement therapy* 423  
CHRISTINE STABLER

**Chapter 58**

*Dizziness* 426  
SUSAN L. WHITNEY

**Chapter 59**

*Balance testing and training* 433  
DIANE M. WRISLEY • TIMOTHY L. KAUFFMAN

**Chapter 60**

*Fracture considerations* 439  
TIMOTHY L. KAUFFMAN • CARLEEN LINDSEY

**Chapter 61**

*Contractures and stiffness* 448  
MARK LOMBARDI

**Chapter 62**

*Fatigue* 453  
CAROLINE O'CONNELL • EMMA K. STOKES

**Chapter 63**

*The aging wrist and hand* 458  
KEVIN J. LAWRENCE

**Chapter 64**

*Overweight and obesity* 461  
RICHARD W. BOHANNON

**Chapter 65**

*Frailty in older persons* 464  
MARTHA ACOSTA

**Chapter 66**

*Evaluation of pain in older individuals* 475  
JOHN O. BARR

**UNIT NINE****Special physical therapeutic intervention techniques 481****Chapter 67**

*Conservative interventions for pain control* 483  
JOHN O. BARR

**Chapter 68**

*Gait training* 491  
NICOLE L. EVANOSKY

**Chapter 69**

*Orthotics* 497  
DAVID PATRICK

**Chapter 70***Prosthetics* 501

DAVID PATRICK

**Chapter 71***Complementary therapies for the aging patient* 506

CAROL M. DAVIS

**Chapter 72***Safe Pilates for bone health* 511

SHERRI R. BETZ

**Chapter 73***Aquatic therapy* 517

BETH E. KAUFFMAN • BENJAMIN W. KAUFFMAN

**UNIT TEN****Social and government implications, ethics and dying 521****Chapter 74***Legal considerations* 523

RON SCOTT

**Chapter 75***Ethics* 527

MARY ANN WHARTON

**Chapter 76***Generational conflict and healthcare for older persons* 538

TIMOTHY L. KAUFFMAN • ADRIAN SCHOOF

**Chapter 77***The end of life* 544

TIMOTHY L. KAUFFMAN

**Chapter 78***Entry-level competencies for health professionals who work with older adults* 548

JOHN O. BARR • JENNIFER NITZ • RITA A. WONG

**UNIT ELEVEN****The rehabilitation team 551****Chapter 79***Caregivers: valuing unpaid care* 553

CHERYL L. ANDERSON

**Chapter 80***Interdisciplinary geriatric assessment* 558

CHRISTI STEWART • MICHAEL L. MORAN •

TIMOTHY L. KAUFFMAN

**Chapter 81***Gerontological and geriatric nursing* 563

BRENDA L. HAGE

**Chapter 82***Geriatric occupational therapy* 567

MOLLY MIKA

**Chapter 83***Geriatric physical therapy* 570

WILLIAM H. STAPLES

**Chapter 84***Providing social services to the older client* 576

JAMES SIBERSKI
