

INTERNATIONAL EDITION

Decision
Support Systems
and
Intelligent Systems

Seventh Edition

Efraim Turban • Jay E. Aronson • Ting-Peng Liang

CONTENTS

Preface xxi

PART I: DECISION-MAKING AND COMPUTERIZED SUPPORT 1

CHAPTER 1 Management Support Systems: An Overview 2

- 1.1 Opening Vignette: Harrah's Makes a Great Bet 3
- 1.2 Managers and Decision-Making 5
- 1.3 Managerial Decision-Making and Information Systems 7
- 1.4 Managers and Computer Support 9
- 1.5 Computerized Decision Support and the Supporting Technologies 10
- 1.6 A Framework for Decision Support 11
- 1.7 The Concept of Decision Support Systems 15
- 1.8 Group Support Systems 18
- 1.9 Enterprise Information Systems 18
- 1.10 Knowledge Management Systems 22
- 1.11 Expert Systems 23
- 1.12 Artificial Neural Networks 24
- 1.13 Advanced Intelligent Decision Support Systems 24
- 1.14 Hybrid Support Systems 26
- 1.15 Plan of the Book 29
- Case Application 1.1* ABB Automation Makes Faster and Better Decisions with DSS 34

CHAPTER 2 Decision-Making Systems, Modeling, and Support 36

- 2.1 Opening Vignette: Standard Motor Products Shifts Gears into Team-Based Decision-Making 37
- 2.2 Decision-Making: Introduction and Definitions 39
- 2.3 Systems 41
- 2.4 Models 47
- 2.5 Phases of the Decision-Making Process 49
- 2.6 Decision-Making: The Intelligence Phase 51
- 2.7 Decision-Making: The Design Phase 56
- 2.8 Decision-Making: The Choice Phase 69
- 2.9 Decision-Making: The Implementation Phase 70
- 2.10 How Decisions Are Supported 72
- 2.11 Personality Types, Gender, Human Cognition, and Decision Styles 78
- 2.12 The Decision-Makers 85
- Case Application 2.1* Clay Process Planning at IMERY'S: A Classical Case of Decision-Making 91

<i>Case Application 2.2</i>	Clay Process Planning at IMERYS: A Classical Case of Decision-Making	92
<i>Case Application 2.3</i>	Key Grip Selects Film Projects by an Analytical Hierarchy Process	94
<i>Case Application 2.4</i>	MMS Running Case: Summary and Conclusion	98

PART II: DECISION SUPPORT SYSTEMS 99

CHAPTER 3 Decision Support Systems: An Overview 100

3.1	Opening Vignette: Southwest Airlines Flies in the Face of Competition through DSS	101
3.2	DSS Configurations	102
3.3	What Is a DSS?	103
3.4	Characteristics and Capabilities of DSS	106
3.5	Components of DSS	109
3.6	The Data Management Subsystem	110
3.7	The Model Management Subsystem	115
3.8	The User Interface (Dialog) Subsystem	119
3.9	The Knowledge-Based Management Subsystem	124
3.10	The User	124
3.11	DSS Hardware	126
3.12	DSS Classifications	127
3.13	Summary	136
<i>Case Application 3.1</i>	The Advantage of PetroVantage: Business Intelligence/DSS Creates an E-Marketplace	140
<i>Case Application 3.2</i>	FedEx Tracks Customers Along with Packages	142

CHAPTER 4 Modeling and Analysis 144

4.1	Opening Vignette: DuPont Simulates Rail Transportation System and Avoids Costly Capital Expense	145
4.2	MSS Modeling	146
4.3	Static and Dynamic Models	151
4.4	Certainty, Uncertainty, and Risk	152
4.5	Influence Diagrams	154
4.6	MSS Modeling with Spreadsheets	158
4.7	Decision Analysis of a Few Alternatives (Decision Tables and Decision Trees)	161
4.8	The Structure of MSS Mathematical Models	164
4.9	Mathematical Programming Optimization	166
4.10	Multiple Goals, Sensitivity Analysis, What-If, and Goal Seeking	173
4.11	Problem-Solving Search Methods	179
4.12	Heuristic Programming	181
4.13	Simulation	184
4.14	Visual Interactive Modeling and Visual Interactive Simulation	189
4.15	Quantitative Software Packages	193

4.16 Model Base Management 198

Case Application 4.1 Clay Process Planning at IMERYYS: A Classical Case of Decision Making 208

CHAPTER 5 Business Intelligence: Data Warehousing, Data Acquisition, Data Mining, Business Analytics, and Visualization 211

5.1 Opening Vignette: Information Sharing a Principal Component of the National Strategy for Homeland Security 212

5.2 The Nature and Sources of Data 213

5.3 Data Collection, Problems, and Quality 216

5.4 The Web/Internet and Commercial Database Services 226

5.5 Database Management Systems in Decision Support Systems/ Business Intelligence 228

5.6 Database Organization and Structures 229

5.7 Data Warehousing 235

5.8 Data Marts 248

5.9 Business Intelligence/Business Analytics 249

5.10 Online Analytical Processing (OLAP) 257

5.11 Data Mining 263

5.12 Data Visualization, Multidimensionality, and Real-Time Analytics 278

5.13 Geographic Information Systems 287

5.14 Business Intelligence and the Web: Web Intelligence/Web Analytics 291

Case Application 5.1 Data Warehousing and OLAP at Cabela's 300

Case Application 5.2 Blue Cross and Blue Shield of Minnesota's Pain-Free CRM Saves the Day Through Data Integration and Planning 301

Case Application 5.3 Cluster Analysis for Data Mining 302

CHAPTER 6 Decision Support System Development 305

6.1 Opening Vignette: Osram Sylvania Thinks Small, Strategizes Big—Develops the InfoNet HR Portal System 306

6.2 Introduction to DSS Development 309

6.3 The Traditional System Development Life Cycle 310

6.4 Alternative Development Methodologies 327

6.5 Prototyping: The DSS Development Methodology 331

6.6 Change Management 334

6.7 DSS Technology Levels and Tools 339

6.8 DSS Development Platforms 341

6.9 DSS Development Tool Selection 341

6.10 Team-Developed DSS 346

6.11 End User Developed DSS 347

6.12 Putting The DSS Together 350

Case Application 6.1 Clay Process Planning at IMERYYS: A Classical Case of Decision-Making 355

PART III: COLLABORATION, COMMUNICATION, ENTERPRISE DECISION SUPPORT SYSTEMS, AND KNOWLEDGE MANAGEMENT 359

CHAPTER 7 Collaborative Computing Technologies: Group Support Systems 361

- 7.1 Opening Vignette: Chrysler Scores with Groupware 362
- 7.2 Group Decision-Making, Communication, and Collaboration 365
- 7.3 Communication Support 367
- 7.4 Collaboration Support: Computer-Supported Cooperative Work 369
- 7.5 Group Support Systems 374
- 7.6 Group Support Systems Technologies 379
- 7.7 Groupsystems Meetingroom and Online 380
- 7.8 The GSS Meeting Process 382
- 7.9 Distance Learning 385
- 7.10 Creativity and Idea Generation 394
- Case Application 7.1* Pfizer's Effective and Safe Collaborative Computing Pill 404
- Case Application 7.2* Dow Chemical Creates the World's Largest Classroom 406

CHAPTER 8 Enterprise Information Systems 408

- 8.1 Opening Vignette: The United States Military Turns to Portals 409
- 8.2 Enterprise Information Systems: Concepts and Definitions 410
- 8.3 The Evolution of Executive and Enterprise Information Systems 411
- 8.4 Executives' Roles and Information Needs 415
- 8.5 Characteristics and Capabilities of Executive Support Systems 417
- 8.6 Comparing and Integrating EIS and DSS 422
- 8.7 EIS, Data Access, Data Warehousing, Olap, Multidimensional Analysis, Presentation, and the Web 425
- 8.8 Soft Information in Enterprise Systems 432
- 8.9 Organizational DSS 433
- 8.10 Supply and Value Chains and Decision Support 435
- 8.11 Supply Chain Problems and Solutions 442
- 8.12 Materials Requirement Planning (MRP), Enterprise Resource Planning/Enterprise Resource Management (ERP/ERM), and Supply Chain Management (SCM) Systems 447
- 8.13 Customer Relationship (Resource) Management (CRM) Systems 457
- 8.14 Emerging Enterprise Information Systems: Product Lifecycle Management (PLM), Business-Process Management (BPM) and Business Activity Monitoring (BAM) 465
- 8.15 Frontline Decision Support Systems 475
- 8.16 The Future of Executive and Enterprise Information Systems 477
- Case Application 8.1* How Levi's Got Its Jeans into Wal-Mart 483
- Case Application 8.2* McDonald's Enterprise Information Effort: McBusted! 484
- Case Application 8.3* Mohegan Sun's CRM Hits the Jackpot 486

CHAPTER 9 Knowledge Management 487

- 9.1 Opening Vignette: Siemens Knows What It Knows Through Knowledge Management 488
- 9.2 Introduction to Knowledge Management 490
- 9.3 Organizational Learning and Transformation 495
- 9.4 Knowledge Management Initiatives 497
- 9.5 Approaches to Knowledge Management 498
- 9.6 Information Technology in Knowledge Management 503
- 9.7 Knowledge Management Systems Implementation 508
- 9.8 Roles of People in Knowledge Management 515
- 9.9 Ensuring Success of Knowledge Management 521
- Case Application 9.1* DaimlerChrysler EBOKs with Knowledge Management 532
- Case Application 9.2* Chevron's Knowledge Management Initiatives Cook with Gas 534

PART IV: INTELLIGENT DECISION SUPPORT SYSTEMS 537**CHAPTER 10 Artificial Intelligence and Expert Systems: Knowledge-Based Systems 538**

- 10.1 Opening Vignette: Intelligent Systems in KPN Telecom and Logitech 539
- 10.2 Concepts and Definitions of Artificial Intelligence 540
- 10.3 Evolution of Artificial Intelligence 542
- 10.4 The Artificial Intelligence Field 544
- 10.5 Basic Concepts of Expert Systems 549
- 10.6 Applications of Expert Systems 552
- 10.7 Structure of Expert Systems 554
- 10.8 How Expert Systems Work 557
- 10.9 Problem Areas Suitable for Expert Systems 560
- 10.10 Benefits and Capabilities of Expert Systems 561
- 10.11 Problems and Limitations of Expert Systems 564
- 10.12 Expert System Success Factors 565
- 10.13 Types of Expert Systems 566
- 10.14 Expert Systems on the Web 568
- Case Application 10.1* Gate Assignment Display System 574

CHAPTER 11 Knowledge Acquisition, Representation, and Reasoning 575

- 11.1 Opening Vignette: Development of a Real-Time Knowledge-Based System at Eli Lilly 576
- 11.2 Concepts of Knowledge Engineering 577
- 11.3 Scope and Types of Knowledge 579
- 11.4 Methods of Knowledge Acquisition from Experts 583
- 11.5 Knowledge Acquisition from Multiple Experts 595
- 11.6 Automated Knowledge Acquisition from Data and Documents 597
- 11.7 Knowledge Verification and Validation 602

- 11.8 Representation of Knowledge 604
- 11.9 Reasoning in Rule-Based Systems 616
- 11.10 Explanation and Metaknowledge 624
- 11.11 Inferencing with Uncertainty 627
- 11.12 Expert Systems Development 633
- 11.13 Knowledge Acquisition and the Internet 640

CHAPTER 12 Advanced Intelligent Systems 649

- 12.1 Opening Vignette: Household Financial's Vision Speeds Loan Approvals with Neural Networks 650
- 12.2 Machine-Learning Techniques 652
- 12.3 Case-Based Reasoning 654
- 12.4 Basic Concept of Neural Computing 663
- 12.5 Learning in Artificial Neural Networks 669
- 12.6 Developing Neural Network-Based Systems 674
- 12.7 Genetic Algorithms Fundamentals 679
- 12.8 Developing Genetic Algorithm Applications 684
- 12.9 Fuzzy Logic Fundamentals 685
- 12.10 Developing Integrated Advanced Systems 690
- Case Application 12.1* Konica Automates a Help Desk with Case-Based Reasoning 698
- Case Application 12.2* Maximizing the Value of the John Deere & Company Pension Fund 699

CHAPTER 13 Intelligent Systems over the Internet 700

- 13.1 Opening Vignette: Spartan Uses Intelligent Systems to Find the Right Person and Reduce Turnover 701
- 13.2 Web-Based Intelligent Systems 702
- 13.3 Intelligent Agents: An Overview 704
- 13.4 Characteristics of Agents 707
- 13.5 Why Intelligent Agents? 709
- 13.6 Classification and Types of Agents 711
- 13.7 Internet-Based Software Agents 714
- 13.8 DSS Agents and Multi-Agents 721
- 13.9 Semantic Web: Representing Knowledge for Intelligent Agents 725
- 13.10 Web-Based Recommendation Systems 732
- 13.11 Managerial Issues of Intelligent Agents 737

PART V: IMPLEMENTING MSS IN THE E-BUSINESS ERA 743

CHAPTER 14 Electronic Commerce 744

- 14.1 Opening Vignette: E-Commerce Provides Decision Support to Hi-Life Corp. 745
- 14.2 Overview of E-Commerce 747
- 14.3 E-Commerce Mechanisms: Auctions and Portals 753
- 14.4 Business-to-Consumer Applications 759

14.5	Market Research, e-CRM, and Online Advertising	765	
14.6	B2B Applications	774	
14.7	Collaborative Commerce	777	
14.8	Intrabusiness, Business-to-Employees, and People-to-People EC	779	
14.9	E-Government, E-Learning, and Customer-to-Customer EC	780	
14.10	M-Commerce, L-Commerce, and Pervasive Computing	785	
14.11	E-Commerce Support Services	787	
14.12	Legal and Ethical Issues in E-Commerce	792	
	<i>Case Application 14.1</i> Amazon.com: The King of E-Tailing	798	
CHAPTER 15	Integration, Impacts, and the Future of Management-Support Systems		800
15.1	Opening Vignette: Elite Care Supported by Intelligent Systems	801	
15.2	System Integration: An Overview	802	
15.3	Models of MSS Integration	806	
15.4	Intelligent DSS	812	
15.5	Intelligent Modeling and Model Management	815	
15.6	Integration with the Web, Enterprise Systems, and Knowledge Management	816	
15.7	The Impacts of MSS: An Overview	822	
15.8	MSS Impacts on Organizations	823	
15.9	Impact on Individuals	827	
15.10	Decision-Making and the Manager's Job	828	
15.11	Issues of Legality, Privacy, and Ethics	829	
15.12	Intelligent Systems and Employment Levels	834	
15.13	Internet Communities	835	
15.14	Other Societal Impacts and the Digital Divide	838	
15.15	The Future of Management-Support Systems	840	
	<i>Case Application 15.1</i> Hybrid Intelligent System for Developing Marketing Strategy		847
	Glossary	848	
	References	864	
	Index	921
