

QUANTITATIVE FORECASTING  
OF PROBLEMS IN  
INDUSTRIAL  
WATER SYSTEMS

A G D EMERSON

# CONTENTS

Foreword	vii
Synopsis	ix
Nomenclature	xi
Introduction	xiii
<b>1 Calcium Carbonate Fouling</b>	1
1.1. The Ryznar Index	1
1.1.1. Origin of Ryznar's Work	1
1.1.2. Emergence of the Ryznar Index	3
1.1.3. Revised Evaluation of the Ryznar Index	7
1.1.4. Experimental Errors	9
1.2. New Data	11
1.2.1. Use in the Field	13
1.2.2. Margin of Error	16
1.3. The Langelier Index	17
1.3.1. Use in the Field	19
1.3.2. Margin of Error	21
1.4. Choice Between Langelier and Ryznar	22
1.5. The Special Case of Recirculating Systems	23
1.5.1. Closed Recirculating Systems	23
1.5.2. Open Recirculating Systems	23
<b>2 Calcium Sulphate Fouling</b>	27
2.1. Calcium Sulphate Saturation Index	27
2.2. Calculating the Weight of Calcium Sulphate	28
2.3. Use in the Field	31
2.4. The Special Case of Recirculating Systems	32
<b>3 Calcium Phosphate Fouling</b>	37
3.1. Calcium Phosphate Saturation Index	37
3.2. Calculating the Weight of Calcium Phosphate	41
3.3. Use in the Field	44
3.4. The Special Case of Recirculating Systems	48

<b>4 Corrosion of Mild Steel</b>	53
<b>4.1. The Ryznar Index</b>	53
<b>4.1.1. Use in the Field</b>	57
<b>4.1.2. The Special Case of the Recirculating Systems</b>	59
<b>4.2. The Langelier Index</b>	60
<b>4.2.1. Use in the Field</b>	62
<b>4.2.2. The Special Case of the Recirculating Systems</b>	64
<b>4.3. Comparison Between Ryznar Index and Langelier Index</b>	65
<b>4.4. Buffer Capacity</b>	65
<b>4.4.1. Description of Buffer Effect</b>	66
<b>4.4.2. Definition of Buffer Capacity</b>	66
<b>4.4.3. Water Analyses and Buffer Capacity</b>	67
<b>4.4.4. Evaluation of Buffer Capacity</b>	70
<b>4.4.5. Buffer Capacity and Corrosion Rate</b>	73
<b>4.4.6. Use in the Field</b>	73
<b>4.4.7. The Special Case of the Recirculating Systems</b>	75
<b>5 Corrosion of Copper</b>	77
<b>5.1. Cold Water Systems</b>	77
<b>5.1.1. The Lucey Index</b>	78
<b>5.1.2. An Alternative Approach</b>	80
<b>5.1.3. Data Required</b>	80
<b>5.1.4. Effect of Concentration</b>	81
<b>5.1.5. Calculating the Index</b>	82
<b>5.1.6. Time Scale</b>	84
<b>5.2. Hot Water Systems</b>	90
<b>5.2.1. Data on Water Chemistry</b>	90
<b>5.2.2. The Role of Residual Chlorine</b>	95
<b>5.2.3. Time Scale</b>	95
<b>References</b>	99
<b>Tables</b>	101
<b>Index</b>	193
<b>Supplement (Reprint of Ref. 8)</b>	197
