CHAPTER 1—FOOD SAFETY AND SANITATION MANAGEMENT

2

Learn How To 2

New Challenges Present New Opportunities 4

Food Safety—Why All the Fuss? 5

Why Me? 5

Changing Trends in Food Consumption and Choices 6

The Problem: Foodborne Illness 7

Contamination 8

Microorganisms (Germs or Microbes) 9

The Food Flow 9

A New Approach to an Old Problem 10

Facility Planning and Design 11

Keeping It Clean and Sanitary 11

Accident Prevention and Crisis Management 12

Education and Training Are Key to Food Safety 13

The Role of Government in Food Safety 13

The FDA Food Code 14

The Role of the Food Industry in Food Safety 14

Food Protection Manager Certification 15

Check It Out 16

Quiz 1 (Multiple Choice) 18

References/Suggested Readings 19

CHAPTER 2—HAZARDS TO FOOD SAFETY

Learn How To 20

Foodborne Illness 22

Foodborne Hazards 24

Bacteria 25

Spoilage and Disease-Causing Bacteria 27

Bacterial Growth 27

What Disease-Causing Bacteria Need in Order to Multiply 28

Food 30

Acidity 30

Temperature 31

Time 31

Oxygen 32

Moisture 32

Potentially Hazardous Foods (PHF) 33

Ready-to-Eat Foods 34

Foodborne Illness Caused by Bacteria 35

Foodborne Illness Caused by Sporeforming Bacteria 35

Foodborne Illness Caused by Non-Sporeforming Bacteria 37

Sporeforming Bacteria 37

Non-Sporeforming Bacteria 40

Foodborne Illness Caused by Viruses 46

Foodborne Illness Caused by Parasites 48

Problems Caused by Fungi 52

Foodborne Illness Caused by Chemicals 53

Naturally Occurring Chemicals 53

Food Allergens 53

Added Man-Made Chemicals 57

Foodborne Illness Caused by Physical Hazards 57

Problems in Other Countries Related to Food 58

Check It Out 59

Quiz 2 (Multiple Choice) 60

References/Suggested Readings 61

CHAPTER 3—FACTORS THAT AFFECT FOODBORNE ILLNESS

62

Learn How To 62

Factors That Contribute to Foodborne Illness 65

What Is Time and Temperature Abuse? 65

How to Measure Food Temperatures 67

When and How to Calibrate a Thermometer 70

Measuring Food Temperature 70

Preventing Temperature Abuse 72

Keep Cold Foods Cold and Hot Foods Hot! 75

Ways to Thaw Food 76

The Importance of Handwashing and Good Personal Hygiene 77

Using Disposable Gloves 80

Personal Habits 81

Outer Clothing and Apparel 82

Personal Health 82

Cross Contamination 83

Other Sources of Contamination 85

Make Sure the Work Area Is Clean and Sanitary 86

Check It Out 87

Quiz 3 88

References/Suggested Readings 89

CHAPTER 4—FOLLOWING THE FOOD PRODUCT FLOW 90

Learn How To 90

Buying from Approved Sources 92

Inspecting Delivery Vehicles 92

Determining Food Quality 93

Measuring Temperatures at Receiving and Storage 93

Following the Flow of Food 94

Receiving 94

Packaged Foods 95

Reduced Oxygen Packaging (ROP)	96
Red Meat Products	101
Poultry	102
Game Animals	103
Eggs	103
Fluid Milk and Milk Products	104
Fluid Milk	105
Cheese	105
Butter	105
Fish	105
Fruits and Vegetables	108
Juice	109
Frozen Foods	109
Storage of Food	110
Types of Storage	111
Dry Storage	113
Chemical Storage	114
Storage Conditions for Foods	115
Preparation and Service	117
Ingredient Substitution	118
Avoiding Temperature Abuse	118
Thawing	118
Cold Storage	119
Frozen, Ready-to-Eat Foods	121
Prepackaged Foods	121
Cooking	122
Cooling	123
Hot-Holding and Reheating	125
Serving Safe Food	126
Discarding or Reconditioning Food	127
Refilling Returnable Containers	127
Self-Service Bar	128
Rules for Self-Service Bars:	128
Temporary Facilities and Mobile Food Facilities	128
Vending Machines	130
Home Meal Replacement	131

Check It Out 132

Quiz 4 (Multiple Choice) 132

CHAPTER 5—THE HAZARD ANALYSIS CRITICAL CONTROL POINT (HACCP) SYSTEM

134

Learn How To 134

The Problem 136

The Hazard Analysis Critical Control Point (HACCP) System 137

The HACCP System 138

The Seven Principles in an HACCP System 139

Principle 1—Hazard Analysis 139

Biological Hazards 140

Chemical Hazards 140

Physical Hazards 140

Principle 2—Identify Critical Control Points (CCPs) 142

Principle 3—Establish the Critical Limits Which Must Be Met at Each Critical Control Point 145

Principle 4—Establish Procedures to Monitor CCPs 150

Principle 5—Establish the Corrective Action to Be Taken When Monitoring Shows a Critical Limit Has Been Exceeded 151

Principle 6—Establish Procedures to Verify the HACCP System Is Working 151

Principle 7—Establish an Effective Record-Keeping System That Documents the HACCP System 151

Education and Training 153

Roles and Responsibilities under HACCP 154

Summary 154

Quiz 5 (Multiple Choice) 155

References/Suggested Readings 157

CHAPTER 6—FACILITIES, EQUIPMENT, AND UTENSILS 158

Learn How To 158

Design, Layout, and Facilities 160

Regulatory Considerations 161

Work Center Planning 161

Equipment Selection 162

Size and Design 162

Construction Materials 163

Metals 164

Stainless Steel 164

Plastic 164

Wood 165

Types of Equipment 165

Cooking Equipment 166

Ovens 166

Refrigeration and Low-Temperature Storage Equipment 167

Reach-In Refrigeration 169

Cook-Chill and Rapid-Chill Systems 170

Hot-Holding Equipment 171

Other Types of Food Equipment 171

Slicers 171

Mixers, Grinders, and Choppers 172

Ice Machines 172

Single-Service and Single-Use Articles 173

Dishwashing Equipment 174

Manual Dishwashing 174

Mechanical Dishwashing 175

Installation 176

Maintenance and Replacement 177

Lighting 177

Heating, Ventilation, and Air Conditioning (HVAC) 179

Check It Out 180

Quiz 6 (Multiple Choice) 182

References/Suggested Readings 183

CHAPTER 7—CLEANING AND SANITIZING OPERATIONS 184

Learn How To 184

Principles of Cleaning and Sanitizing 186

- Removal of Food Particles 187
- Application of Cleaning Agents 187
 - Soaking 188
 - Spray Methods 188
 - Clean-in-Place Systems 188
 - Abrasive Cleaning 188
- Rinsing 188
- Detergents and Cleaners to Be Used 190
 - Cleaning Frequency 192

Sanitizing Principles 194

- Heat Sanitizing 195
- Chemical Sanitizing 196
 - Factors That Affect the Action of Chemical Sanitizers 198
- Chlorine 198
- Iodine 199
- Quaternary Ammonium Compounds 199
- Mechanical Dishwashing 201
 - Mechanical Dishwashing Process 201
- Manual Dishwashing 203
- Cleaning Fixed Equipment 205
 - Cleaning Environmental Areas 208
 - Ceilings and Walls 209
 - Floors 209
- Equipment and Supplies Used for Cleaning 210

Check It Out 212

Quiz 7 (Multiple Choice) 213

References/Suggested Readings 215

CHAPTER 8 — ENVIRONMENTAL SANITATION AND MAINTENANCE

216

Learn How To 216

Condition of the Establishment 218

- Proper Water Supply and Sewage Disposal System 219

Condition of Building 220

- Floors, Walls, and Ceilings 220
 - Floors 221

Walls and Ceilings 222

Restroom Sanitation 222

Handwashing Facilities 223

Plumbing Hazards in Food Establishments 224

Cross Connections 225

Backflow 225

Methods and Devices to Prevent Backflow 225

Backflow Prevention Devices on Carbonators 227

Grease Traps 228

Garbage and Refuse Sanitation 229

Inside Storage 229

Outside Storage 230

Pest Control 231

Insects 231

Rodents 234

Signs of Rodent Infestation 235

Rodent Control 236

Integrated Pest Management (IPM) 238

Check It Out 238

Quiz 8 (Multiple Choice) 240

Suggested Reading/References 241

CHAPTER 9—ACCIDENT PREVENTION AND CRISIS MANAGEMENT

242

Learn How To 242

Safety in Food Establishments 244

What to Do if an Accident Occurs 246

Common Types of Injuries 247

Burns 249

Poisoning 249

Body Mechanics Classes 249

Cardiopulmonary Resuscitation (CPR) and First Aid for Choking 250

Employee Medications 252

Self-Inspection Safety Checks 252

Fire Safety 252

Fire Extinguishers 253

Hood Systems 254

Sprinkler Systems 254

Crisis Management 254

Water Supply Emergency Procedures 255

Bioterrorism 256

Foodborne Illness Incident or Outbreak 257

Check the Product Source 258

Formal Investigations 258

Check It Out 259

Quiz 9 (Multiple Choice) 260

Reference/Suggested Readings 261

CHAPTER 10—EDUCATION AND TRAINING

262

Learn How To 262

Learners Today Influence Training 264

Current Information and Technical Challenges 265

Training Is Important 266

Training Benefits and Barriers 266

Create a Plan for Training 266

What Do Your Trainees Need to Know? 267

Standard Operating Procedures—Federal, State, and Local Rules and Regulations 268

Hazard Analysis Critical Control Point System 268

Set the Stage for Training 269

Conduct the Training 269

Measuring Performance Against the Standards 270

Check It Out 271

Quiz 10 (Multiple Choice) 272

References/Suggested Readings 273

Learn How To 274**State and Local Regulations 276**

Permit to Operate 276

Federal Agencies 278

Other National Food Safety Related Organizations 280

Inspection for Wholesomeness, Grading, and Generally Recognized As Safe 281**Food Recall 282****Food Labeling 283**

Nutrition and Ingredient Labeling 283

Safe Food-Handling Label 283

Product Dating Labels 284

Recent Initiatives in Food Safety 285

National Food Safety Initiative 285

The Fight BAC!™ Campaign 285

Consumer Advisory 286

Check It Out 287**Quiz 11 (Multiple Choice) 287****References/Suggested Reading 288****GLOSSARY****290****APPENDIX A—ANSWERS TO END OF CHAPTER QUESTIONS****299****APPENDIX B—SUGGESTED WEB SITES****301****APPENDIX C—SUMMARY OF AGENTS THAT CAUSE FOODBORNE ILLNESS****305****APPENDIX D —EMPLOYEE HEALTH – DISEASE OR MEDICAL CONDITION REPORTABLE CONDITIONS AND ACTIVITIES****309**

APPENDIX E —CONVERSION TABLE FOR FAHRENHEIT AND CELSIUS FOR COMMON TEMPERATURES USED IN FOOD ESTABLISHMENTS	313
APPENDIX F —SPECIFIC ELEMENTS OF KNOWLEDGE EVERY FOOD PROTECTION MANAGER SHOULD KNOW	315
INDEX	321
