

The background of the cover is a technical drawing or blueprint, featuring various mechanical components, lines, and grids in a light gray tone.

THIRD EDITION

MECHANICAL ENGINEERS' HANDBOOK

*Manufacturing and
Management*

BOOK

3

MYER KUTZ

Contents

Preface	ix
Vision Statement	xi
Contributors	xiii

PART 1 MANUFACTURING **1**

1. Product Design for Manufacturing and Assembly (DFM&A)	3
<i>Gordon Lewis</i>	
2. Achieving Enterprise Goals with New Process Technology	22
<i>Steve W. Tuszynski</i>	
3. Classification Systems	68
<i>Dell K. Allen</i>	
4. Production Planning	110
<i>Bhaba R. Sarker, Dennis B. Webster, and Thomas G. Ray</i>	
5. Production Processes and Equipment	173
<i>Magd E. Zohdi, William E. Biles, and Dennis B. Webster</i>	
6. Metal Forming, Shaping, and Casting	245
<i>Magd E. Zohdi and William E. Biles</i>	
7. Mechanical Fasteners	286
<i>Murray J. Roblin, updated by Anthony Luscher</i>	
8. Statistical Quality Control	315
<i>Magd E. Zohdi</i>	
9. Computer-Integrated Manufacturing	328
<i>William E. Biles and Magd E. Zohdi</i>	
10. Material Handling	349
<i>William E. Biles, John S. Usher, and Magd E. Zohdi</i>	
11. Coatings and Surface Engineering: Physical Vapor Deposition	396
<i>Allan Matthews and Suzanne L. Rohde</i>	
12. Product Design and Manufacturing Processes for Sustainability	414
<i>I. S. Jawahir, P. C. Wanigarathne, and X. Wang</i>	

PART 2 MANAGEMENT, FINANCE, QUALITY, LAW, AND RESEARCH **445**

13. Managing Projects in Engineering Organizations Using Interorganizational Teams	447
<i>Karen L. Higgins and Joseph A. Maciarello</i>	
14. Managing People	484
<i>Hans J. Thamain</i>	

viii Contents

15.	Finance and the Engineering Function	505
	<i>William Brett</i>	
16.	Detailed Cost Estimating	531
	<i>Rodney D. Stewart</i>	
17.	Investment Analysis	564
	<i>Byron W. Jones</i>	
18.	Total Quality Management, Six Sigma, and Continuous Improvement	583
	<i>Jack B. ReVelle and Robert Alan Kemerling</i>	
19.	Registrations, Certifications, and Awards	616
	<i>Jack B. ReVelle and Cynthia M. Sabelhaus</i>	
20.	Safety Engineering	639
	<i>Jack B. ReVelle</i>	
21.	What the Law Requires of the Engineer	701
	<i>Alvin S. Weinstein, and Martin S. Chizek</i>	
22.	Patents	725
	<i>David A. Burge and Benjamin D. Burge</i>	
23.	Electronic Information Resources: Your Online Survival Guide	758
	<i>Robert N. Schwarzwald, Jr.</i>	
24.	Sources of Mechanical Engineering Information	777
	<i>Fritz Dusold and Myer Kutz</i>	
	Index	785
