Case: Mega Bytes Restaurant 454	Cl . 17
Chapter 15 Supplement:	Chapter 17
Data Envelopment Analysis (DEA) 458	Forecasting Demand for Services 495
Measuring Service Productivity 459	Learning Objectives 495
The DEA Model 459	Chapter Preview 495
DEA and Strategic Planning 465	Subjective Models 496
Exercises 466	Delphi Method 496
Case: Mid-Atlantic Bus Lines 466	Cross-Impact Analysis 498
Selected Bibliography 466	Historical Analogy 498
Endnotes 467	Causal Models 499
Chanton 16	Regression Models 499
Chapter 16	Econometric Models 501
G 41 1G11 11 41 6G 1 460	Leonometric Models 501
Growth and Globalization of Services 469	Time Series Models 501
Learning Objectives 469	Time Series Models 501
Learning Objectives 469 Chapter Preview 470	Time Series Models 501 N-Period Moving Average 501
Learning Objectives 469 Chapter Preview 470	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502
Learning Objectives 469 Chapter Preview 470 Domestic Growth and Expansion Strategies 470	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502 Relationship Between α and N 505
Learning Objectives 469 Chapter Preview 470 Domestic Growth and Expansion Strategies 470 Focused Service 470	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502 Relationship Between α and N 505 Forecast Error 505 Exponential Smoothing with Trend Adjustment 506
Learning Objectives 469 Chapter Preview 470 Domestic Growth and Expansion Strategies 470 Focused Service 470 Focused Network 471	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502 Relationship Between α and N 505 Forecast Error 505 Exponential Smoothing with Trend Adjustment 506 Exponential Smoothing with Seasonal
Learning Objectives 469 Chapter Preview 470 Domestic Growth and Expansion Strategies 470 Focused Service 470 Focused Network 471 Clustered Service 472	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502 Relationship Between α and N 505 Forecast Error 505 Exponential Smoothing with Trend Adjustment 506 Exponential Smoothing with Seasonal Adjustment 507
Learning Objectives 469 Chapter Preview 470 Domestic Growth and Expansion Strategies 470 Focused Service 470 Focused Network 471 Clustered Service 472 Diversified Network 472 Franchising 473 The Nature of Franchising 473	Time Series Models 501 N-Period Moving Average 501 Simple Exponential Smoothing 502 Relationship Between α and N 505 Forecast Error 505 Exponential Smoothing with Trend Adjustment 506 Exponential Smoothing with Seasonal Adjustment 507 Exponential Smoothing with Trend and Seasonal
