Part One Setting the Stage: The Importance of Analyzing and Managing Costs, 1

1. The Role of Cost-Management: Finding Opportunity and Leading Change, 2
2. Using Lead and Lag Measures to Communicate, Motivate, and Evaluate, 38
3. Managing Costs of Constrained Resources, 76

Part Two Cost Measurement Systems, 105

4. Measuring Costs of Operations, 106
5. The Design and Use of Activity-Based Costing Systems, 146
6. Cost Flows and Job Costing, 206
7. Process Costing, 260
8. Joint Process Costing, 310
9. Managing and Allocating Support-Service Costs, 346

Part Three Process Management and Decision Making: Identifying Opportunities for Improvement, 403

10. Methods and Implementation of Activity-Based Management, 404
11. Managing Quality and Time to Create Value, 436
12. Cost Estimation, 484
13. Financial Modeling and Decision Making, 538
14. Making Long-Term Capital Investment Decisions, 590

Part Four Financial and Operational Budgeting and Performance Analysis, 621

15. Budgeting and Financial Planning, 622
16. Standard Costing, Variance Analysis, and Kaizen Costing, 674
17. Flexible Budgets, Overhead Cost Management, and Activity-Based Budgeting, 720
18. Customer Profitability Analysis, Sales Performance Evaluation, and Income Reporting, 764

Part Five Evaluating and Managing Performance, 819

19. Organizational Design, Responsibility Accounting, and Evaluation of Divisional Performance, 820
20. Transfer Pricing, 868
21. Incentive Systems and Performance Measurement, 900

Glossary, 938

Credits, 948

Bibliography, 949

Index, 956

Prologue: Modern Cost Management Practices, xxxvii

Why This Approach to Cost Management?, xxxviii

What Is New about Modern Management?, xxxviii

Corporate Express in a Nutshell, xxxix

Global Environment of Cost Management, xxxix

Addressing Global Competition, xxxix

Making Global Decisions, xl

Choosing the Organization's Long-Term Strategy: Survival of the Fittest?, xl

Defining the Organization's Scale and Scope of Operations, xli

Planning and Organizing the Use of Resources into Efficient Operations, xli

Implementing Plans and Organizational Change, xlii

Measuring and Communicating Results, xliii

Motivating and Evaluating Performance of Individuals and Teams, xliv

Communicating Plans and Results to Constituents, xlv

Evaluating Success of Decision-Making and Making Improvements, xlv

Forming a Cost-Management Team, 17

Analysis of Pursuit.Com's Accounts Receivable Process, 17

Employees Who Do the Work Often Know Best, 21

The Team's Recommendation, 21

Implementing Plans and Organizational Change at Pursuit.Com, 22

Chapter Summary, 23

Key Terms, 23

Meeting the Cost Management Challenge, 23

Solutions to You're the Decision Maker, 24

Appendix to Chapter 1: Institute of Management Accountants: Standards of Ethical Conduct for Management Accountants, 27

Review Questions, 28

Critical Analysis, 28

Exercises, 29

Problems, 31

Cases, 34

2 Using Lead and Lag Measures to Communicate, Motivate, and Evaluate, 38

MST: Ahead of the Competition, 40

Lead and Lag Indicators: Signals of Performance, 40

Measures of Organizational Learning and Growth, 42

Employee Education and Training, 43

Innovativeness, 43

Opportunities for Improvement, 43

New Product Development Time, 43

Measuring Results: Process Efficiency, 44

Measuring Quality, 45

Measuring Productivity, 46

Measuring Cycle Time, 47

Measuring Throughput Efficiency, 48

Preventing Process Mistakes, 49

Measuring Customer Satisfaction and Loyalty, 50

Measuring Customer Satisfaction, 50

Measuring Customer Loyalty, 51

Social and Cultural Differences as Factors in Customer Satisfaction, 51

Using Lead Indicators for Product and Service Design, 52

Target Costing for Product Design, 52

Part One

Setting the Stage: The Importance of Analyzing and Managing Costs, 1

1 The Role of Cost Management: Finding Opportunity and Leading Change, 2

Cost-Management Challenges at Pursuit.Com, 4

The Organizational Role of Cost Management, 5

Who Are Cost Managers?, 5

Pursuit.Com's Team Focus, 6

Cost Management and the Cost Manager, 8

Choosing a Long-Term Strategy at Pursuit.Com, 9

Benchmarking: A Cost-Management Technique for Strategic Choice and Improvement, 10

Choosing Pursuit.Com's Scale and Scope of Operations, 12

Configuring Pursuit.Com's Value Chain, 14

Analyzing Alternative Value-Chain Configurations, 14

Planning and Organizing the Efficient Use of Resources at Pursuit.Com, 16

Communicating Results to Employees, 54

The Balanced Scorecard, 55

Quantifying the Causal Relationships, 57

Chapter Summary, 60

Key Terms, 61

Meeting the Cost Management Challenge, 61

Solutions to You're the Decision Maker, 61

Appendix to Chapter 2: Setting up Computer Spreadsheets, 65

Review Questions, 66

Critical Analysis, 67

Exercises, 67

Problems, 69

Cases, 73

3 Managing Costs of Constrained Resources, 76

Introduction, 78

Goals and Limits of Productive Processes, 79

The Aerial View/Overview of the Problem, 79

Process Capacity, 80

The Theory of Constraints: The Basics, 81

What Is a Bottleneck?, 81

Measures of Capacity, 82

Managing Constraints, 87

Tackling the Bottlenecks at CMD, 92

Chapter Summary, 93

Key Terms, 93

Meeting the Cost Management Challenges, 93

Solutions to You're the Decision Maker, 94

Review Questions, 95

Critical Analysis, 95

Exercises, 96

Problems, 98

Cases, 101

Part Two

Cost Measurement Systems, 105

4 Measuring Costs of Operations, 106

Introduction, 108

What Are the Resources of an Organization?, 108

Types of Resources, 108

How Resources Are Used, 109

Traceability of Resources, 110

Three Dimensions of Resources, 111

How Do Organizations Measure Costs of Resources?, 112

Design Issues, 113

What Do We Really Mean by "Cost?", 114

Total Cost, 115

Average Cost, 116

Tracing versus Allocating Costs, 117

Unit-Level Costs and Variable Costs, 118

Fixed Costs, Committed Costs, and Sunk Costs, 119

Alternative Costing Methods, 121

Throughput Costing, 121

Variable Costing, 123

Absorption Costing, 123

Financial Management of Processes, 125

Throughput Costing, 126

Variable Costing, 128

Absorption Costing, 130

Comparing Operating Incomes, 130

Chapter Summary, 133

Key Terms, 134

Meeting the Cost Management Challenges, 134

Solutions to You're the Decision Maker, 135

Review Questions, 136

Critical Analysis, 137

Exercises, 137

Problems, 138

Cases, 144

5 The Design and Use of Activity-Based Costing Systems, 146

PMI's Decision-Making and Cost-System Design, 148

PMI's Competitive Situation, 148

Cost-System Design, 148

PMI's Resources and Activities, 149

ABC: Application to Service and Manufacturing, 150

Processes at PMI, 150

Describing the Hierarchy of Resources, 152

Activities: Their Impacts on Resource Use, 153

Stage 1: Measuring the Costs of Activities, 155

Approaches to Identification and Classification of Activities, 155

PMI's Activity List, 157

Selecting Cost-Driver Bases, 160

Measuring Resource Costs of Activities, 163
Tracing Resource Costs to Activities, 163
Is Something Wrong with This Picture?, 168
Measuring Stage 2 Cost-Driver Rates, 173
Condensing the Activity List, 173
Tracing Costs of Activities to Products and Services, 176
Unit-Level ABC Costs, 177
Full-ABC Costs, 177
Per-Unit Cost Difference, 180
Product and Customer Profitability, 181
Product Profitability, 181
Customer Profitability, 182
Estimating the Costs of New Products Using ABC, 184
A Simple Case: Different Materials Only, 184
A More Complex Case: The Novelty Toy Decision, 184

Chapter Summary, 187

Key Terms, 188

Meeting the Cost Management Challenges, 188

Solutions to You're the Decision Maker, 188

Appendix to Chapter 5: Additional Activity Data, 190

Review Questions, 194

Critical Analysis, 194

Exercises, 195

Problems, 198

Cases, 201

6 Cost Flows and Job Costing, 206

How Do Organizations Choose among Costing Systems?, 208

Evaluating Major Types of Costing Systems, 209

The Basic Cost Flow Model, 210

Cost Flows and Jobs, 211

Managing and Using Cost Flow Information, 212

Tracing and Assigning Costs to Jobs, 213

Setting Predetermined Cost-Driver Rates, 214

Using Predetermined Cost-Driver Rates, 216

Job-Cost Accounting Systems, 222

Basic Job-Cost Flows, 222

Larsen Construction Job-Cost Accounts, 223

Job-Cost Summary, 225

Completion of Jobs, 226

Sale of Completed Jobs: Finished Goods to Cost of Goods Sold, 226

Overhead Adjustments, 226

Managing Jobs and Projects, 231

Project Management, 231

Job Cost and Project Improprieties, 233

Using Job Costs for Planning and Decision-Making, 235

Chapter Summary, 236

Key Terms, 236

Meeting the Cost Management Challenges, 236

Solutions to You're the Decision Maker, 237

Appendix A: Job-Cost Journal Entries, 239

Appendix B: Activity Costing for Job RR6, 241

Review Questions, 244

Critical Analysis, 244

Exercises, 245

Problems, 249

Cases, 257

7 Process Costing, 260

Monterey Bay Abalone's Profitability and Outlook, 262

Process Costing System Design, 262

Monterey Bay Abalone, 265

Monterey Bay Abalone's Aquaculture Processes, 265

Why It's Important to Have Reliable Process Cost Information, 267

Process Costing: The Basics, 268

Preview of the Examples, 268

Example 1: All Units Fully Completed (No Beginning or Ending WIP Inventory), 268

Basic Calculations, 269

Decision-Making Implications, 269

Example 2: Some Units Not Fully Completed (Ending WIP Inventory), 270

Process-Costing Steps, 270

Step 1: Compute the Flow of Physical Units, 270

Step 2: Compute Equivalent Units, 271

Step 3: Summarize Costs to Account for, 272

Step 4: Compute Cost per Equivalent Unit, 272

Step 5: Assign Costs to Units Completed and in Process, 273

Accounting Entries, 274

Example 3: Recognizing Costs of Spoilage (Mortality), 274

Computing Spoilage Costs, 275

Reporting Spoilage Costs, 278

Example 4: Beginning and Ending WIP Plus Spoilage (Mortality), 278

Weighted-Average Costing versus FIFO, 279
 Using Weighted-Average Costing, 279
 Using FIFO Costing, 282
 Choosing between Weighted-Average and FIFO
 Process Costing: Comparing Costs and Benefits, 286
 Stop and Review: Comparison of Process Costing
 Steps for the Two Methods, 287
**Example 5: Accounting for Costs Transferred to
 Another Process, 288**
Chapter Summary, 291
Key Terms, 291
Meeting the Cost Management Challenges, 291
Solutions to You're the Decision Maker, 292
Appendix A: Process-Costing Journal Entries, 294
Appendix B: Operation Costing, 295
Review Questions, 297
Critical Analysis, 297
Exercises, 298
Problems, 302
Cases, 306

8 Joint Process Costing, 310

Joint Product Processes, 312
 The Importance of Split-Off, 312
 One Input—More than One Input, 313
**The Decision Challenge: Which Joint Products to
 Produce?, 313**
 Estimating Profit from Joint Products, 314
 Sell Intermediate Products or Process Them
 Further?, 315
 Maximizing the Profit of Joint Product Processes, 317
 Profit Analysis of Option 1—Specialty and Standard
 Lumber Plus Wood Chips or Wood Pulp, 317
 Profit Analysis of Option 2—Standard Lumber Plus
 Wood Chips or Wood Pulp, 319
 Most Profitable Products, 319
Why Allocate Joint Costs?, 320
 How Joint Costs Can Be Good Business for
 Lawyers, 322
Joint Allocation Methods, 323
 Distinguishing between Main and By-Products, 323
 Using the Net Realizable Value (NRV) Method, 324
 Using the Physical-Measures Method, 325
 Choosing among Joint-Cost Allocation Methods, 329
By-Product Accounting: The Basics, 329
 What to Do with Scrap and Waste, 331
Chapter Summary, 332

Key Terms, 332
Meeting the Cost Management Challenges, 332
Solutions to You're the Decision Maker, 333
Review Questions, 334
Critical Analysis, 334
Exercises, 335
Problems, 338
Cases, 342

9 Managing and Allocating Support- Service Costs, 346

The Service-Cost Challenge, 348
 Internal or Outsourced Support Services?, 348
Managing Internal Support-Service Costs, 349
 Distinguishing between Direct and Support
 Services, 350
 Who Pays for Internal Support-Service Costs?, 351
 Support-Service Spending and Use, 352
Why Allocate Service Costs?, 353
 Decision-Making and Cost Allocations, 354
 Other Uses of Cost Allocations, 354
 Cost-Management Implications for Internal Support
 Services, 355
**Cost Allocation from Support-Service
 Departments to Internal Customers, 356**
**Step 1: Identify the Costs to Be Allocated to
 Internal Customers—Single or Multiple Cost
 Pools?, 356**
 Support-Service Spending, 356
 Support-Service Use, 357
 Measuring the Costs to Be Allocated, 358
**Step 2: Choose the Appropriate Cost-Allocation
 Base(s) and Rate(s)—ABC or Traditional?, 358**
 Activity-Based Costing Approach, 358
 Traditional Approach, 359
**Step 3: Select and Use a Cost Allocation
 Method, 361**
 Direct Method, 361
 Step Method, 365
 Ms. Fukami's Accurate but Politically Incorrect ABC
 Approach, 371
**Step 4: Determine if the Cost Allocations Achieve
 the Desired Results, 373**
 Cost Allocation Accuracy, 373
 Cost Allocation Effects, 373
 Cost Allocation Costs and Benefits, 375
Chapter Summary, 377

Key Terms, 377
Meeting the Cost Management Challenge, 377
Solutions to You're the Decision Maker, 378
Appendix to Chapter 9: The Reciprocal Method, 380
Review Questions, 387
Critical Analysis, 387
Exercises, 388
Problems, 392
Cases, 398

Part Three

Process Management and Decision Making: Identifying Opportunities for Improvement, 403

10 Methods and Implementation of Activity-Based Management, 404

The Importance of Activity-Based Information to Precision Molding, Inc.'s Success, 406

Activity-Based Costing: The Foundation of Process Improvement, 407

Combining ABC and Target Costing as a Next Step of Analysis, 407

The Importance of Customer Value, 410

Eliminating Non-Value-Added Activities Is a Competitive Necessity, 410

Identifying Value-Added Activities, 412

PMI's Value-Added Analysis, 413

What Tasks Does Activity-Based Management Require?, 414

Detailed Activity Analysis, 415

Identifying Opportunities for Process Improvement, 416

Asking the Question "Why?", 417

Cost of Saved Resources, 418

Implementation of Activity-Based Costing and Management, 418

Should All Organizations Adopt ABC and ABM?, 419

Can You Be Sure that ABC and ABM Will Be Successful?, 419

Chapter Summary, 422

Key Terms, 422

Meeting the Cost Management Challenges, 423

Solutions to You're the Decision Maker, 423

Appendix to Chapter 10: Activity Costs and Customer Values, 424

Review Questions, 426

Critical Analysis, 426

Exercises, 427

Problems, 429

Cases, 432

11 Managing Quality and Time to Create Value, 436

Why Is Quality Important?, 438

Quality at Any Cost?, 438

Total Quality Management (TQM), 439

Return on Quality (ROQ), 439

Comparing the Views of Quality, 440

Do TQM and ROQ Really Conflict?, 440

Dimensions of Quality, 441

Product and Service Attributes, 441

Customer Service before and after the Sale, 442

How Do Organizations Measure Quality?, 442

Lead Indicators of Quality, 442

Diagnostic Information, 446

Customer Satisfaction, 449

Trade-offs between Quality and Price, 451

Costs of Quality, 451

Controlling Quality, 451

Failing to Control Quality, 452

Measuring Costs of Quality, 453

Reporting Costs of Quality, 453

Quality Awards and Certificates, 454

The Importance of Managing Time in a Competitive Environment, 456

New Product and Service Development Time, 456

Customer-Response Time and Cycle Time, 456

Costs of Time, 457

Managing Quality + Time = JIT, 458

JIT Manufacturing, 458

JIT Success Factors, 462

Chapter Summary, 464

Key Terms, 464

Meeting the Cost Management Challenges, 465

Solutions to You're the Decision Maker, 465

Appendix to Chapter 11: Construction and Use of Control Charts, 468

Review Questions, 471

Critical Analysis, 471

Exercises, 472

Problems, 477

Cases, 480

12 Cost Estimation, 484

What Is Cost Estimation?, 486

Cost versus Expenditures, 486

Costs Do Not Just Happen, 487

Why Estimate Costs?, 487

Cost Management, 488

Decision Making, 488

Planning and Standard Setting, 488

A Simple World: One Cost Driver and Fixed/Variable Cost Behavior, 489

A More Complex World: Multiple Cost Drivers and Complex Cost Behavior, 490

Cost-Benefit Test, 490

Step Costs, 490

Semivariable Costs, 491

Learning Curve, 492

Cost Estimation Methods, 496

Statistical Cost Estimation Using Regression Analysis, 497

Is There a Logical Relationship between Costs and Their Drivers?, 497

A Simple Model for Regression Analysis, 498

Application to CC Catering, 499

Using the Results, 501

Using Multiple Regression Analysis to Estimate Cost Drivers for Activity-Based Management and Decision-Making, 502

Application to CC Catering, 504

A Cautionary Note about Using Regression, 506

Account Analysis Method, 506

How Do You Choose between Regression and Account Analysis?, 508

Data Problems, 508

Engineering Method, 509

Unit Costs, 509

Job Costs, 510

New Product Costs, 510

New Customer Costs, 510

Facility Costs, 510

Comparing the Estimates, 510

Using the Results, 511

Meals Sold, 511

Jobs, 512

New Products, 512

New Customers, 512

Facilities, 512

The Outsourcing Decision, 513

Costs and Benefits of Product Variety, 513

Ethical Issues, 514

Choosing an Estimation Method, 515

Relevance of Data Inputs, 515

Costs and Benefits of More Sophisticated and Detailed Methods, 515

Choosing a Cost Equation, 515

Chapter Summary, 516

Key Terms, 517

Meeting the Cost Management Challenges, 517

Solutions to You're the Decision Maker, 517

Appendix to Chapter 12: Technical Notes on Regression, 518

Review Questions, 520

Critical Analysis, 521

Exercises, 522

Problems, 529

Cases, 536

13 Financial Modeling and Decision Making, 538

What Is Financial Modeling?, 540

The Cost-Volume-Profit Model, 541

The Break-Even Point, 541

Target Income, 543

The CVP Model and Income Taxes, 544

Manipulation and Analysis of Variables, 545

Multiple Products and the Sales Mix, 545

Limitations of the Basic CVP Model, 548

CVP and ABC's Multiple Cost Drivers, 548

Using ABC in Financial Modeling, 549

The CVP Model and Short-Term Decision-Making, 551

Characteristics of Information Used in Decision-Making, 551

Relevant Information: An Expanded View, 552

Make or Buy, 555

Outsourcing at Galaxy Productions, 555

How Outsourcing Can Eliminate Non-Value-Added Activities, 556

The Concept of Opportunity Cost, 558

Nonfinancial Considerations of Closure Decisions, 559

The Optimal Use of Scarce Resources, 559

Multiple Scarce Resources, 560

Pricing Decisions, 561

Influences on Prices, 561
 Short-Run versus Long-Run Pricing Decisions, 562
 Pricing of Special Orders, 563
 More on Cost-Based Pricing, 564
 Target Costing, 565
 Life-Cycle Costs: The Impact on Prices, 567
 Pricing Practices and the Law, 567
Chapter Summary, 568
Key Terms, 568
Meeting the Cost Management Challenges, 568
Solutions to You're the Decision Maker, 569

17 Flexible Budgets, Overhead Cost Management, and Activity-Based Budgeting, 720

What Are Flexible Overhead Budgets?, 722

Advantages of Flexible Budgets, 723

The Activity Measure: Based on Input or Output, 724

The Flexible Overhead Budget Illustrated, 725

Overhead Application in a Standard-Costing System, 727

Choice of Activity Measure, 728

Impact of Information Technology, 729

Overhead Cost Variances, 729

Flexible Budget: The Basis for Overhead Cost Management, 729

Variable Overhead Variances, 730

Fixed Overhead Variances, 733

What Do Four-Way, Three-Way, and Two-Way Variance Analyses Tell the Cost Manager?, 736

Using the Overhead Cost Performance Report in Cost Management, 737

Using Standard Costs in Product Costing, 738

Journal Entries under Standard Costing, 739

Disposition of Variances, 739

Activity-Based Flexible Budget, 739

How Does ABC Affect Performance Reporting?, 742

Chapter Summary, 743

Key Terms, 743

Meeting the Cost Management Challenges, 744

Solutions to You're the Decision Maker, 745

Appendix A: Proration of Cost Variances, 746

Appendix B: Standard Costing in a Just-in-Time Environment, 750

Review Questions, 752

Critical Analysis, 752

Exercises, 752

Problems, 755

Cases, 760

18 Customer Profitability Analysis, Sales Performance Evaluation, and Income Reporting, 764

Section 1: Customer Profitability Analysis, 766

Illustration of Customer Profitability Analysis, 767

Product Life-Cycle Costs, 773

Section 2: Sales Variance Analysis, 774

Illustration of Sales Variance Analysis, 775

Incentive Effects of Commissions Based on Sales Revenue versus Contribution Margin, 786

Nonfinancial Performance Measures, 786

Meeting the Sales Budget: Possible Ethical Conflicts, 787

How Hard Should It Be to Achieve the Budget?, 787

Section 3: Income Reporting Effects of Alternative Product-Costing Approaches, 788

Product Costs, 788

Fixed Manufacturing Overhead: The Key, 788

Illustration of Absorption and Variable Costing, 789

Absorption-Costing Income Statements, 790

Variable-Costing Income Statements, 790

Reconciling Income under Absorption and Variable Costing, 791

Cost-Volume-Profit Analysis, 793

Evaluation of Absorption and Variable Costing, 793

A Note on Throughput Costing, 796

Chapter Summary, 797

Key Terms, 798

Meeting the Cost Management Challenges, 798

Solutions to You're the Decision Maker, 798

Appendix to Chapter 18: Effect of the Fixed-Overhead Volume Variance under Absorption and Variable Costing, 800

Review Questions, 802

Critical Analysis, 802

Exercises, 803

Problems, 807

Cases, 813

Part Five

Evaluating and Managing Performance, 819

19 Organizational Design, Responsibility Accounting, and Evaluation of Divisional Performance, 820

Decentralized Organizations and Responsibility Accounting, 822

Centralization versus Decentralization, 822

Benefits and Costs of a Decentralized Organization Structure, 823

Responsibility Accounting, 824

Cost Center, 824

Discretionary Cost Center, 824

Revenue Center, 825

Profit Center, 825

Investment Center, 825

Illustration of Responsibility Accounting, 825

Corporate Level, 827

Division Level, 827

Plant Level, 828

Department Level, 828

Work Center Level, 828

Performance Reports, 828

Budgets, Variance Analysis, and Responsibility Accounting, 830

Activity-Based Responsibility Accounting, 831

How Does Responsibility Accounting Affect Behavior?, 832

Information or Blame?, 832

Is There Really Cost or Revenue Controllability?, 832

Motivating Desired Behavior, 832

Measuring Performance in Investment Centers, 834

Return on Investment as a Performance Measure, 835

Residual Income as a Performance Measure, 837

Economic Value Added as a Performance Measure, 840

Measuring Income and Invested Capital, 842

Invested Capital, 842

Measuring Investment-Center Income, 845

Inflation and Deflation: Current Value versus Historical-Cost Accounting, 846

Measuring Income and Invested Capital: Summary, 846

Other Issues in Divisional Performance Evaluation, 847

Alternatives to ROI, Residual Income, and Economic Value Added (EVA®), 847

Importance of Nonfinancial Information, 848

Measuring Performance in Nonprofit Organizations, 848

When Does Your Organization Need New Performance Measures?, 848

Chapter Summary, 849

Key Terms, 850

Meeting the Cost Management Challenges, 850

Solutions to You're the Decision Maker, 850

Review Questions, 851

Critical Analysis, 852

Exercises, 852

Problems, 855

Cases, 863

20 Transfer Pricing, 868

The Impact of Transfer Pricing on Organizations, 870

Goal and Behavioral Congruence, 871

General Transfer-Pricing Rule, 871

Transfers Based on the External Market Price, 875

Negotiated Transfer Prices, 876

Cost-Based Transfer Prices, 877

Standard versus Actual Costs, 878

Activity-Based Costing, 878

Remedying Motivational Problems of Transfer-Pricing Policies, 879

Undermining Divisional Autonomy, 879

Dual Transfer Prices, 880

Global Transfer-Pricing Practices, 881

Multinational Transfer Pricing, 881

Segment Reporting and Transfer Pricing, 884

Transfer Pricing in the Service Industry, 885

Chapter Summary, 885

Key Terms, 885

Meeting the Cost Management Challenges, 885

Solutions to You're the Decision Maker, 886

Review Questions, 886

Critical Analysis, 887

Exercises, 887

Problems, 890

Cases, 896

21 Incentive Systems and Performance Measurement, 900

Fundamental Principles of Incentive Compensation Plans, 902

Pay for Performance, 902

The Folly of Rewarding A When You Want B, 903

Where to Begin?, 904

Views of Behavior, 904

Expectancy Theory View, 904

How Do Extrinsic and Intrinsic Rewards Affect Incentive Systems?, 905

Agency Theory View, 906

Using the Balanced Scorecard, 907

Four Basic Balanced Scorecard Perspectives, 908

The Learning and Growth Perspective, 909

The Internal Business and Production Process Perspective, 910

The Customer Perspective, 912

The Financial Perspective, 914

Implementing the Balanced Scorecard, 914

Implementing the Balanced Scorecard at Valley Commercial Bank, 916

Economic Value Added, 919

Linking Economic Value Added and the Balanced Scorecard, 922

Motivational Issues in Designing Incentive Systems for Division Managers and Their Subordinates, 922

Current versus Future Performance, 922

Basing Rewards on Division Performance or Companywide Performance, 923

Using Fixed Formulas or Subjectivity in Providing Rewards, 923

Performance Evaluation Based on Accounting Results or Stock Performance, 924

Absolute Performance Evaluation or Relative Performance Evaluation?, 924

Cash Awards, Stock Awards, or Prizes, 925

Application to Nonprofit Organizations, 926

Increasing Use of Management Methods Developed in the Private Sector, 926
