

Research Report

“The use of E-commerce of Small and Medium Enterprises
(SMEs) in Bangkok, Thailand”

By

Assistant Professor Suda Suwannapirom

Graduate School of Commerce Burapha University

September 2003

ISBN 974-382-557-6

CONTENTS

	page
Abstract.....	3
List of Abbreviations.....	7
Chapter	
1 Introduction.....	10
1.1 Introduction.....	10
1.2 Background to the research.....	10
1.3 Research problem and research questions.....	13
1.4 Research justification.....	14
1.5 Methodology.....	15
1.6 Delimitations of scope.....	17
1.7 Definitions used in this research.....	17
1.8 Structure of the research.....	18
1.9 Conclusion.....	19
2 Literature review.....	20
2.1 Introduction.....	20
2.2. The internet.....	20
2.3 The World Wide Web.....	21
2.4 Electronic commerce.....	22
2.5 The internet and E-commerce in Thailand.....	22
2.6 Conceptual E-commerce framework.....	23

	Page
2.7 Research questions.....	31
2.8 Conclusion.....	32
3 Research Methodology.....	34
3.1 Introduction.....	34
3.2 Justification for Qualitative research.....	34
3.3 Case study method.....	36
3.4 Criteria for judging quality of case study.....	37
3.5 Research design for case selection.....	38
3.6 Data collection procedure.....	42
3.7 Pilot case studies.....	43
3.8 Analyzing the data.....	43
3.9 Ethics.....	44
3.10 Conclusion.....	45
4 Data Analysis.....	46
4.1 Introduction.....	46
4.2 Description of case studies.....	46
4.3 Analysis of data for research question 1.....	49
4.4 Analysis of data for research questions 2.....	55
4.5 Conclusion.....	58
5 Conclusion and Implications	59
5.1 Introduction.....	59
5.2 Overall theoretical framework.....	59
5.3 Implications of the research.....	61
5.4 Limitations and implications for further research.....	62

	Page
5.5 Conclusion	63
References.....	64
