

The Handbook of Information Systems Research

Michael E. Whitman
and
Amy B. Woszczynski

The Handbook of Information Systems Research

Table of Contents

Preface	vi
----------------------	-----------

Michael E. Whitman, Kennesaw State University, USA

Amy B. Woszczyński, Kennesaw State University, USA

SECTION I: ISSUES IN SURVEY RESEARCH

Chapter I.

Exemplary Works on Information Systems Research	1
--	----------

Michael E. Whitman, Kennesaw State University, USA

Amy B. Woszczyński, Kennesaw State University, USA

Chapter II.

Validating IS Positivist Instrumentation: 1997-2001	15
--	-----------

Marie-Claude Boudreau, University of Georgia, USA

Thilini Ariyachandra, University of Georgia, USA

David Gefen, Drexel University, USA

Detmar W. Straub, Georgia State University, USA

Chapter III.

A Multitrait-Multimethod Analysis of the End User Computing Satisfaction and Computer Self-Efficacy Instruments	27
--	-----------

Michael J. Masterson, United States Air Force, USA

R. Kelly Rainer, Jr., Auburn University, USA

Chapter IV.

The Use of Structural Equation Modeling in IS Research: Review and

Recommendations 44

Kun Shin Im, Yonsei University, Korea

Varun Grover, Clemson University, USA

Chapter V.

The Problem of Common Method Variance in IS Research 66

Amy B. Woszczyński, Kennesaw State University, USA

Michael E. Whitman, Kennesaw State University, USA

SECTION II: RIGOR AND RELEVANCE

Chapter VI.

Rigor in Grounded Theory Research: An Interpretive Perspective on Generating

Theory from Qualitative Field Studies 79

Susan Gasson, Drexel University, USA

Chapter VII.

Investigating the Dynamics of IT-Enabled Change: The Appeal of Clinical Inquiry .. 103

Joe McDonagh, University of Dublin, Ireland

Chapter VIII.

Rigor, Relevance and Research Paradigms: A Practitioner's Perspective 117

John C. Beachboard, Idaho State University, USA

SECTION III: VIRTUAL RESEARCH ISSUES

Chapter IX.

Updating Ethnography to Investigate Contemporary Organizational Forms 133

Julie Rennecker, Case Western Reserve University, USA

Chapter X.

Studying Virtual Work in Teams, Organizations and Communities 150

Daniel Robey, Georgia State University, USA

Leigh Jin, San Francisco State University, USA

SECTION IV: GLOBAL ISSUES

Chapter XI.

Methodological Issues in MIS Cross-Cultural Research 166

Elena Karahanna, University of Georgia, USA

Roberto Evaristo, University of Illinois, Chicago, USA

Mark Srite, University of Wisconsin-Milwaukee, USA

Chapter XII.	
Global Information Management Research: Current Status and Future Directions	180
<i>Felix B. Tan, Auckland University of Technology, New Zealand</i>	
<i>R. Brent Gallupe, Queen's University, Canada</i>	

SECTION V: EMERGING ISSUES

Chapter XIII.	
Structuration Theory in Information Systems Research: Methods and Controversies	206
<i>Marshall Scott Poole, Texas A&M University, USA</i>	
<i>Gerardine DeSanctis, Duke University, USA</i>	

Chapter XIV. Simulation in IS Research: Technique Underrepresented in the Field	250
<i>Theresa M. Vitolo, Gannon University, USA</i>	
<i>Chris Coulston, Pennsylvania State University, USA</i>	

Chapter XV.	
Cognitive Research in Information Systems Using the Repertory Grid Technique ..	261
<i>Felix B. Tan, Auckland University of Technology, New Zealand</i>	
<i>M. Gordon Hunter, University of Lethbridge, Canada</i>	

Chapter XVI.	
Qualitative Research in Information Systems: An Exploration of Methods	291
<i>M. Gordon Hunter, University of Lethbridge, Canada</i>	

Chapter XVII.	
Stories and Histories: Case Study Research (and Beyond) in Information Systems Failures	305
<i>Darren Dalcher, Middlesex University, United Kingdom</i>	

Chapter XVIII.	
Using Critical Realism in IS Research	323
<i>Sven A. Carlsson, Jönköping International Business School, Sweden</i>	

About the Authors	339
Index	346
