

# Sheep Ailments

Recognition and Treatment

**Eddie Straiton**

*The original TV vet*

Seventh edition

# Contents

Preface	10
Acknowledgements	11
Foreword	12
<b>GENERAL COMMONSENSE ADVICE</b>	<b>13</b>
<b>METABOLIC DISEASES</b>	
1 Pregnancy Toxaemia (Twin Lamb Disease)	15
2 Hypomagnesaemia	19
3 Lambing Sickness	22
4 Cerebrocortical Necrosis	23
5 Swayback	24
6 Acidosis	26
7 Pine	27
8 Vitamin E or Selenium Deficiency	28
9 Phosphorus Deficiency	29
<i>Double scalp • Rickets (Bent-Leg) • Open mouth</i>	
10 Vitamin A Deficiency	31
<b>CLOSTRIDIAL DISEASES</b>	
11 Enterotoxaemia	32
12 Lamb Dysentery	34
13 Braxy	35
14 Black Disease	36
15 Clostridial Infection of Wounds	38
16 Tetanus	40
17 Botulism	41

**DISEASES OF TICK AREAS**

18 Louping Ill (Trembling)	43
19 Tick-Borne Fever	44
20 Tick Pyaemia (Enzootic Staphylococcal Infection)	45

**ADDITIONAL DISEASES OF LAMBS**

21 Scour in Lambs (Neonatal Diarrhoea)	47
<i>E. coli</i> infection • Watery mouth • Salmonellosis • Coccidiosis	
22 Daft Lamb Disease (Cerebellar Atrophy)	51
23 Joint-Ill (Bacterial Polyarthrits)	52
24 Liver Abscesses (Hepatic Necrobacillosis – <i>Fusiformis Necrophorus</i> Infection)	54
25 Stiff Lamb Disease	55
26 Hypothermia	57

**INTERNAL PARASITES**

27 Roundworms (Gastro-intestinal Helminthiasis) (Nematodes)	62
28 <i>Nematodirus</i> Infection	66
29 Fluke, Fasciolosis, Liver Rot (Liver Fluke Disease)	68
30 Tapeworms	71

**FOOT CONDITIONS**

31 Foot Rot	73
32 Additional Foot Conditions	78
<i>Foot and mouth disease</i> • <i>Redfoot</i> • <i>Strawberry foot rot</i> • <i>Foot abscess</i> • <i>Scald (Interdigital dermatitis)</i>	

**INFERTILITY AND ABORTION**

33 Infertility	82
34 Abortion	83
<i>Enzootic abortion</i> • <i>Vibrionic abortion</i> • <i>Salmonella abortion</i> • <i>Toxoplasmosis abortion</i> • <i>Q Fever abortion</i>	
35 Urolithiasis (Inability to pass urine)	87

**OBSTETRICS**

36	How Long Should Ewes be Kept?	89
37	Natural Lambing	90
38	A Guide to Good Lambing	93
39	Ringworm in Ewes	97
40	Caesarean Section	100
41	Prolapse of the Cervix	103
42	Prolapse of the Uterus	109
43	Dealing with Malpresentations	113
44	Common Malpresentations	116
	<i>Head back • Two lambs coming together •</i>	
	<i>Single head presented with one or both legs back •</i>	
	<i>Head and one leg outside the vulva • Head out and</i>	
	<i>swollen • Posterior presentation • Breech presentation</i>	
	<i>• Torsion of the uterus • Dog-sitting position</i>	
45	Foetal Abnormalities	129
	<i>Dropsical lamb • Imperforate anus • Entropion</i>	
	<i>(turned-in eyelids)</i>	
46	Retained Afterbirth	130
47	Mastitis	131
48	Care of the New-Born Lamb	133
49	Persuading a Ewe to Adopt an Orphan Lamb	135
50	Docking and Castration	136

**GENERAL SHEEP DISEASES**

51	Actinobacillosis	137
52	Anthrax	138
53	Border Disease	139
54	Contagious Ophthalmia	
	(Infectious Keratoconjunctivitis)	141
55	External Parasites	143
	<i>Lice - pediculosis • Psoroptic and sarcoptic mange •</i>	
	<i>Chorioptic mange • Demodectic mange • Ticks •</i>	
	<i>Blowfly myiasis (strike)</i>	
56	Poisoning	146
57	Kale Poisoning	147
58	Other Plant Poisons	148
	<i>Bracken poisoning (bright blindness) •</i>	
	<i>Rhododendron poisoning</i>	
59	Copper Poisoning	149

60	Lead Poisoning	150
61	Sturdy or Gid (Coenurosis)	152
62	Johne's Disease	153
63	Lightning Stroke	155
64	Listeriosis	156
65	Mycotic Dermatitis (Lumpy Wool Disease, Wool Rot)	157
66	Orf and Similar Conditions <i>Entropion (turned-in eyelids) • Periorbital eczema (Staphylococcal dermatitis • Alopecia (wool slip)</i>	158
67	Photosensitization <i>Facial eczema, yellowuses, head grit • Allergic dermatitis • Headfly disease • Nasal fly disease</i>	162
68	Pneumonia <i>Bacterial (enzootic pneumonia, pasteurellosis) • Parasitic pneumonia (husk) • Mechanical pneumonia</i>	164
69	Chronic Pneumonias <i>Maedi-visna • Jaagsiekte (Pulmonary adenomatosis) • Pneumonia of housed sheep</i>	167
70	Scrapie	169
71	Uncommon Sheep Conditions <i>Tuberculosis • Ringworm • Ked infestation • Pizzle rot (posthisis) • Accidents • Sheep-worrying • Damage from rams fighting • Broken legs in lambs</i>	171
<b>HEALTH AND MANAGEMENT</b>		
72	Protecting the Indoor Ewe and Lamb	173
73	Hill Sheep Farming <i>In Scotland • Preventative medicine plan</i>	176
74	Recent Advances and their Practical Commercial Potential <i>Commercial embryo transfer • Artificial insemination • Controlled breeding (Ram testing, sponges, induction) • Pregnancy diagnosis using scanners • Specialized feeding • Condition scoring</i>	178
75	How to Keep a Clean Flock	180
	Index	184
