Atomic Structure and Periodicity

by JACK BARRETT

Contents

| | | |
|----------|----------------------------------------------------------------------------------------------------------------|-----------|
| 1 | Atomic Particles, Photons and the Quantization of Electron Energies; Heisenberg's Uncertainty Principle | 1 |
| 1.1 | Fundamental Particles | 1 |
| 1.2 | Electromagnetic Radiation | 5 |
| 1.3 | The Photoelectric Effect | 8 |
| 1.4 | Wave–Particle Duality | 11 |
| 1.5 | The Bohr Frequency Condition | 13 |
| 1.6 | The Hydrogen Atom | 14 |
| 1.7 | The Observation of Electrons; the Heisenberg Uncertainty Principle | 17 |
| 2 | Atomic Orbitals | 21 |
| 2.1 | The Hydrogen Atom | 21 |
| 3 | The Electronic Configurations of Atoms; the Periodic Classification of the Elements | 35 |
| 3.1 | Polyelectronic Atoms | 36 |
| 3.2 | The Electronic Configurations and Periodic Classification of the Elements | 42 |
| 3.3 | The Electronic Configurations of Elements Beyond Neon | 50 |
| 3.4 | The Periodic Table Summarized | 56 |

| | | |
|----------|----------------------------------------------------------------------------|------------|
| 4 | Periodicity I: Some Atomic Properties; Relativistic Effects | 59 |
| 4.1 | Periodicity of Ionization Energies | 59 |
| 4.2 | Variations in Electron Attachment Energies | 70 |
| 4.3 | Variations in Atomic Size | 74 |
| 4.4 | Electronegativity | 85 |
| 4.5 | Relativistic Effects | 91 |
| 5 | Periodicity II: Valencies and Oxidation States | 99 |
| 5.1 | An Overview of Chemical Bonding | 99 |
| 5.2 | Valency and Oxidation State: Differences of Terminology | 109 |
| 5.3 | Valency and the Octet and 18-Electron Rules | 111 |
| 5.4 | Periodicity of Valency and Oxidation States in the s- and p-Block Elements | 117 |
| 5.5 | Oxidation States of the Transition Elements | 120 |
| 5.6 | Oxidation States of the f-Block Elements | 123 |
| 6 | Periodicity III: Standard Enthalpies of Atomization of the Elements | 127 |
| 6.1 | Periodicity of the Standard Enthalpies of Atomization of the Elements | 127 |
| 7 | Periodicity IV: Fluorides and Oxides | 142 |
| 7.1 | The Fluorides and Oxides of the Elements | 142 |
| 7.2 | Fluorides of the Elements | 143 |
| 7.3 | Oxides of the Elements | 152 |
| | Answers to Problems | 168 |
| | Subject Index | 177 |
