Contributors	vii
Prefaceix
1. Basic Biology of Oral Microbes	
1.1 Cytological Basis of Microorganisms1
1.2 Microbial Morphology1
1.3 Microbial Cell Structure1
1.4 Microbial Physiology8
1.5 Microbial Genetics9
2. Techniques for Oral Microbiology	
2.1 Smear and Stain Techniques15
2.2 Isolation, Incubation, and Identification Techniques21
2.3 Microscopy Techniques27
2.4 Oral Microecology Techniques32
2.5 Oral Microbiome Techniques35
3. Supragingival Microbes	
3.1 Gram-Positive Bacteria41
3.2 Gram-Negative Bacteria62
4. Subgingival Microbes	
4.1 Gram-Positive Bacteria67
4.2 Gram-Negative Bacteria72
5. Oral Mucosal Microbes	
5.1 Gram-Positive Bacteria95
5.2 Gram-Negative Bacteria100
5.3 Mycoplasma103
5.4 Fungi104
5.5 Virus107
