# Applied Stochastic Control of Jump Diffusions

 Springer

$\tau_2^*$

---

# Contents

<b>1</b>	<b>Stochastic Calculus with Jump diffusions</b> .....	1
1.1	Basic definitions and results on Lévy Processes .....	1
1.2	The Itô formula and related results .....	5
1.3	Lévy stochastic differential equations .....	10
1.4	The Girsanov theorem and applications .....	12
1.5	Application to finance .....	19
1.6	Exercises .....	22
<b>2</b>	<b>Optimal Stopping of Jump Diffusions</b> .....	27
2.1	A general formulation and a verification theorem .....	27
2.2	Applications and examples .....	31
2.3	Exercises .....	36
<b>3</b>	<b>Stochastic Control of Jump Diffusions</b> .....	39
3.1	Dynamic programming .....	39
3.2	The maximum principle .....	46
3.3	Application to finance .....	52
3.4	Exercises .....	55
<b>4</b>	<b>Combined Optimal Stopping and Stochastic Control of Jump Diffusions</b> .....	59
4.1	Introduction .....	59
4.2	A general mathematical formulation .....	60
4.3	Applications .....	65
4.4	Exercises .....	69
<b>5</b>	<b>Singular Control for Jump Diffusions</b> .....	71
5.1	An illustrating example .....	71
5.2	A general formulation .....	73
5.3	Application to portfolio optimization with transaction costs ...	76
5.4	Exercises .....	78

<b>6</b>	<b>Impulse Control of Jump Diffusions</b> .....	81
6.1	A general formulation and a verification theorem .....	81
6.2	Examples .....	85
6.3	Exercices .....	94
<b>7</b>	<b>Approximating Impulse Control of Diffusions by Iterated Optimal Stopping</b> .....	97
7.1	Iterative scheme .....	97
7.2	Examples .....	107
7.3	Exercices .....	112
<b>8</b>	<b>Combined Stochastic Control and Impulse Control of Jump Diffusions</b> .....	113
8.1	A verification theorem .....	113
8.2	Examples .....	116
8.3	Iterative methods .....	120
8.4	Exercices .....	122
<b>9</b>	<b>Viscosity Solutions</b> .....	123
9.1	Viscosity solutions of variational inequalities .....	124
9.2	The value function is not always $C^1$ .....	127
9.3	Viscosity solutions of HJBQVI .....	130
9.4	Numerical analysis of HJBQVI .....	140
9.5	Exercices .....	146
<b>10</b>	<b>Solutions of Selected Exercises</b> .....	149
10.1	Exercices of Chapter 1 .....	149
10.2	Exercices of Chapter 2 .....	153
10.3	Exercices of Chapter 3 .....	162
10.4	Exercices of Chapter 4 .....	169
10.5	Exercices of Chapter 5 .....	171
10.6	Exercices of Chapter 6 .....	174
10.7	Exercices of Chapter 7 .....	185
10.8	Exercices of Chapter 8 .....	188
10.9	Exercices of Chapter 9 .....	191
	<b>References</b> .....	197
	<b>Notation and Symbols</b> .....	203
	<b>Index</b> .....	207
