

The background of the book cover is a dark, textured purple. It features large, stylized, semi-transparent geometric shapes in shades of yellow and orange. On the left, there are large numbers '21' and '10'. On the right, there is a circular shape resembling a CD or a fan. The title is centered and written in a bold, white, sans-serif font, with each word on a new line and separated by thin horizontal lines.

PRACTICAL CONSIDERATIONS IN COMPUTER-BASED TESTING

Cynthia G. Parshall
Judith A. Spray
John C. Kalohn
Tim Davey

Contents

Preface	vii
1 Considerations in Computer-Based Testing	1
Issues in Test Administration and Development.....	2
Examinee Issues.....	3
Software Issues	6
Issues in Innovative Item Types.....	8
Test Delivery Methods	10
Organization of the Book	12
2 Issues in Test Administration and Development	13
Test Administration Issues	13
Test Development Issues.....	18
Summary	29
References.....	31
Additional Readings	32
3 Examinee Issues	34
Overall Reactions.....	34
Reactions to Adaptive Delivery Methods.....	35
Impact of Prior Computer Experience	36
Effects of the User Interface.....	37
Effects of Task Constraints	38
Effects of the Administrative Process.....	40
Examinees' Mental Models.....	41
Summary	42
References.....	45
Additional Readings	46

4	Software Issues	47
	User Interfaces	48
	Usability Studies	49
	Software Evaluation	53
	Design of the User Interface.....	56
	Web-Based Tests	65
	Quality Control	66
	Summary	67
	References	68
	Additional Readings	69
5	Issues in Innovative Item Types	70
	Purpose.....	70
	Dimensions of Innovation	72
	Task Complexity.....	83
	Summary	85
	References	88
	Additional Readings	89
6	Computerized Fixed Tests	92
	Overview of the CFT Method	92
	Test Procedures.....	93
	Measurement Characteristics	95
	Practical Characteristics	98
	Summary	100
	An Example of the CFT Method.....	100
	References.....	105
7	Automated Test Assembly for Online Administration	106
	Overview of the ATA Method	106
	Test Procedures.....	106
	Measurement Characteristics	108
	Practical Characteristics	110
	Summary	111
	An Example of the ATA Method.....	111
	Chapter 7 Appendix.....	124
	References.....	125
8	Computerized Adaptive Tests	126
	Overview of the CAT Method	126
	Test Procedures.....	127
	Measurement Characteristics	133
	Practical Characteristics	139
	Summary	143

An Example of the CAT Method	145
References	151
9 Computerized Classification Tests	153
Overview of the CCT Method	153
Test Procedures	153
Measurement Characteristics	155
Practical Characteristics	157
Summary	159
An Example of the CCT Method	160
References	168
10 Item Pool Evaluation and Maintenance	169
Introduction	169
Item Pool Evaluation	170
Item Pool Maintenance	190
Summary	192
References	193
11 Comparison of the Test-Delivery Methods	194
Overview	194
Summary of Test-Delivery Methods	194
Test Procedures	196
Measurement Characteristics	199
Practical Characteristics	200
Other Considerations	203
Summary	206
References	209
Appendix Basics of Item Response Theory	210
Introduction	210
Item Response Functions	211
Item Information and Test Information	215
Model Assumptions	216
Summary	218
References	219
Index	220
