

INTERNATIONAL EDITION

Second Edition

Cost Management

Strategies for Business Decisions

Hilton ▲ Maher ▲ Selto

Part I

Setting the Stage: The Importance of Analyzing and Managing Costs 1

1 Cost Management and Management of the Value Chain 2

Finding Opportunity and Leading Change 2

Identifying Cost-Management Challenges at Pursuit.Com 4

Understanding the Organizational Role of Cost Management 5

Characteristics of Cost-Management Analysts 5

Pursuit.Com's Team Focus 6

Cost Management and the Cost-Management Analyst 7

Choosing a Long-Term Strategy at Pursuit.Com 9

Benchmarking: A Cost-Management Technique for Strategic Choice and Improvement 9

Choosing Pursuit.Com's Scale and Scope of Operations 10

Configuring Pursuit.Com's Value Chain 13

Analyzing Alternative Value-Chain Configurations 13

Formation of a Cost-Management Team 13

Importance of Accounts Receivable Information 14

The Processing and Costs of Accounts Receivable Information 15

Recommendations for Improving Internal Processing of Accounts Receivable 17

Costs and Benefits of Outsourcing Accounts Receivable 18

Team Recommendations 20

Implementing Plans and Organizational Change at Pursuit.Com 20

Chapter Summary 21

Key Terms 21

Meeting the Cost-Management Challenges 22

Solutions to You're the Decision Maker 22

Appendix to Chapter One: Institute of Management Accountants: Standards of Ethical Conduct for Management Accountants 24

Review Questions 25

Critical Analysis 26

Exercises 26

Problems 29

Cases 31

2 Product Costing Systems: Concepts and Design Issues 34

The Meaning of Cost 37

Product Costs, Period Costs, and Expenses 38

Costs Reported in Financial Statements 38

Service Firms 39

Retail Companies 40

Manufacturing Companies 41

Stages of Production and the Flow of Costs 44

Income Statement and Schedule of Cost of Goods Manufactured and Sold 45

Flow of Manufacturing Costs 47

Production Costs in the Service Industry 47

Cost-Management Concepts: Different Costs for Different Purposes 48

Cost Drivers 48

Cost Behavior 49

Variable Costs and Unit-Level Costs 50

Cost of Resources Used versus Resources Supplied	53
Committed Costs, Opportunity Costs, and Sunk Costs	55
Traceability of Resources	56

Income-Reporting Effects of Alternative Product-Costing Systems 58

What Costs Should Be Considered Product Costs?	58
Illustration of Absorption and Variable Costing	58
Absorption-Costing Income Statements	60
Variable-Costing Income Statements	60
Reconciliation of Income under Absorption and Variable Costing	61
Evaluation of Absorption and Variable Costing	62
Throughput Costing	65

Chapter Summary 66

Key Terms 67

Meeting the Cost-Management Challenges 67

Solutions to You're the Decision Maker 68

Review Questions 68

Critical Analysis 69

Exercises 69

Problems 75

Cases 85

The Process of Tracking Job-Order Costs 97

Product-Costing System Design Issues	97
Recording Job-Order Costs	98

Use of Predetermined Overhead Rates 102

Summary of Job-Cost Flows 109

Selling and Administrative Costs	109
Meaning of the Overhead Variance	110

Difference between Actual, Normal, and Standard Costing 111

Choice of Cost Driver for Overhead Application	113
Job-Order Costing in Service Organizations	113

Application of Job-Order Costing to the Value Chain 114

Job and Project Management 115

Project Management	115
Job-Cost and Project Improprieties	117

Uses of Job-Order Costing Information for Planning and Decision Making 119

Chapter Summary 120

Key Terms 120

Meeting the Cost-Management Challenges 121

Solutions to You're the Decision Maker 121

Review Questions 121

Critical Analysis 122

Exercises 122

Problems 127

Cases 137

3 Cost Accumulation for Job-Shop and Batch Production Operations 88

Choice among Product-Costing Systems 91

Evaluating Major Types of Production-Costing Systems	91
--	----

Basic Cost-Flow Model 94

Cost Flows and Jobs	94
Managing and Using Cost-Flow Information	96

Part II

Activity-Based Management 139

4 Activity-Based Costing Systems 140

PMI Background 142

PMI's Competitive System 142

PMI's Products and Processes	142
PMI's Costing-System Options	143
PMI's Costing-System Team	144
Traditional Costing System	144
Undercosting or Overcosting Products:	
Cost of Dinner Example	144
Refining a Traditional Costing System	145
Activity-Based Costing System	145
Step 1: Identify and Classify Activities Related to Products	147
Bakery Example	147
Five-Level Hierarchy of Resources and Activities	147
Classification Objectives	148
Methods to Identify and Classify Activities	149
PMI's Activity List	149
Step 2: Estimate the Cost of Activities	151
PMI's Use of the Employee Activity Data Sheet	151
Activity Data Sheet Combined with Accounting Information	152
Step 3: Calculate a Cost-Driver Rate for the Activity	152
Cost-Driver Rates: Bakery Example	152
Practical Capacity Note	152
Assignment of Cost-Driver Rates to PMI's Activities	152
Step 4: Assign Activity Costs to Products	156
Bakery Example	156
PMI Example	156
Product and Customer Profitability	158
Product Profitability	158
Customer Profitability	159
Estimation of Costs of New Products Using ABC	160
MegaBurger Novelty Toy Decision	160
Activity-Based Costing in Service and Manufacturing Companies	162
Costs and Benefits of Using Activity-Based Costing	162
Chapter Summary	163
Key Terms	163
Meeting the Cost-Management Challenges	164

Solutions to You're the Decision Maker	164
Appendix to Chapter Four: Unit-Level ABC Costing	165
Review Questions	166
Critical Analysis	166
Exercises	167
Problems	170
Cases	181

5 Activity-Based Management 184

Importance of Activity-Based Information to PMI's Success	186
Activity-Based Costing: Foundation of Process Improvement	186
Combination of ABC and Target Costing	187
Importance of Customer-Perceived Value	189
Eliminating Non-Value-Added Activities:	
Competitive Necessity	189
Identifying Value-Added Activities	190
Performing PMI's Value-Added Analysis	192
Tasks Required by Activity-Based Management	192
Detailed Activity Analysis	193
Identifying Process-Improvement Opportunities	194
Asking the Question, Why?	195
Identifying the Cost of Saved Resources	196
Capacity Utilization	196
Activity-Based Reporting of Unused Resources	197
Implementation of Activity-Based Costing and Management	198

Should All Organizations Adopt ABC and ABM?	199
Can You Be Sure That ABC and ABM Will Be Successful?	199
PMI's Decision to Keep MegaBurger as a Customer	203
Chapter Summary	203
Key Terms	203
Meeting the Cost-Management Challenges	204
Solutions to You're the Decision Maker	204
Review Questions	205
Critical Analysis	205
Exercises	206
Problems	209
Cases	214

Customer Marketing Costs	229
Customer Distribution Costs	231
Customer General and Administration Costs	232
Customer Profitability Analysis	234
Identification of Alternative Actions and Choice of Appropriate One	236
Common-Size Profit Statements	236
Continue the Status Quo; Do Nothing	237
Drop Pharmacy Customers	237
Increase the Efficiency of Serving Pharmacy Customers	239
Decrease Operating Activity Costs for All Customers	241
Chapter Summary	241
Key Terms	242
Meeting the Cost-Management Challenges	242
Solutions to You're the Decision Maker	243
Review Questions	244
Critical Analysis	244
Exercises	245
Problems	246
Cases	250

6 Managing Customer Profitability 218

Healthwave, Ltd.	220
Healthwave's Products	220
Healthwave's Customers	220
Importance of Customer Profitability	220
Measurement of Customer Profitability	221
Identification of Effective and Ineffective Customer-Related Activities	222
Healthwave's Traditional Profitability Analysis by Product Line	223
Customer Sales Analysis	225
Healthwave Customer Profile	225
Analysis of Customer Sales Patterns	226
Sales and Administrative Cost Analysis	227
Customer Selling Costs	227

7 Managing Quality and Time to Create Value 252

Importance of Quality	254
Costs of Improving Quality	254
Total Quality Management (TQM)	255
Return on Quality (ROQ)	255
Comparison of the Views of Quality	256
Conflict between TQM and ROQ	256

Dimensions of Quality 257

- Product and Service Attributes 257
- Customer Service before and after the Sale 257

How Organizations Measure Quality 258

- Indicators of Quality 258
- Diagnostic Information 261
- Customer Satisfaction 265

Trade-offs between Quality and Price 266

- Identifying Costs of Quality 266
- Controlling Quality 266
- Failing to Control Quality 268
- Measuring Costs of Quality 268
- Reporting Costs of Quality 269

Quality Awards and Certificates 270

Importance of Managing Time in a Competitive Environment 271

- New Product (or Service) Development Time 271
- Customer-Response Time and Cycle Time 271
- Costs of Time 272

Management of Process Productivity and Efficiency 273

- Measuring Productivity 273
- Measuring Cycle Time 274
- Measuring Throughput Efficiency 274
- Measuring Process Capacity 275
- Measuring Capacity 276

Managing Quality + Time + Productivity + Capacity = JIT 276

- JIT Manufacturing 277
- JIT Success Factors 280

Chapter Summary 281

Key Terms 282

Meeting the Cost-Management Challenges 282

Solutions to You're the Decision Maker 283

Appendix to Chapter Seven: Construction and Use of Control Charts 283

Review Questions 287

Critical Analysis 287

Exercises 288

Problems 294

Cases 299

Part III

Process Costing and Cost Allocation 303

8 Process-Costing Systems 304

Introduction to Process Costing 306

Importance of Process Cost Information 307

Assignment of Costs to Products 307

Example 1: Department with No Beginning or Ending WIP Inventory 307

Example 2: Department with Ending WIP Inventory 308

Step 1 308

Step 2 308

Steps 3, 4, and 5 309

Example 3: Department with Beginning and Ending WIP Inventory 310

The Basic Idea: Applying the Basic Cost-Flow Model 311

Five Key Steps 311

Managerial Use of the Production Cost Report 315

Sections 1 and 2: Managing the Physical Flow of Units 316

Sections 3, 4, and 5: Managing Costs 316

Example 4: Department with Cost Transferred in from Prior Departments 316

Accounting for Transferred-In Costs 316

Responsibility for Costs Transferred in from Prior Departments 317

Example 5: Department with Spoilage Costs 317

Normal versus Abnormal Spoilage: Is Spoilage Ever Normal? 318

Accounting for Spoilage Costs 320

Analysis of Spirit Beverages' Costs 322

Choice between Job and Process Costing 322

Chapter Summary	323
Key Terms	323
Meeting the Cost-Management Challenges	323
Solutions to You're the Decision Maker	324
Appendix A to Chapter Eight: Cost Assignment to Products Using First-In, First-Out Costing	324
Appendix B to Chapter Eight: Operation Costing	331
Review Questions	334
Critical Analysis	334
Exercises	335
Problems	338
Cases	342

Specifying and Resolving Contractual Interests and Obligations	354
Joint-Cost Implications in Contracts	355
Joint Cost-Allocation Methods	356
Distinguishing between Main and By-Products	356
Using the Net Realizable Value Method	357
Using the Physical-Measures Method	357
Choosing among Joint-Cost Allocation Methods	359
Basics of Accounting for By-Products	360
Disposal of Scrap and Waste	361
Chapter Summary	362
Key Terms	362
Meeting the Cost-Management Challenges	362
Solutions to You're the Decision Maker	363
Appendix to Chapter Nine: Other Economic Value Methods	363
Review Questions	365
Critical Analysis	365
Exercises	366
Problems	369
Cases	373

9 Joint-Process Costing 346

Joint Product Processes	348
The Importance of Split Off	348
One Input—More Than One Output	349
The Decision Challenge: Which Joint Products to Produce	349
Estimation of Profits from Joint Products	350
Decision to Sell Products at Split Off or Process Them Further	351
Profit Maximization of Joint-Product Processes	351
Profit Analysis of Option 1: Grade A Standard Lumber	352
Profit Analysis of Option 2: Grade A Specialty Lumber and Grade B Standard Lumber	352
Most Profitable Products	352
Reasons for Allocating Joint Costs	353
Measuring Performance	353
Estimating Casualty Losses	354
Determining and Responding to Regulated Rates	354

10 Managing and Allocating Support-Service Costs 376

Service-Cost Challenge	378
Internal or Outsourced Support Services?	378
Management of Internal Support-Service Costs	379
Distinguishing between Support-Service and Production Departments	380
Deciding Who Pays for Internal Support-Service Costs	381
Reasons for Allocating Service Costs	381
Decision Making and Cost Allocations	381

Other Uses of Cost Allocations 382
Cost-Management Implications for Internal
Support Services 383

**Cost Allocation from Support-Service
Departments to Internal Customers 383**

Step 1: Identify the Costs to Be Allocated to
Internal Customers 384
Step 2: Choose the Appropriate Cost-Allocation
Base(s) and Rate(s) 386
Step 3: Select and Use a Cost-Allocation
Method 388
Step 4: Determine Whether the Cost Allocations
Achieve the Desired Results 396

Chapter Summary 400

Key Terms 400

Meeting the Cost-Management Challenges 400

Solutions to You're the Decision Maker 401

Appendix to Chapter Ten: Reciprocal Method 402

Review Questions 406

Critical Analysis 407

Exercises 408

Problems 411

Cases 417

**A More Complex World: Multiple Cost Drivers and
Complex Cost Behavior 429**

Cost-Benefit Test 429
Step Costs 429
Semivariable Costs 431
Nonlinear Cost Behavior 431
Learning Curve 431

Cost-Estimation Methods 435

**Statistical Cost Estimation Using Regression
Analysis 435**

Existence of a Logical Relationship between Costs
and Their Drivers 436
Simple Model for Regression Analysis 436
Application to CC Catering 437
Use of the Results 439
Use of Multiple Regression Analysis to Estimate
Cost Drivers for Activity-Based Management and
Decision Making 440
Application to CC Catering 442
A Cautionary Note about Using Regression 444
Account Analysis Method 444
Choice between Regression and Account
Analysis 446

Data Problems 447

Engineering Method 447

Unit Costs 448
Job Costs 448
New-Product Costs 448
New-Customer Costs 448
Facility Costs 449

Comparison of the Estimates 449

Use of the Results 449

Meals Sold 450
Jobs 450
New Products 450
New Customers 450
Facilities 450

The Outsourcing Decision 451

Costs and Benefits of Product Variety 451

Ethical Issues 452

Choice of Estimation Method 453

Relevance of Data Inputs 453
Costs and Benefits of More Sophisticated and
Detailed Methods 453
Choice of a Cost Equation 453

Chapter Summary 454

Key Terms 454

Part IV

Planning and Decision Making 423

11 Cost Estimation 424

Cost Estimation 426

Costs Do Not Just Happen 426

Reasons for Estimating Costs 427

Cost Management 427
Decision Making 427
Planning and Standard Setting 428

**A Simple World: One Cost Driver and
Fixed/Variable Cost Behavior 428**

Meeting the Cost-Management Challenges	455
Solutions to You're the Decision Maker	455
Appendix to Chapter Eleven: Technical Notes on Regression	456
Review Questions	458
Critical Analysis	459
Exercises	459
Problems	466
Cases	473

Profit from a Single Scarce Resource Maximization	493
Theory of Constraints	494
Application of the Theory of Constraints	495
Chapter Summary	498
Key Terms	498
Meeting the Cost-Management Challenges	498
Solutions to You're the Decision Maker	499
Appendix A to Chapter Twelve: Sensitivity and Scenario Analyses	500
Appendix B to Chapter Twelve: Linear Programming	504
Review Questions	508
Critical Analysis	508
Exercises	509
Problems	513
Cases	520

12 Financial and Cost-Volume-Profit Models 474

Introducing Financial Modeling	476
Definition of Financial Model	476
Objective of Financial Modeling	477
Using Cost-Volume-Profit (CVP) Planning Models	478
Basic Cost-Volume-Profit Model	479
Cost-Volume-Profit and the Break-Even Point	480
Basic CVP Model in Graphical Form	481
CVP and Target Income	482
Operating Leverage	482
Identifying Elements of a Financial Model	483
Relations among Revenues and Costs	483
Manual versus Computer Models	483
Set Up of Computer Spreadsheet Models	484
Modeling Taxes	485
Modeling Multiple Products	487
Multiproduct Product-Planning Model	488
Modeling Multiple Cost Drivers	489
Drivers of Profits	489
Profit-Planning Models with Multiple Cost Drivers	490
Use of ABC in Financial Modeling	491
Modeling Scarce Resources	493

13 Cost Management and Decision Making 524

Decision-Making Process	526
Stage I: Setting Goals and Objectives	527
Selecting Goals	527
Specifying Tangible Objectives	527
Using Target Costing and Setting Tangible Objectives	528
Stage II: Gathering Information	531
Objectivity versus Subjectivity	531
Accuracy	532
Timeliness	532
Relevance	532
Identification of Relevant Costs and Benefits	533
Impact on the Future	534
Trade-Off between Information Cost and Quality	535

Stage III: Evaluating Alternatives 536

- Using the Decision Tree: A Helpful Decision Aid 536
- Anticipating the Future Outcome(s) of Each Action 536
- Choosing the Best Alternative: Estimated Benefits and Costs 538
- Choosing the Best Alternative: Using Both Quantitative and Qualitative Information 539

Examples of Common Decisions: Outsource, or Add or Drop a Product, Service, or Business Unit 539

- Outsourcing or Make-or-Buy Decision 539
- Decision to Add or Drop a Product, Service, or Business Unit 541

Pricing Decisions 544

- Influences on Prices 544
- Special-Order Price Decisions 547

Chapter Summary 550

Key Terms 550

Meeting the Cost-Management Challenges 551

Solutions to You're the Decision Maker 551

Review Questions 554

Critical Analysis 554

Exercises 555

Problems 557

Cases 565

Financial Records 575

Interviews with Operating and Marketing Personnel 576

Industry Data and Competitor Analysis 577

Financial Analysis of Rascals, Inc. 577

Nonfinancial Analysis of Alternatives 577

Justification of Investments in High-Tech Projects 579

Sensitivity Analysis 580

Approval Process 581

Biases in the Process 581

Project Implementation and Control 582

Audits 583

Ethical Issues 583

Misstating Information 583

Misstating Results 584

Investing in Unethical Projects 584

Capital Budgeting in Nonprofit Organizations 584

Chapter Summary 585

Key Terms 585

Meeting the Cost-Management Challenges 585

Solutions to You're the Decision Maker 586

Appendix to Chapter Fourteen: Discounted Cash Flow Analysis 586

Review Questions 593

Critical Analysis 593

Exercises 594

Problems 595

Cases 598

14 Strategic Issues in Making Long-Term Capital Investment Decisions 568

Strategic Issues 570

Identification of Good Investments 571

- Replacements and Minor Improvements 571
- Expansion 572
- Strategic Moves 572

Due Diligence Investigations 574

Financial Analysis of Alternatives 575

15 Budgeting and Financial Planning 600

Strategic Planning: Achieving and Maintaining a Competitive Advantage 602

Definition of Strategic Long-Range Plan 603

What Are the Key Purposes of Budgeting Systems?	603
Planning	603
Facilitating Communication and Coordination	603
Allocating Resources	604
Managing Financial and Operational Performance	604
Evaluating Performance and Providing Incentives	604

Organizations Use Many Types of Budgets 604

The Master Budget as a Planning Tool 605

Sales Budget: The Starting Point	605
Operational Budgets: Meeting the Demand for Goods and Services	607
Budgeted Financial Statements: Completing the Master Budget	608
Master Budget for Nonprofit Organizations	608

International Aspects of Budgeting 608

Activity-Based Budgeting 609

Illustrating the Master Budget 610

Sales Budget	610
Production Budget	611
Direct-Material Budget	612
Direct-Labor Budget	613
Manufacturing-Overhead Budget	614
Selling, General, and Administrative (SG&A) Expense Budget	616
Cash Receipts Budget	616
Cash Disbursements Budget	618
Cash Budget: Combining Receipts and Disbursements	619
Budgeted Schedule of Cost of Goods Manufactured and Sold	620
Budgeted Income Statement	621
Budgeted Balance Sheet	622
Assumptions and Predictions Underlying the Master Budget	623
Financial Planning Models	624

Responsibility for Budget Administration 625

Behavioral Implications of Budgets 625

Budgetary Slack: Padding the Budget	626
Participative Budgeting	626
Ethical Issues in Budgeting	627

Zero-Base Budgeting for Discretionary Costs 627

Base Budgeting	627
----------------	-----

Contemporary Trends in Budgeting and Financial Planning 628

Chapter Summary 628

Key Terms 629

Meeting the Cost-Management Challenges 629

Solutions to You're the Decision Maker 630

Appendix to Chapter Fifteen: Inventory Management 631

Review Questions 635

Critical Analysis 635

Exercises 635

Problems 639

Cases 647

Part V

Evaluating and Managing Performance: Creating and Managing Value-Added Effort 653

16 Standard Costing, Variance Analysis, and Kaizen Costing 654

Standard-Costing Systems Used for Control 656

Management by Exception	657
Setting Standards	657
Perfection versus Practical Standards: A Behavioral Issue	659
Use of Standards by Nonmanufacturing Organizations	660
Costs and Benefits of Standard-Costing Systems	660

Cost Variance Analysis 661

Direct-Material Standards	661
Direct-Labor Standards	662
Standard Costs Given Actual Output	662

Analysis of Cost Variances	662
Direct-Material Variances	663
Direct-Labor Variances	664
Multiple Types of Direct Material and Direct Labor	666
Allowance for Defects or Spoilage	666
Significance of Cost Variances:	
When to Follow Up	666
Size of Variances	667
Recurring Variances	667
Trends	668
Controllability	668
Favorable Variances	668
Costs and Benefits of Investigation	668
Statistical Analysis	669
Behavioral Effects of Standard Costing	670
Controllability of Variances	670
Which Managers Influence Cost Variances?	671
Interaction among Variances	671
Using Standard Costs for Product Costing	673
Journal Entries under Standard Costing	673
Cost Flows under Standard Costing	674
Impact of Information Technology on Standard Costing	675
Use of Bar Codes	675
Computer-Aided Design	675
Standard Costing: Its Traditional Advantages	676
Changing Role of Standard-Costing Systems in Today's Manufacturing Environment	676
Criticisms of Standard Costing in Today's Manufacturing Environment	677
Adaptation of Standard-Costing Systems	678
Kaizen Costing	679
Chapter Summary	681
Key Terms	681
Meeting the Cost-Management Challenges	681
Solutions to You're the Decision Maker	682
Appendix to Chapter Sixteen: Production Mix and Yield Variances	684
Review Questions	687
Critical Analysis	687
Exercises	687
Problems	690
Cases	695

17 Flexible Budgets, Overhead Cost Management, and Activity-Based Budgeting 698

Definition of Flexible Overhead Budgets 700

Advantages of Flexible Budgets	701
Activity Measure: Based on Input or Output?	701
Flexible-Overhead Budget Illustrated	703
Overhead Application in a Standard-Costing System	705
Choice of Activity Measure	705
Impact of Information Technology	707

Overhead Cost Variances 707

Flexible Budget: Basis for Management of Overhead Cost	707
Variable-Overhead Variances	708
Fixed-Overhead Variances	711
What Do Four-Way, Three-Way, and Two-Way Variance Analyses Tell the Cost Manager?	713

Using the Overhead Cost Performance Report in Cost Management 714

Using Standard Costs in Product Costing 716

Journal Entries under Standard Costing	716
Disposition of Variances	716

Activity-Based Flexible Budget 717

How Does ABC Affect Performance Reporting?	719
--	-----

Other Issues in Variance Analysis 720

Standard Costing in a Just-in-Time Environment	720
Sales-Variance Analysis	720

Chapter Summary 720

Key Terms 721

Meeting the Cost-Management Challenges 721

Solutions to You're the Decision Maker 722

Appendix A to Chapter Seventeen: Proration of Cost Variances 724

Appendix B to Chapter Seventeen: Standard Costing in a Just-in-Time Environment 727

Appendix C to Chapter Seventeen: Sales Variance Analysis 729
Review Questions 736
Critical Analysis 737
Exercises 737
Problems 741
Cases 750

Motivating Desired Behavior 766

Performance Measurement in Investment Centers 767

Return on Investment as a Performance Measure 768
Residual Income as a Performance Measure 770
Economic Value Added (EVA) as a Performance Measure 773

Measuring Income and Invested Capital 774

Invested Capital 775
Measuring Investment-Center Income 777
Inflation and Deflation: Current Value versus Historical-Cost Accounting 778
Measuring Income and Invested Capital: Summary 779

Other Issues in Divisional Performance Evaluation 779

Alternatives to Return on Investment, Residual Income, and Economic Value Added 779
Importance of Nonfinancial Information 780
Performance Measurement in Nonprofit Organizations 780
Need for New Performance Measures in a Changing Business Environment 781

Chapter Summary 781

Key Terms 782

Meeting the Cost-Management Challenges 782

Solutions to You're the Decision Maker 782

Review Questions 783

Critical Analysis 784

Exercises 784

Problems 787

Cases 794

18 Organizational Design, Responsibility Accounting, and Evaluation of Divisional Performance 754

Decentralized Organizations and Responsibility Accounting 756

Centralization versus Decentralization 756
Benefits and Costs of a Decentralized Organization Structure 757

Responsibility Accounting 758

Cost Center 758
Discretionary Cost Center 758
Revenue Center 759
Profit Center 759
Investment Center 759

Illustration of Responsibility Accounting 759

Corporate Level 761
Division Level 761
Plant Level 762
Department Level 762
Work Center Level 762

Performance Reports 762

Budgets, Variance Analysis, and Responsibility Accounting 763
Activity-Based Responsibility Accounting 764

How Does Responsibility Accounting Affect Behavior? 765

Information or Blame? 765
Is There Really Cost or Revenue Controllability? 766

19 Transfer Pricing 800

Impact of Transfer Pricing on Organizations 802

Goal and Behavioral Congruence 803

General Transfer-Pricing Rule	803
Transfers Based on the External Market Price	806
Negotiated Transfer Prices	808
Cost-Based Transfer Prices	808
Standard versus Actual Costs	810
Activity-Based Costing	810
Remedying Motivational Problems of Transfer-Pricing Policies	810
Undermining Divisional Autonomy	811
Dual Transfer Prices	811
Global Transfer-Pricing Practices	812
Multinational Transfer Pricing	813
Segment Reporting and Transfer Pricing	815
Transfer Pricing in the Service Industry	816
Chapter Summary	816
Key Terms	816
Meeting the Cost-Management Challenges	816
Solutions to You're the Decision Maker	817
Review Questions	817
Critical Analysis	818
Exercises	818
Problems	821
Cases	826

20 Using Lead and Lag Measures to Communicate, Motivate, and Evaluate 830

Valley Commercial Bank: Ahead of the Competition 832

Using Lead and Lag Indicators:	
Signals of Performance	832
Communicating Strategy to Employees	833
Motivating Employees and Evaluating Performance	833

Balanced Scorecard 834

Balanced Scorecard's Four Areas of Strategic Performance	835
