## PART ONE

### THE INTERNET 1

#### Chapter 1

##### Introduction and Overview 3

Determinants of Performance 3

*Business Models 4*

*Environment 5*

*Change 6*

*The Internet 6*

Internet Business Models 7

Internet Business Models and Strategies 7

*Part I: The Internet 8*

*Part II: Components, Linkages, Dynamics, and  
Evaluation of Business Models 9*

*Part III: The Role of Competitive and Macro  
Environments 9*

*Part IV: Applying the Concepts, Models, and  
Tools 10*

*Part V: Cases 10*

#### Chapter 2

##### Overview of Internet Technology and Value Network 12

Definition and History 12

*What Are the Internet and the World Wide  
Web? 12*

*A Brief History of the Internet and the World  
Wide Web 15*

The Internet Value Network 17

*I. Users 18*

*II. Communications Services 22*

*III. Suppliers 25*

#### Chapter 3

##### Competitive Landscape-Changing Properties of the Internet 32

Properties of the Internet 32

*1. Mediating Technology 33*

*2. Universality 33*

*3. Network Externalities 33*

*4. Distribution Channel 35*

*5. Time Moderator 35*

*6. Information Asymmetry Shrinker 35*

*7. Infinite Virtual Capacity 36*

*8. Low Cost Standard 36*

*9. Creative Destroyer 36*

*10. Transaction-Cost Reducer 37*

Impact of the Internet on the 5-Cs 38

*Coordination 38*

*Commerce 39*

*Community 43*

*Content 43*

*Communication 44*

*Implications for Industries 44*

Limitations to Transactions over the Internet 44

*Tacit Knowledge 45*

*People 45*

## PART TWO

### COMPONENTS, LINKAGES, DYNAMICS, AND EVALUATION OF BUSINESS MODELS 49

#### Chapter 4

##### Components of a Business Model 51

Internet Business Model 51

Components and Linkages	52
<i>Rationale for Components</i>	52
Profit site	53
Customer Value	55
<i>Differentiation</i>	55
<i>Low Cost</i>	57
Scope	57
Price	58
<i>Market Share and Margins</i>	
<i>Are Critical!</i>	59
<i>It's Growth! It's Revenues!</i>	59
<i>Lock-in</i>	59
<i>Types of Pricing and the</i>	
<i>Influence of the Internet</i>	
<i>(Dynamic Pricing)</i>	60
Revenue Sources	62
Connected Activities: What Activities	
and When	63
<i>Which Activities to Perform</i>	63
<i>When to Perform Activities</i>	65
Implementation	66
<i>Structure</i>	66
<i>Systems</i>	67
<i>People</i>	67
Capabilities	69
<i>Resources</i>	69
<i>Competencies</i>	69
<i>Competitive Advantage</i>	70
Sustainability	70
<i>Block Strategy</i>	71
<i>Run Strategy</i>	71
<i>Team-up Strategy</i>	72
Cost Structure	72

## **Chapter 5**

### **Dynamics of Internet Business Models 78**

Who Profits from Technological Change?	78
<i>Complementary Assets Model</i>	78
<i>Implications for the Internet</i>	80
<i>Strategic Implications of Complementary Assets</i>	80
<i>Model</i>	80
<i>Determining One's Complementary</i>	
<i>Assets</i>	82

Developing the Technology	83
<i>Models of Technological Change</i>	84
Example: The Dot.com Boom and Burst	96
<i>Should the Dot.com Bubble and Burst Have Been</i>	
<i>Expected?</i>	97
<i>Who Wins in a Dot.com versus Bricks-and-</i>	
<i>Mortar Battle?</i>	97

## **Chapter 6**

### **A Taxonomy of Business Models 103**

A Taxonomy of Business Models	103
<i>Commission-Based</i>	105
<i>Advertising-Based</i>	106
<i>Markup-Based</i>	108
<i>Production-Based</i>	109
<i>Referral-Based</i>	110
<i>Subscription-Based</i>	111
<i>Fee-for-Service-Based</i>	111
Putting It All Together: The Four Elements	
and the Taxonomy	112
<i>Profit Sites</i>	114
<i>Revenue Models</i>	115
<i>Commerce Strategy</i>	115
<i>Pricing Models</i>	116

## **Chapter 7**

### **Value Configurations and the Internet 120**

Value Creation and Organizational	
Technologies	120
The Value Chain	123
<i>A Manufacturer's Value Chain</i>	123
<i>How Does the Internet Affect the Primary</i>	
<i>Activities of the Value Chain?</i>	124
The Value Shop	127
<i>Value Creation Logic and Service</i>	
<i>Provision</i>	127
<i>Primary Activities of the Value</i>	
<i>Shop</i>	128
<i>How Does the Internet Affect the Primary</i>	
<i>Activities of the Value Shop?</i>	129
The Value Network	132

<i>Examples of Value Network Businesses</i>	132
<i>Primary Activities of the Value Network</i>	133
Making a Firm's Value Configuration Consistent with Its Activities	136

## **Chapter 8**

### **Valuing and Financing an Internet Start-Up 142**

When to Cash Out	142
<i>Over a Firm's Life Cycle</i>	142
<i>Collecting Early</i>	143
The IPO Process	143
<i>Impact of the Internet on the IPO Process</i>	144
Valuation of a Business	145
<i>Cash Flows</i>	145
<i>Price-Earnings (P/E) Ratio</i>	147
<i>Price-Earnings Growth (PEG) Ratio</i>	148
Valuation of Businesses That Are Not Yet Profitable	148
<i>Firm and Industry Proxies</i>	148
<i>Business Models Approach: Earnings and Cash Flow Chain</i>	149
<i>Implications of Market Value for Financing and Investment Strategies</i>	150
Intellectual Capital: Valuing the Parts	151
<i>Components of Intellectual Capital</i>	152
Financing a Start-Up	154
<i>Internal Sources: Assets and Activity</i>	154
<i>Equity</i>	154
<i>Debt</i>	156
<i>Complementary Assets</i>	156

## **Chapter 9**

### **Appraisal of Business Models 160**

Elements of Appraising Business Models	160
<i>Profitability Measures</i>	161
<i>Profitability Predictor Measures</i>	161
<i>Business Model Component Measures</i>	162
The Case of Juniper Networks	166
<i>The Networking Industry</i>	167
<i>Juniper Networks' Company History</i>	170
<i>Juniper's Corporate Strategy</i>	170
<i>Initial Success for Juniper</i>	171
<i>Juniper Gains Market Share</i>	173

<i>Juniper's Competitors</i>	174
<i>Juniper at Crossroads</i>	175
Appraising Juniper Networks' Business Model	175
<i>How Viable Is Juniper Networks' Business Model?</i>	176
<i>Should Juniper Enter the Enterprise Router Market?</i>	181

## **PART THREE**

### **THE ROLE OF COMPETITIVE AND MACRO ENVIRONMENTS 185**

#### **Chapter 10**

##### **Competitive and Macro Environments 187**

The Environment As Determinant of Firm Performance	187
<i>The Competitive Environment</i>	187
<i>Industry Characteristics and Critical Success Drivers</i>	189
The Internet and Environmental Determinants of Performance	189
<i>Impact of the Internet on Industry Environment</i>	189
<i>The Internet's Multiple Forces</i>	192
<i>A Five Forces Analysis of ISPs</i>	192
<i>An Important Point about Industry Analysis</i>	193
Co-opetitors and Industry Dynamics	194
<i>Co-opetitors</i>	194
<i>Industry Dynamics and Evolution</i>	195
The Macro Environment	195
<i>Impact on Performance</i>	196

## **PART FOUR**

### **APPLYING THE CONCEPTS, MODELS, AND TOOLS 201**

#### **Chapter 11**

##### **The General Manager and the Internet 203**

Competitive Advantage and the General Manager	203
---	-----

Incumbents versus New Entrants	204
<i>Managing Bricks-and-Mortar Incumbents</i>	204
<i>Managing New Entrants</i>	209
Formulating and Implementing a Strategy	210
<i>Change and the Strategic Management Process</i>	210
<i>Where Is the Firm Now?</i>	211
<i>Where Does the Firm Go Next?</i>	215
<i>How Does the Firm Get There?</i>	215
<i>Implementation</i>	218
Personal Role of the General Manager	219
<i>Champions</i>	219
<i>Sponsors</i>	219

## Chapter 12

### Sample Analysis of an Internet Business Model Case 224

Amazon.com: zShops	224
<i>Amazon.com</i>	225
<i>Amazon's Diversification Strategy</i>	226
<i>zShops</i>	228
e-Commerce Industry	230
<i>Competitors</i>	230
<i>Threats</i>	231
<i>The zShops Dilemma</i>	231
What Is the zShops New Product Concept and How Does It Add Value to Stakeholders?	232
<i>How the zShops Add Value to Customers</i>	233
<i>How the zShops Add Value to Shop Merchants</i>	234
<i>How the zShops Add Value to Amazon</i>	234
What Value Configuration Activities Should Amazon Be Undertaking?	236
<i>Value Network Components</i>	236
Does Amazon Have Control Over Key Assets?	236
<i>Complementary Asset Framework</i>	236
Are the zShops a Viable Growth Strategy for Amazon?	237
<i>Analysis of Business Model Components</i>	238
Recommendations: Is Amazon Risking Too Much from the Standpoint of Brand Name and Reputation?	241

## Appendix 243

## PART FIVE CASES 249

### Case One

**Broadcast.com 251**

### Case Two

**Webvan: Reinventing the Milkman 259**

### Case Three

**Reflect.com: Burn the Ships 271**

### Case Four

**VerticalNet: The New Face of B2B 285**

### Case Five

**LiveREADS: Valuing an E-book Start-up 301**

### Case Six

**Beyond Interactive: Internet Advertising and Cash Crunch 313**

### Case Seven

**Hotmail: Free E-Mail for Sale 329**

### Case Eight

**GMBuyPower.com: Dealer Beware 337**

### Case Nine

**iVillage: Innovation among Women's Websites 351**

### Case Ten

**eBay, Inc.: Diversification in the Internet Auction Market 360**

## **Case Eleven**

**Microsoft: Xbox Online 371**

## **Case Twelve**

**Sun Microsystems: Jumping for Java 392**

## **Case Thirteen**

**OSCar—The Open Source Car Project 404**

## **Case Fourteen**

**E\*Trade: “A Lust for Being Different” 415**

## **Case Fifteen**

**Research in Motion Limited (RIM) and BlackBerry: Wireless E-Mail . . . the Killer App? 428**

## **Case Sixteen**

**Sprint PCS: Winning the Wireless War? 442**

## **Case Seventeen**

**Napster: The Giant Online Pirate Bazaar 459**

**Index 472**
