## UNIT I INTRODUCTION TO NURSING AND THE HEALTH CARE SYSTEM, 1

### 1 Nursing and the Health Care System, 1

- Historical Overview, 1
  - Nursing in England and Europe, 1*
  - Nursing in North America, 2*
- The Art and Science of Nursing, 3
  - Evidence-Based Practice, 4*
  - Current Nursing Practice, 6*
- Nursing Education Pathways, 7
  - Practical Nursing, 7*
  - Registered Nursing, 7*
  - Advanced Practice Nursing, 8*
- Delivery of Nursing Care, 8
- Practice Settings, 9
- Today's Health Care System, 9
  - Health Maintenance Organizations, 10*
  - Preferred Provider Organizations, 10*
- The Patient Protection and Affordable Care Act, 11

### 2 Concepts of Health, Illness, Stress, and Health Promotion, 14

- Health and Illness, 14
- Traditional Views of Health and Illness, 15
  - Stages of Illness, 15*
- Current Views of Health and Illness, 16
  - Implications of Current Views, 17*
- The Consumer Concept of Health and Illness, 17
  - Health and Illness Behaviors, 17*
  - Cultural Influences on Concepts of Health and Illness, 17*
- The Holistic Approach, 19
  - Maslow's Theory of Basic Needs, 19*
- Homeostasis, 22
  - Adaptation, 22*
  - The Effects of Stress, 26*
  - Defense Mechanisms, 26*
  - Stress-Reduction Techniques, 26*
- Health Promotion and Illness Prevention, 26

### 3 Legal and Ethical Aspects of Nursing, 30

- Source of Law, 31
- Civil and Criminal Law, 32
- Laws Related to Nursing Practice and Licensure, 32
  - Nurse Practice Act, 32*
  - Scope of Practice, 32*

*Licensure, 32*

*Professional Accountability, 33*

*Professional Discipline, 33*

*Continuing Education, 33*

Laws and Guidelines Affecting Nursing Practice, 33

*Occupational Safety and Health Administration, 33*

*Child Abuse Prevention and Treatment Act, 34*

*Discrimination, 34*

*Sexual Harassment, 34*

*Good Samaritan Laws, 35*

*Patient's Rights, 35*

*National Patient Safety Goals, 35*

Legal Documents, 36

*The Medical Record, 36*

*Health Insurance Portability and Accountability Act, 37*

*Consents and Releases, 38*

*Witnessing Wills or Other Legal Documents, 39*

*Advance Directives, 39*

Violations of Law, 39

*Negligence and Malpractice, 39*

*Common Legal Issues, 40*

*Decreasing Legal Risk, 42*

Ethics in Nursing, 43

*Codes of Ethics, 43*

*Ethics Committees, 45*

*Ethical Dilemmas, 45*

## UNIT II THE NURSING PROCESS, 48

### 4 The Nursing Process and Critical Thinking, 48

The Nursing Process, 48

Critical Thinking, 50

*Problem Solving and Decision Making, 50*

*Skills for Critical Thinking, 51*

Critical Thinking in Nursing, 51

Priority Setting and Work Organization, 53

Application of Problem Solving and Clinical Reasoning, 53

### 5 Assessment, Nursing Diagnosis, and Planning, 57

Assessment (Data Collection), 57

*The Interview, 59*

*Medical Records (Chart) Review, 59*

*Physical Assessment, 62*  
*Assessment in Long-Term Care, 63*  
*Assessment in Home Health Care, 63*  
*Analysis, 63*

#### **Nursing Diagnosis, 64**

*Etiologic Factors, 65*  
*Defining Characteristics, 65*  
*Prioritization of Problems, 65*  
*Nursing Diagnosis in Long-Term Care, 66*  
*Nursing Diagnosis in Home Health Care, 66*

#### **Planning, 66**

*Expected Outcomes (Goals), 66*  
*Planning in Long-Term Facilities, 68*  
*Planning in Home Health Care, 68*  
*Interventions (Nursing Orders), 68*  
*Documentation of the Plan, 69*

### **6 Implementation and Evaluation, 73**

#### **Implementation, 73**

*Priority Setting, 73*  
*Considerations for Care Delivery, 74*

#### **Interdisciplinary Care, 74**

*Implementing Care, 75*  
*Documentation of the Nursing Process, 75*

#### **Evaluation, 76**

*Evaluation in Long-Term Care, 77*  
*Evaluation in Home Health Care, 77*  
*Revision of the Nursing Care Plan, 77*  
*Quality Improvement, 77*  
*Constructing a Nursing Care Plan, 78*

## **UNIT III COMMUNICATION IN NURSING, 84**

### **7 Documentation of Nursing Care, 84**

#### **Purposes of Documentation, 84**

*Documentation and the Nursing Process, 86*  
*The Medical Record, 86*

#### **Methods of Documentation (Charting), 86**

*Source-Oriented or Narrative Charting, 88*  
*Problem-Oriented Medical Record Charting, 88*  
*Focus Charting, 89*  
*Charting by Exception, 90*  
*Computer-Assisted Charting, 90*  
*Case Management System Charting, 94*

#### **The Documentation Process, 95**

*Accuracy in Documentation, 95*  
*Brevity in Documentation, 95*  
*Legibility and Completeness in Documentation, 95*  
*What to Document, 98*

### **8 Communication and the Nurse-Patient Relationship, 101**

#### **The Communication Process, 101**

*Factors Affecting Communication, 102*  
*Communication Skills, 103*

#### **Therapeutic Communication Techniques, 104**

*Using Silence, 105*  
*Asking Open-Ended Questions, 105*  
*Restating, 106*  
*Clarifying, 106*  
*Using Touch, 106*  
*Using General Leads, 106*  
*Offering of Self, 106*  
*Encouraging Elaboration, 106*  
*Providing Patient Education, 106*  
*Looking at Alternatives, 107*  
*Summarizing, 107*

#### **Blocks to Effective Communication, 107**

*Changing the Subject, 107*  
*Offering False Reassurance, 110*  
*Giving Advice, 110*  
*Using Defensive Comments, 110*  
*Asking Prying or Probing Questions, 110*  
*Using Clichés, 110*  
*Listening Inattentively, 110*

#### **Interviewing Skills, 110**

#### **The Nurse-Patient Relationship, 111**

*Empathy, 111*  
*Becoming Nonjudgmental, 112*  
*Maintaining Hope, 112*

#### **Nurse-Patient Communication, 112**

*Communicating with the Hearing-Impaired Patient, 113*  
*Communicating with an Aphasic Patient, 113*  
*Communicating with Older Adults, 113*  
*Communicating with Children, 114*

#### **Communication Within the Health Care Team, 114**

*End-of-Shift Report, 114*  
*Telephoning Primary Care Providers, 115*  
*Assignment Considerations and Delegating, 115*  
*Computer Communication, 117*

#### **Communication in the Home and Community, 117**

### **9 Patient Education and Health Promotion, 120**

#### **Purposes of Patient Education, 120**

#### **Modes of Learning, 121**

#### **Assessment of Learning Needs, 121**

*Factors Affecting Learning, 122*

#### **The Patient Education Plan, 124**

*Resources for Patient Education, 125*  
*Implementing the Plan, 125*  
*Evaluation, 126*  
*Documentation, 127*

#### **Coordination with Discharge Planning, 127**

### **10 Delegation, Leadership, and Management, 129**

#### **The Chain of Command, 130**

#### **Leadership Styles, 130**

#### **Keys to Effective Leadership, 130**

- Effective Communication and Relationships*, 130
- Clinical Competence and Confidence*, 132
- Organization*, 132
- Delegation*, 132
- Leadership Roles**, 133
  - Beginning Leadership Roles*, 133
  - Advanced Leadership Roles*, 134
- Management Skills for the Licensed Practical Nurse/Licensed Vocational Nurse**, 134
  - Time Management*, 135
  - Using the Computer*, 135
  - Receiving New Orders*, 137
  - Taking Verbal Orders*, 137
  - Documenting for Reimbursement*, 138
- Risk Management**, 138

## **UNIT IV DEVELOPMENTAL, PSYCHOSOCIAL, AND CULTURAL CONSIDERATIONS, 141**

### **11 Growth and Development: Infancy Through Adolescence, 141**

#### **OVERVIEW OF STRUCTURE AND**

##### **FUNCTION, 142**

##### ***Prenatal Development*, 142**

*What Happens in the Germinal Stage of Prenatal Development?* 142

*What Happens in the Embryonic Stage of Prenatal Development?* 142

*What Happens in the Fetal Stage of Prenatal Development?* 142

*What Causes Multiple Births?* 142

##### ***Adolescent Development*, 143**

*How Does a Girl Mature into a Woman?* 143

*How Does a Boy Mature into a Man?* 143

##### **Age Groups**, 143

##### **Theories of Development**, 143

##### **Principles of Growth and Development**, 145

##### **Prenatal Development**, 145

*Events in Prenatal Development*, 145

*Maternal Influences*, 146

##### **Infants**, 146

*Nutrition*, 146

*Appearance and Capabilities of Newborns*, 147

*Physical Development*, 147

*Motor Development*, 147

*Cognitive Development*, 148

*Psychosocial Development*, 148

##### **Young Children**, 149

*Physical Development*, 149

*Motor Development*, 150

*Cognitive Development*, 150

*Psychosocial Development*, 151

*Day Care and Early Education*, 152

##### **Middle and Older Children**, 152

*Physical Development*, 152

*Cognitive Development*, 152

*Psychosocial Development*, 153

*Parenting*, 153

*Child Abuse*, 154

##### **Adolescents**, 154

*Physical Development*, 154

*Sexuality*, 155

*Cognitive Development*, 155

*Psychosocial Development*, 155

*Tasks of Adolescence*, 156

*Concerns in Adolescent Development*, 156

### **12 Adulthood and the Family, 160**

#### **Adulthood as Continuing Change**, 160

##### **Theories of Development**, 161

*Schaie's Theory of Cognitive Development*, 161

*Erikson's Stages of Adult Psychosocial Development*, 161

##### **Families**, 161

*Types of Families*, 161

*Historical Changes in Families*, 162

*Divorce and Families*, 162

##### **Young Adults**, 162

*Physical Development*, 163

*Health Concerns of Young Adults*, 163

*Cognitive Development*, 164

*Psychosocial Development*, 164

*Developmental Tasks*, 165

##### **Middle Adulthood**, 166

*Physical Development*, 166

*Health Concerns*, 167

*Cognitive Development*, 167

*Psychosocial Development*, 168

### **13 Promoting Healthy Adaptation to Aging, 172**

#### **Overview of Aging**, 172

*Theories of Aging*, 173

*Longevity*, 173

*Demographics*, 174

#### **Physical Changes**, 174

*Health Concerns*, 176

*Health Promotion Behaviors*, 176

#### **Cognitive Aspects of Aging**, 177

*Wisdom and Learning*, 177

*Memory Issues*, 177

*Employment and Retirement*, 178

*Health Promotion Behaviors*, 178

#### **Psychosocial Aspects of Aging**, 178

*Life Review*, 178

*Family Relationships*, 178

*Social Activity*, 179

*Living Arrangements*, 179

*Health Promotion Behaviors*, 179

#### **When a Parent Needs Help**, 180

*Planning Ahead*, 180

*Observing Changes*, 180

*Resources for Families*, 180

**14 Cultural and Spiritual Aspects of Patient Care, 183**

- Transcultural Care, 184
  - What Is Culture?* 184
  - Understanding Spirituality*, 185
- Major Religions in the United States and Canada, 185
  - Christianity, 185
  - Islam, 186
  - Judaism, 188
  - Hinduism, Buddhism, and Taoism, 188
- Developing Cultural Competence, 189
  - Barriers to Cultural Competence*, 190
- Cultural Differences, 190
  - Communication*, 191
  - View of Time*, 191
  - Family Organization and Structure*, 191
  - Nutritional Practices*, 191
  - Death and Dying*, 192
  - Health Care Beliefs*, 192
  - Susceptibility to Disease*, 194
- Nursing Process in Transcultural Nursing, 194
  - Assessment (Data Collection)*, 194
  - Nursing Diagnosis*, 195
  - Planning*, 195
  - Implementation*, 195
  - Evaluation*, 196

**15 Loss, Grief, and End-of-Life Care, 198**

- Nurses' Attitudes Toward End-of-Life Care, 199
- Change, Loss, and Grief, 199
  - Change*, 199
  - Loss*, 199
  - Grief*, 200
  - Stages of Grief*, 200
- Death and Dying, 201
  - End-of-Life Care Within the Health Care System*, 201
  - Hospice and Palliative Care*, 201
  - The Dying Process*, 203
- Nursing and the Dying Process, 204
- Application of the Nursing Process, 205
  - Assessment (Data Collection)*, 205
  - Nursing Diagnosis*, 205
  - Planning*, 205
  - Implementation*, 206
  - Evaluation*, 208
- Signs of Impending Death, 208
  - Physical Signs*, 208
  - Psychosocial and Spiritual Aspects of Dying*, 208
- Legal and Ethical Aspects of Life-and-Death Issues, 209
  - Advance Directives*, 209
  - Euthanasia*, 209
  - Adequate Pain Control*, 210
  - Organ and Tissue Donation*, 210
  - Postmortem (After Death) Care*, 210

**UNIT V BASIC NURSING SKILLS, 216****16 Infection Prevention and Control: Protective Mechanisms and Asepsis, 216**

- Infectious Agents, 217
  - Bacteria*, 217
  - Prions*, 219
  - Viruses*, 219
  - Protozoa*, 219
  - Rickettsia*, 219
  - Fungi*, 219
  - Helminths*, 219
  - Other Infectious Agents*, 219
- Process (Chain) of Infection, 219
  - Causative Agent (Link One)*, 219
  - Reservoir*, 220
  - Mode of Transfer*, 220
  - Portal of Entry*, 220
  - Susceptible Host*, 221
- Body Defenses Against Infection, 223
  - Inflammatory Response*, 224
  - Immune Response*, 224
- Asepsis and Control of Microorganisms, 226
  - Medical Asepsis and Surgical Asepsis*, 226
  - Hand Hygiene*, 227
  - Standard Precautions*, 231
  - Cleaning and Disinfection*, 236
- Sepsis in the Home Environment, 237
- Infection Control Surveillance, 237

**17 Infection Prevention and Control in the Hospital and Home, 242**

- Infection, 242
  - Stages of Infection*, 242
  - Health Care–Associated Infections*, 243
- Infection Prevention and Control, 243
- Personal Protective Equipment, 245
  - Needle Stick Injuries*, 246
- Application of the Nursing Process, 246
  - Assessment (Data Collection)*, 246
  - Nursing Diagnosis*, 246
  - Planning*, 247
  - Implementation*, 247
  - Evaluation*, 260

**18 Safely Lifting, Moving, and Positioning Patients, 267**

- OVERVIEW OF THE STRUCTURE AND FUNCTION OF THE MUSCULOSKELETAL SYSTEM, 268
  - Which Structures Are Involved in Positioning and Moving Patients? 268
  - What Are the Functions of Bones for Positioning and Moving Patients? 268
  - What Are the Functions of Muscles for Positioning and Moving Patients? 268

- What Changes in the System Occur with Aging? 268
- Principles of Body Movement for Nurses, 269
  - Obtain Help Whenever Possible, 269
  - Use Your Leg Muscles, 269
  - Provide Stability for Movement, 270
  - Use Smooth, Coordinated Movements, 270
  - Keep Loads Close to the Body, 270
  - Keep Loads near the Center of Gravity, 270
  - Pull and Pivot, 271
- Principles of Body Movement for Patients, 271
  - Hazards of Improper Alignment and Positioning, 271
- Application of the Nursing Process, 271
  - Assessment (Data Collection), 271
  - Nursing Diagnosis, 272
  - Planning, 272
  - Implementation, 272
  - Evaluation, 288

## 19 Assisting with Hygiene, Personal Care, Skin Care, and the Prevention of Pressure Injuries, 295

- Overview of the Structure and Function of the Integumentary System, 296
  - What Is the Structure of the Skin? 296
  - What Are the Functions of the Skin and Its Structures? 296
  - What Changes in the System Occur with Aging? 296
- Application of the Nursing Process, 296
  - Assessment (Data Collection), 296
  - Nursing Diagnosis, 301
  - Planning, 301
  - Implementation, 301
  - Evaluation, 319

## 20 Patient Environment and Safety, 321

- Factors Affecting the Environment, 321
  - Temperature, 321
  - Ventilation, 322
  - Humidity, 322
  - Lighting, 322
  - Odor Control, 322
  - Noise Control, 322
  - Interior Design, 323
  - Neatness, 323
  - Privacy, 323
- Patient Unit, 323
  - Beds, 323
  - Bed Positions, 323
  - Bed Making, 324
- Safety, 329
  - Hazards, 329
  - Hazardous Materials, 332
- Protective Devices, 335
  - Legal Implications of Using Protective Devices, 335

- Alternatives to Protective Devices, 335
- Principles Related to the Use of Protective Devices, 336
- Documentation of the Use of Protective Devices, 339

## 21 Measuring Vital Signs, 343

- Overview of Structure and Function Related to the Regulation of Vital Signs, 344
  - How Is Body Heat Produced? 344
  - What Factors Affect Body Heat Production? 344
  - How Is Body Temperature Regulated? 344
  - How Does Fever Occur, and What Are Its Physiologic Effects? 345
  - What Physiologic Mechanisms Control the Pulse? 345
  - What Is Respiration? 345
  - What Are the Organs of Respiration? 346
  - How Is Respiration Controlled? 347
  - What Is Blood Pressure? 347
  - What Physiologic Factors Directly Affect the Blood Pressure? 347
  - What Changes Occur in Vital Signs with Aging? 347
- Measuring Body Temperature, 347
  - Factors Influencing Temperature Readings, 348
  - Problems of Temperature Regulation, 349
  - Measuring Body Temperature, 350
  - Glass Thermometers, 351
  - Electronic Thermometers, 352
  - Disposable Thermometers, 355
- Application of the Nursing Process, 355
  - Assessment (Data Collection), 355
  - Nursing Diagnosis, 355
  - Planning, 355
  - Implementation, 356
  - Evaluation, 356
- Measuring the Pulse, 357
  - Common Pulse Points, 357
  - Pulse Rate, 358
  - Pulse Characteristics, 360
- Application of the Nursing Process, 361
- Measuring Respirations, 361
  - Respiratory Patterns, 362
  - Measuring Oxygen Saturation of the Blood, 364
- Measuring the Blood Pressure, 364
  - Equipment Used for Measuring Blood Pressure, 365
  - Korotkoff Sounds, 369
  - Hypertension, 369
  - Hypotension, 370
- Application of the Nursing Process, 370
- Pain, the Fifth Vital Sign, 371
- Automated Vital Sign Monitors, 371
- Documenting Vital Signs, 371
  - Recording Temperature Measurements, 371

- Recording Pulse Measurements, 372*
- Recording Respiration Measurements, 372*
- Recording Blood Pressure Measurements, 372*
- Evaluating Vital Sign Trends, 372*

## **22 Assessing Health Status, 375**

- Data Collection and Assessment, 375
- Application of the Nursing Process, 376
  - Assessment (Data Collection), 376*
  - Nursing Diagnosis, 388*
  - Planning, 388*
  - Implementation, 388*
  - Evaluation, 396*

## **23 Admitting, Transferring, and Discharging Patients, 398**

- Types of Admissions, 398
  - Routine Admissions, 398*
  - Emergency Admissions, 399*
- Admission Process, 399
  - Preadmission Procedures and Requirements, 399*
  - Day of Admission, 399*
  - Reactions to Admission, 402*
  - Plan of Care, 402*
- Patient Transfer to Another Hospital Unit, 402
- Discharging the Patient, 403
  - Discharge to an Extended-Care or Rehabilitation Facility, 403*
  - Discharge Home, 403*
- Death of a Patient, 404
  - Providing Support for Significant Others, 404*
  - Pronouncement of Death, 404*
  - Autopsies, 405*
  - Organ Donation, 405*

## **24 Diagnostic Tests and Specimen Collection, 407**

- Diagnostic Tests and Procedures, 408
- Application of the Nursing Process, 408
  - Assessment (Data Collection), 408*
  - Nursing Diagnosis, 408*
  - Planning, 408*
  - Implementation, 408*
  - Evaluation, 430*

## **UNIT VI MEETING BASIC PHYSIOLOGIC NEEDS, 436**

### **25 Fluid, Electrolyte, and Acid-Base Balance, 436**

- Composition of Body Fluids, 436
  - Water, 436*
  - Electrolytes, 438*
  - Nonelectrolytes, 438*
  - Blood, 438*

- Distribution of Body Fluids, 438*
- Movement of Fluid and Electrolytes, 438*
- Fluid and Electrolyte Imbalances, 440**
  - Deficient Fluid Volume, 441*
  - Excess Fluid Volume, 442*
  - Electrolyte Imbalances, 442*

### **Acid-Base Balance, 447**

- pH, 447*
- Bicarbonate, 447*
- Control Mechanisms, 447*
- Acid-Base Imbalances, 447**
  - Respiratory Acidosis, 449*
  - Metabolic Acidosis, 449*
  - Respiratory Alkalosis, 449*
  - Metabolic Alkalosis, 450*

### **Application of the Nursing Process, 450**

- Assessment (Data Collection), 450*
- Nursing Diagnosis, 451*
- Planning, 451*
- Implementation, 451*
- Evaluation, 455*

## **26 Concepts of Basic Nutrition and Cultural Considerations, 458**

### **Overview of the Structure and Function of the**

- Gastrointestinal System, 459*
- Which Structures Are Involved in the Gastrointestinal (Digestive) System? 459*
- What Are the Functions of the Organs of the Gastrointestinal System? 459*
- What Changes in the Digestive System Occur with Aging? 460*

### **Dietary Guidelines, 460**

- USDA Myplate and the 2015 Dietary Guidelines for Americans, 460*

### **Protein, 462**

- Functions of Protein, 462*
- Food Sources of Protein, 462*
- Dietary Reference Intakes of Protein, 462*
- Protein Deficiency, 463*
- Protein Excess, 463*

### **Vegetarian Diets, 463**

### **Carbohydrates, 464**

- Functions of Carbohydrates, 464*
- Simple Carbohydrates, 464*
- Complex Carbohydrates (Starches), 464*
- Recommendations for Intake, 464*
- Fiber, 465*

### **Fats (Lipids), 465**

- Functions of Fat, 465*
- Food Sources of Fat, 466*

### **Vitamins, 466**

### **Minerals, 467**

### **Water, 469**

### **Factors that Influence Nutrition, 469**

- Age, 472*
- Illness, 472*

*Emotional Status, 472*

*Economic Status, 472*

*Religion, 472*

*Culture, 472*

*Food Safety, 472*

Cultural Influences on Nutrition, 473

*African American, 473*

*Hispanic American, 473*

*Asian American, 473*

*Middle Eastern American, 473*

*Nutrition Counseling, 473*

Nutritional Needs Throughout the Life Span, 473

*Infants, 473*

*Toddlers and Preschool Children, 475*

*School-Age Children, 475*

*Adolescents, 475*

*Adults, 475*

*Older Adults, 476*

Application of the Nursing Process, 477

*Assessment (Data Collection), 477*

*Nursing Diagnosis, 479*

*Planning, 479*

*Implementation, 479*

*Evaluation, 480*

## **27 Nutritional Therapy and Assisted Feeding, 484**

The Goals of Nutritional Therapy, 485

The Postoperative Patient, 487

Health Issues Related to Nutrition, 487

*Feeding and Eating Disorders, 487*

*Obesity, 489*

*Pregnancy, 490*

*Substance-Related and Addictive Disorders, 490*

Disease Processes That Benefit from Nutritional Therapy, 491

*Cardiovascular Disease, 491*

*Diabetes Mellitus, 491*

*HIV/AIDS, 493*

Assisted Feeding, 494

*Nasogastric and Enteral Tubes, 495*

*Percutaneous Endoscopic Gastrostomy or*

*Jejunostomy Tubes, 496*

*Feeding Tubes and Pumps, 500*

*Total Parenteral Nutrition, 504*

Application of the Nursing Process, 505

*Assessment (Data Collection), 505*

*Nursing Diagnosis, 505*

*Planning, 505*

*Implementation, 505*

*Evaluation, 505*

## **28 Assisting with Respiration and Oxygen Delivery, 508**

Overview of the Structure and Function of the Respiratory System, 508

*Which Structures Are Involved in Respiration? 508*

*What Are the Functions of the Respiratory Structures? 509*

*What Changes Occur with Aging That Affect Respiration? 509*

Hypoxemia, 510

*Symptoms of Hypoxia, 510*

*Pulse Oximetry, 511*

Airway Obstruction and Respiratory Arrest, 511

Clearing Respiratory Secretions, 513

*The Effective Cough, 513*

*Postural Drainage, 518*

Oxygen Administration, 518

*Cannula, 522*

*Masks, 522*

Artificial Airways, 522

*Nasopharyngeal Suctioning, 524*

*Tracheobronchial Suctioning, 526*

*Tracheostomy, 529*

Chest Drainage Tubes, 529

Application of the Nursing Process, 530

*Assessment (Data Collection), 530*

*Nursing Diagnosis, 532*

*Planning, 532*

*Implementation, 533*

*Evaluation, 539*

## **29 Promoting Urinary Elimination, 541**

Overview of Structure and Function of the Urinary System, 542

*Which Structures Are Involved in Urinary Elimination? 542*

*What Are the Functions of the Urinary Structures for Elimination? 542*

*What Factors Can Interfere with Urinary Elimination? 543*

*What Changes in the System Occur with Aging? 543*

Normal Urinary Elimination, 543

*Factors Affecting Normal Urination, 543*

*Characteristics of Normal Urine, 543*

Alterations in Urinary Elimination, 544

Application of the Nursing Process, 545

*Assessment (Data Collection), 545*

*Nursing Diagnosis, 547*

*Planning, 548*

*Implementation, 548*

*Evaluation, 570*

## **30 Promoting Bowel Elimination, 572**

Overview of the Structure and Function of the Intestinal System, 573

*Which Structures of the Intestinal System Are Involved in Waste Elimination? 573*

*What Are the Functions of the Intestines? 573*

*What Effect Does Aging Have on the Intestinal Tract? 574*

- Characteristics of Stool, 574
  - Normal Characteristics of Stool, 574*
  - Abnormal Characteristics of Stool, 574*
- Hypoactive Bowel and Constipation, 574
- Hyperactive Bowel and Diarrhea, 576
- Fecal Incontinence, 577
- Application of the Nursing Process, 577
  - Assessment (Data Collection), 577*
  - Nursing Diagnosis, 577*
  - Planning, 577*
  - Implementation, 578*
  - Evaluation, 580*
- Rectal Suppositories, 580
- Enemas, 580
  - Types of Enemas, 580*
  - Amount and Temperature of Solution, 580*
  - Recommended Position, 581*
- Rectal Tube, 581
- Fecal Impaction, 583
- Bowel Training for Incontinence, 584
- Bowel Ostomy, 585
  - Ostomy Care, 587*

### 31 Pain, Comfort, and Sleep, 593

- Pain and Discomfort, 594
  - Theories of Pain, 594*
  - Types of Pain, 595*
- Application of the Nursing Process, 597
  - Assessment (Data Collection), 597*
  - Nursing Diagnosis, 599*
  - Planning, 599*
  - Implementation, 599*
  - Evaluation, 608*
- Sleep, 608
  - Functions of Sleep, 609*
  - Stages of Sleep, 609*
  - Normal Sleep Requirements, 609*
  - Factors Affecting Sleep, 610*
  - Sleep Disorders, 610*
- Application of the Nursing Process, 611
  - Assessment (Data Collection), 611*
  - Nursing Diagnosis, 611*
  - Planning, 611*
  - Implementation, 611*
  - Evaluation, 612*

### 32 Complementary and Alternative Therapies, 614

- Complementary and Alternative Medicine, 614
- Mind and Body Interventions, 615
  - Acupuncture, 615*
  - Yoga, 615*
  - Chiropractic, 616*
  - Massage Therapy, 616*
  - Relaxation Therapy, 616*
  - Imagery, 616*
  - Meditation, 616*
  - Biofeedback, 616*

- Biofield Therapies, 616*
- Hypnotherapy, 617*
- Music, Art, and Dance Therapy, 617*
- Humor, 617*
- Prayer, 617*
- Natural Products, 617
  - Herbal Therapy and Dietary Supplements, 617*
  - Aromatherapy, 619*
- Other Complementary Interventions, 619
  - Homeopathic Medicine, 619*
  - Naturopathic Medicine, 619*
  - Traditional Chinese Medicine, 619*
  - Ayurveda, 619*
  - Shamanism, 619*
  - Folk Medicine, 620*
  - American Indian Medicine, 620*
- The Nurse's Role in Complementary and Alternative Therapies, 620

## UNIT VII MEDICATION ADMINISTRATION, 622

### 33 Pharmacology and Preparation for Drug Administration, 622

- Pharmacology, 622
  - Classification of Drugs, 623*
  - Legal Control of Drugs, 625*
  - Basic Concepts of Pharmacology, 626*
- Medication Administration and Safety, 629
  - Considerations for Infants and Children, 631*
  - Considerations for the Older Adult, 632*
  - Considerations for Home Care, 633*
  - Problems of Nonadherence, 633*
- Application of the Nursing Process, 634
  - Assessment (Data Collection), 634*
  - Nursing Diagnosis, 636*
  - Planning, 636*
  - Implementation, 637*
  - Evaluation, 641*

### 34 Administering Oral, Topical, and Inhalant Medications, 644

- Nursing Responsibilities in Medication Administration, 645
- Medication Orders, 645
  - Types of Orders, 646*
  - Regularly Scheduled or Routine Medication Orders, 647*
  - Dosage of Medications, 647*
  - Routes of Oral and Topical Medication Administration, 647*
  - Medication Administration and Technology, 648*
  - Medication Administration Record, 649*

- Medication Administration Systems, 649
  - Unit-Dose System*, 649
  - Prescription System*, 650
  - Preparation of Oral Controlled Substances from a Dispenser*, 650
- Topical Drugs, 652
- Application of the Nursing Process, 652
  - Assessment (Data Collection)*, 652
  - Nursing Diagnosis*, 652
  - Planning*, 653
  - Implementation*, 653
  - Evaluation*, 669
- Medication Errors, 669

### **35 Administering Intradermal, Subcutaneous, and Intramuscular Injections, 673**

- Principles of Parenteral Injections, 674
- Routes for Parenteral Medication, 674

- Intradermal Route*, 675
- Subcutaneous Route*, 675
- Intramuscular Route*, 675

- Injection Equipment, 676

- Types of Syringes*, 676
- Measurement Scales*, 676
- Needle Gauge and Length*, 676
- Preventing Needle Sticks*, 677
- Syringe and Needle Selection*, 678
- Preparing the Syringe for Use*, 678

- Parenteral Solutions, 678

- Using a Medication Ampule*, 678
- Using a Medication Vial*, 680
- Reconstitution of a Drug*, 681
- Compatibility of Medications*, 681

- Application of the Nursing Process, 683

- Assessment (Data Collection)*, 683
- Nursing Diagnosis*, 683
- Planning*, 684
- Implementation*, 684
- Evaluation*, 696

### **36 Administering Intravenous Solutions and Medications, 699**

- Intravenous Therapy, 700
- Licensed Practical Nurse/Licensed Vocational Nurse's Role in Intravenous Therapy, 700
- Types of Intravenous Solution, 700
- Equipment for Intravenous
  - Administration*, 703
  - Administration Sets*, 703
  - Infusion Pumps and Controllers*, 705
  - Venous Access Devices*, 707
- Complications of Intravenous Therapy, 709
  - Infiltration*, 709
  - Extravasation*, 709
  - Phlebitis*, 710
  - Bloodstream Infection*, 710
  - Other Complications*, 710

- Application of the Nursing Process, 710

- Assessment (Data Collection)*, 710
- Nursing Diagnosis*, 711
- Planning*, 711
- Implementation*, 712
- Evaluation*, 731

## **UNIT VIII CARE OF THE SURGICAL AND IMMOBILE PATIENT, 733**

### **37 Care of the Surgical Patient, 733**

- Reasons for Surgery, 734
- Patients at Higher Risk for Surgical
  - Complications*, 734
- Perioperative Nursing, 735
- Enhancements to Surgical Technique, 735
  - Laser Surgery*, 735
  - Fiberoptic Surgery*, 735
  - Robotic Surgery*, 736
- Anesthesia, 736
  - General Anesthesia*, 736
  - Regional Anesthesia*, 736
  - Procedural (Moderate) Sedation Anesthesia*, 736
  - Local Anesthesia*, 736
- Preoperative Procedures, 737
  - Surgical Consent*, 737
  - Surgical Site Identification*, 737
  - Physical Examination*, 737
- Application of the Nursing Process, 738
  - Preoperative Care*, 738
  - Assessment (Data Collection)*, 738
  - Nursing Diagnosis*, 739
  - Planning*, 739
  - Implementation*, 739
  - Evaluation*, 743
- Intraoperative Care*, 747
- Role of the Scrub Person and Circulating Nurse*, 748
- Postanesthesia Immediate Care*, 748
- Postanesthesia Care in the Same-Day Surgery Unit*, 748
- Postoperative Care, 749
  - Assessment (Data Collection)*, 749
  - Nursing Diagnosis*, 749
  - Planning*, 750
  - Implementation*, 751
  - Evaluation*, 755

### **38 Providing Wound Care and Treating Pressure Injuries, 759**

- Types of Wounds and the Healing Process, 760
- Phases of Wound Healing, 761
- Factors Affecting Wound Healing, 762
  - Age*, 762
  - Nutrition*, 762
  - Lifestyle*, 762
  - Medications*, 765
  - Infection*, 765

- Chronic Illness, 765
- Complications of Wound Healing, 765
  - Hemorrhage, 765
  - Infection, 765
  - Dehiscence and Evisceration, 766
- Treatment of Wounds, 766
  - Wound Closure, 766
  - Drains and Drainage Devices, 767
  - Débridement, 768
  - Dressings, 769
  - Binders, 770
  - Negative Pressure Wound Therapy, 771
- Treatment of Pressure Injuries or Vascular Ulcers, 772
- Application of the Nursing Process, 772
  - Assessment (Data Collection), 772
  - Nursing Diagnosis, 773
  - Planning, 773
  - Implementation, 773
  - Evaluation, 787

### 39 Promoting Musculoskeletal Function, 789

- Systemic Effect of Immobilization, 790
- Psychosocial Effects of Immobilization, 791
- Types of Immobilization, 792
  - Splints, 792
  - Traction, 792
  - Casts, 794
  - External Fixators, 795
- Devices Used to Prevent Problems of Immobility, 796
  - Specialty Beds, 796
  - Pressure Relief Devices, 796
  - Continuous Passive Motion Machine, 797
- Therapeutic Exercise, 797
- Application of the Nursing Process, 798
  - Assessment (Data Collection), 798
  - Nursing Diagnosis, 799
  - Planning, 799
  - Implementation, 800
  - Evaluation, 812

## UNIT IX CARING FOR THE ELDERLY, 815

### 40 Common Physical Care Problems of the Older Adult, 815

- Getting Older, 815
- Immobility, 815
  - Nursing Interventions to Promote Mobility, 816
  - Preventing Falls, 818

- Alteration in Elimination, 819
  - Urinary Incontinence, 819
  - Constipation and Fecal Impaction, 820
- Alteration in Nutrition, 820
  - Nursing Interventions for Nutritional Support, 821
- Sensory Deficits, 821
  - Vision Deficits, 821
  - Hearing Deficit, 823
- Sexuality, 823
- Polypharmacy, 824
  - Nursing Interventions for Polypharmacy, 825

### 41 Common Psychosocial Care Problems of the Older Adult, 830

- Changes in Cognitive Functioning in Older Adults, 830
- Assessment of Cognitive Changes in Older Adults, 831
- Common Cognitive Disorders in Older Adults, 831
  - Confusion, 831
  - Delirium, 831
  - Dementia, 832
    - Alzheimer Disease, 834
- Safety for the Cognitively Impaired, 835
  - Behaviors Associated with Cognitive Disorders, 835
- Depression, Alcoholism, and Suicide, 837
  - Interventions for Depression, Alcoholism, and Suicide Prevention, 838
- Crimes Against Older Adults, 839
  - Elder Abuse, 839
  - Scams and White-Collar Crime, 840
- Future Issues of Concern to Older Adults, 840
  - Planning for the Future, 841

## APPENDIXES

- A Standard Steps for All Nursing Procedures, 843
- B NFLPN Nursing Practice Standards for the Licensed Practical/Vocational Nurse, 845
- C American Nurses Association Code of Ethics for Nurses, 847
- D Standard Precautions, 848
- E Most Common Laboratory Test Values, 851
- F NANDA-I Approved Nursing Diagnoses, 2015-2017, 854
