## **1 Viral Zoonoses 1**

### **Introduction 1**

Diagnostic Procedures 3

### **Cycles of Arbovirus Infections 4**

### **Zoonoses Caused by Alphaviruses 6**

Agents 6

Alphaviral Zoonoses 7

Eastern Equine Encephalitis 9

Western Equine Encephalitis 10

Venezuelan Equine Encephalitis 12

Semliki Forest Fever 14

Sindbis Fever 15

Epidemic Polyarthrits (Ross River Fever)  
and Barmah Forest Fever 16

Chikungunya Fever 18

O'Nyong-Nyong Fever 21

Mayaro Fever 22

PCR TECHNIQUES FOR DETECTION OF  
ALPHAVIRUSES 24

### **Zoonoses Caused by Flaviviruses 27**

Agents 27

Complexes of the *Flaviviridae* with Clinical  
Importance 27

Virus Complex Transmitted by Ticks 27

Virus Complex Transmitted by Mosquitoes:  
Japanese Encephalitis Virus and Related  
Encephalitis Viruses 27

Agents Causing Yellow Fever and Dengue,  
Forming Two Closely Related Virus  
Complexes 27

Zoonoses Caused by Tick-Borne  
Flaviviruses 32

Tick-Borne Encephalitis (TBE) European  
Subtype (Central European Encephalitis)  
and TBE Eastern Subtype (Russian Spring-  
Summer Meningoencephalitis) 32

Louping Ill 37

Powassan Virus Encephalitis 38

Kyasanur Forest Disease and Alkhurma Virus  
Hemorrhagic Fever 39

Omsk Hemorrhagic Fever 40

Zoonoses Caused by Mosquito-Borne  
Flaviviruses 41

Japanese Encephalitis 41

Murray Valley Encephalitis and Kunjin Virus  
Disease 44

St. Louis Encephalitis 46

Rocio Encephalitis 48

West Nile Fever 49

Wesselsbron Fever 51

Yellow Fever 52

Dengue Fever (Dengue Hemorrhagic Fever  
and Dengue Shock Syndrome) 57

RT-PCR TECHNIQUES FOR DETECTION OF  
FLAVIVIRUSES 62

**Zoonoses Caused by Bunyaviruses 65**

La Crosse (California Encephalitis) Virus,  
Snowshoe Hare Virus, and Tahyna Virus 67

Oropouche Fever 69

Crimean-Congo Hemorrhagic Fever 70

Rift Valley Fever 72

Sandfly Fever 75

Zoonoses Caused by Hantaviruses 77

Hemorrhagic Fever with Renal Syndrome  
(Old World Hantaviruses) and Hantavirus  
Pulmonary Syndrome (New World  
Hantaviruses) 77

PCR TECHNIQUES FOR DETECTION OF  
BUNYAVIRUSES 82

**Zoonoses Caused by Reoviruses  
(*Coltivirus* and *Orbivirus*) 87**

Genus *Coltivirus* 87

Colorado Tick Fever 87

Genus *Orbivirus* (Kemerovo Complex) 88

RT-PCR TECHNIQUE FOR DETECTION OF  
COLTIVIRUSES 90

**Zoonoses Caused by Arenaviruses 91**

Lymphocytic Choriomeningitis 92

Lassa Fever 94

Zoonoses Caused by New World

Arenaviruses (Agents of Hemorrhagic  
Fever) 97

RT-PCR TECHNIQUES FOR DETECTION OF  
ARENAVIRUSES 101

**Zoonoses Caused by Filoviruses 103**

Marburg Virus Hemorrhagic Fever 104

Ebola Virus Hemorrhagic Fever 107

PCR TECHNIQUES FOR DETECTION OF  
FILOVIRUSES 111

**Zoonoses Caused by  
Rhabdoviruses 112**

Rabies 113

Vesicular Stomatitis 119

PRIMERS FOR DIAGNOSTIC RT-PCR FOR  
RHABDOVIRUSES 122

**Zoonoses Caused by  
Paramyxoviruses 123**

Newcastle Disease 124

Zoonoses Caused by Hendra Virus 125

Nipah Virus Encephalitis 127

PCR TECHNIQUES FOR DIAGNOSIS OF  
PARAMYXOVIRUSES 131

**Zoonoses Caused by  
Orthomyxoviruses 133**

Surveillance 133

Swine Influenza Virus H1swN1 133

Avian Influenza Viruses H5N1, H7N7, and  
H9N2 135

PCR TECHNIQUES FOR DIAGNOSIS OF  
INFLUENZA VIRUSES 138

**Zoonoses Caused by  
Picornaviruses 140**

Swine Vesicular Disease 140

Foot-and-Mouth Disease 141

Encephalomyocarditis 144

PCR TECHNIQUES FOR DIAGNOSIS OF  
PICORNAVIRUSES 145

**Zoonoses Caused by  
Herpesviruses 146**

Herpes B Virus: Monkey Herpes  
Infection 146

DETECTION OF HERPES B VIRUS BY  
PCR 150

**Zoonoses Caused by Poxviruses 151**

Zoonoses Caused by Orthopoxviruses 151

Individual Orthopoxvirus Infections 153

Monkeypox 153

Vaccinia Virus 154

Buffalopox 157

Camelpox 157

Cowpox 157

Elephantpox 158

Parapoxvirus Infections 159

Contagious Ecthyma of Sheep (Orf) 159

Milker's Nodules (Pseudocowpox) 160

Papular Stomatitis 160

Zoonoses Caused by Yatapoxviruses 161

Tanapox Virus 161

Yaba Monkey Tumor Virus 161

USE OF PCR FOR DIAGNOSIS OF  
ORTHOPOX- AND PARAPOXVIRUSES 162

**Zoonoses Caused by  
Coronaviruses 165**

SARS 165

**Zoonoses Associated with Prions 167**Bovine Spongiform Encephalopathy and  
the New Variant of Creutzfeldt-Jakob  
Disease 168

---

**2 Bacterial Zoonoses 173****Introduction 173****Anthrax 173****Bartonellosis, Including Cat Scratch  
Disease 176****Borreliosis 179**

Lyme Borreliosis 180

Relapsing Fever 183

**Brucellosis 185****Campylobacteriosis 188*****Capnocytophaga* Infections 190****Chlamydial Infections****(Psittacosis/Ornithosis and Other  
Chlamydial Zoonoses) 191**

Psittacosis/Ornithosis 191

Chlamydiosis Transmitted from  
Mammals 192**Ehrlichiosis 193****Enterohemorrhagic *Escherichia coli*  
Infections 196****Erysipeloid 200****Glanders (Malleus or Farcy) 202****Leptospirosis 203****Listeriosis 205****Melioidosis 208****Mycobacterial Infections 210**Infections with *Mycobacterium tuberculosis*  
Complex 210Infections with *Mycobacterium*  
*marinum* 214Possibly Zoonotic Mycobacterial  
Infections 214*M. avium* Infections 214Infections with *M. avium* subsp.  
*paratuberculosis* 215Infections with *M. genavense* 215**Pasteurellosis 216****Plague 217****Rat Bite Fever 220****Rickettsiosis 221**

General 221

Rocky Mountain Spotted Fever 222

Mediterranean Spotted Fever and Other  
Spotted Fevers 224

Epidemic Typhus 226

Murine Typhus 228

Q Fever 229

Rickettsialpox 232

Scrub Typhus (Tsutsugamushi Fever) 233

**Salmonellosis 234****Staphylococcal Infections 236****Streptococcal Infections 237**

General 237

*Streptococcus equi* (Serogroup C)  
Infections 238*Streptococcus suis* Infections 239Infections with Other Streptococcal  
Species 240**Tularemia 241****Vibriosis 243**

Cholera 244

Diseases Due to Other Vibrios 245

**Yersiniosis Caused by *Yersinia*  
*enterocolitica* and *Yersinia*  
*pseudotuberculosis* 246****Bacteria That Have Rarely Been  
Incriminated as Agents of  
Zoonoses 248***Actinobacillus* spp. 248*Arcanobacterium pyogenes* 249*Bordetella bronchiseptica* 249

|                                           |     |
|-------------------------------------------|-----|
| <i>Corynebacterium pseudotuberculosis</i> | 250 |
| <i>Corynebacterium ulcerans</i>           | 250 |
| <i>Dermatophilus congolensis</i>          | 250 |
| <i>Helicobacter</i> spp.                  | 251 |
| <i>Rhodococcus equi</i>                   | 252 |

## **3 Fungal Zoonoses 253**

### **Introduction 253**

#### **Dermatophytoses Caused by *Microsporum* spp. 253**

#### **Dermatophytoses Caused by *Trichophyton* spp. 255**

#### **Sporotrichosis 257**

## **4 Parasitic Zoonoses 261**

### **Introduction 261**

#### **Zoonoses Caused by Protozoa 264**

|                                                   |     |
|---------------------------------------------------|-----|
| Amebiasis                                         | 264 |
| Babesiosis                                        | 269 |
| Balantidiasis                                     | 271 |
| Chagas' Disease (American Trypanosomiasis)        | 273 |
| Cryptosporidiosis                                 | 278 |
| Giardiasis (Lambliasis)                           | 280 |
| Leishmaniasis                                     | 282 |
| General Remarks                                   | 282 |
| Visceral Leishmaniasis (Kala-Azar)                | 283 |
| Old World Cutaneous Leishmaniasis (Oriental Sore) | 289 |
| New World Cutaneous Leishmaniasis                 | 291 |
| Microsporidiosis                                  | 294 |
| Monkey Malaria (Simian Malaria)                   | 296 |
| Pneumocystosis ( <i>Pneumocystis</i> Pneumonia)   | 299 |
| Sarcosporidiosis                                  | 300 |
| Sleeping Sickness (African Trypanosomiasis)       | 302 |
| Toxoplasmosis                                     | 307 |

#### **Zoonoses Caused by Trematodes 312**

|                      |     |
|----------------------|-----|
| Cercarial Dermatitis | 312 |
|----------------------|-----|

|                                                                                           |     |
|-------------------------------------------------------------------------------------------|-----|
| Clonorchiasis                                                                             | 313 |
| Dicrocoeliasis (Distomatosis)                                                             | 315 |
| Echinostomiasis (Intestinal Fluke Infection)                                              | 316 |
| Fascioliasis                                                                              | 317 |
| Fasciolopsiasis                                                                           | 320 |
| Heterophyiasis                                                                            | 321 |
| Opisthorchiasis                                                                           | 322 |
| Paragonimiasis (Pulmonary Distomatosis)                                                   | 323 |
| Schistosomiasis (Bilharziosis)                                                            | 325 |
| Other Trematodal Infections                                                               | 329 |
| <b>Zoonoses Caused by Cestodes 330</b>                                                    |     |
| Coenurosis                                                                                | 330 |
| Diphyllobothriasis                                                                        | 331 |
| Dipylidiosis                                                                              | 333 |
| Echinococcosis                                                                            | 334 |
| Alveolar Echinococcosis                                                                   | 334 |
| Cystic Echinococcosis (Hydatidosis)                                                       | 338 |
| Hymenolepiasis                                                                            | 343 |
| Sparganosis                                                                               | 345 |
| Taeniasis Saginata (Including Taeniasis Asiatica)                                         | 346 |
| Taeniasis Solium and Cysticercosis                                                        | 348 |
| Other Intestinal Cestode Infections                                                       | 351 |
| <b>Zoonoses Caused by Nematodes 352</b>                                                   |     |
| Angiostrongyliasis                                                                        | 352 |
| Cerebral Angiostrongyliasis (Eosinophilic Meningoencephalitis or Eosinophilic Meningitis) | 352 |
| Intestinal Angiostrongyliasis                                                             | 354 |
| Anisakiasis (Herring Worm Disease)                                                        | 355 |
| Capillariasis                                                                             | 357 |
| Hepatic Capillariasis                                                                     | 357 |
| Intestinal Capillariasis                                                                  | 358 |
| Pulmonary Capillariasis                                                                   | 359 |
| Diectophymiasis                                                                           | 360 |
| Dracunculiasis (Guinea Worm Infection)                                                    | 360 |
| Eosinophilic Enteritis                                                                    | 362 |
| Filariasis                                                                                | 363 |
| Brugia Filariasis (Lymphatic Filariasis)                                                  | 363 |
| Dirofilariasis                                                                            | 365 |
| Gnathostomiasis                                                                           | 366 |

|                                                         |            |
|---------------------------------------------------------|------------|
| Gongylonemiasis                                         | 367        |
| Lagochilascariasis                                      | 368        |
| Larva Migrans Cutanea                                   | 369        |
| Larva Migrans Visceralis                                | 370        |
| Oesophagostomiasis                                      | 372        |
| Strongyloidiasis                                        | 373        |
| Syngamiasis                                             | 375        |
| Thelaziasis                                             | 376        |
| Trichinosis (Trichinellosis)                            | 377        |
| Trichostrongylidiasis                                   | 382        |
| Other Nematode Infections                               | 383        |
