1 Brief History of Corporate Information Security and Privacy Awareness and Training.....	1
Once Upon a Time.....	1
Welcome to the Information Age	3
Information Security and Privacy Education	3
Current Challenges Bring Changes in Professional Education	4
Notes	4
2 Why Training and Awareness Are Important	5
Regulatory Requirements Compliance.....	6
Customer Trust and Satisfaction	7
Compliance with Published Policies	8
Due Diligence	8
Corporate Reputation.....	13
Accountability	15
Notes	16
3 Legal and Regulatory Requirements for Training and Awareness	19
Awareness and Training Needs	20
Legal Considerations	21
Copyright Considerations	23
Specific Regulatory Education Requirements	23
HIPAA.....	24
21 CFR Part 11 (Electronic Records/Electronic Signatures).....	25
Bank Protection Act: 12CFR Chapter V §568.....	25
Computer Security Act.....	25
CFAA.....	26
Privacy Act (Applies to U.S. Government Agencies).....	26
FOIA	27
FISMA	27

OPM Security Awareness and Training Regulations (5 U.S.C. §930.301 for Federal Offices).....	28
Appendix III to OMB Circular No. A-130.....	29
DMCA	30
GLBA	31
Department of Transportation DOT HM-232.....	31
SOX Act	31
Title IV Section 406 — Code of Ethics for Senior Financial Officers.....	32
1980 OECD Privacy Guidelines	32
PIPEDA.....	32
Notes	33
4 Incorporating Training and Awareness into Job Responsibilities and Appraisals	35
Motivation Factors.....	36
Motivation through Job Appraisals and Responsibilities	39
Methods of Security and Privacy Objectives Assessments	40
Performance against Specific Privacy and Security Objectives.....	41
Using Appraisal Results	43
Considering Security and Privacy within Job Performance as a Whole.....	43
Paying for Performance.....	46
Additional Percentage Element Added to Pay	47
Controlling the Amount and Distribution of the Awards.....	47
Applying Security and Privacy ARP to Certain Groups of Employees.....	49
Individual Security and Privacy Plans	50
Implementing the Individual Plan	51
Enforcing the Individual Plan	52
Challenges.....	53
Notes	53
5 Common Corporate Education Mistakes	55
Throwing Education Together Too Quickly	56
Not Fitting the Environment	56
Not Addressing Applicable Legal and Regulatory Requirements	57
No Leadership Support.....	57
Budget Mismanagement or No Budget.....	57
Using Unmodified Education Materials	57
Information Overload	57
No Consideration for the Learner	58
Poor Trainers	58
Information Dumping	58
No Motivation for Education	59
Inadequate Planning	59
Not Evaluating the Effectiveness of Education	59
Using Inappropriate or Politically Incorrect Language	59
Notes	60

6 Getting Started	61
Determine Your Organization's Environment, Goals, and Mission	61
Identify Key Contacts	62
Review Current Training Activities	64
Review Current Awareness Activities	64
Conduct a Needs Assessment	65
Create Your Road Map	70
Sample Information Privacy and Security Awareness and Training Road Map	71
Event and Situation Triggers	72
Elements of an Effective Education Program	73
7 Establish a Baseline.....	75
Hard Data	76
Soft Data	76
Benefits of a Baseline.....	76
8 Get Executive Support and Sponsorship	85
Executive Security and Privacy Training and Awareness Strategy	
Briefing	86
Communicate Program Roles	88
Education Program Success Indicators	89
Demonstrate Importance	89
Provide Examples of Security and Privacy Impacting Events.....	89
Demonstrate How Security and Privacy Incidents Are Increasing	91
Demonstrate How Information Security and Privacy Is a Core Business Issue	91
Communicate the Increasing Security and Privacy Threats and Breaches.....	93
Security and Privacy-Related Laws Impact Business.....	95
The Financial Impact of Privacy on Business	96
Communicate Leading Practices to Executives.....	98
Note.....	99
9 Identify Training and Awareness Methods.....	101
Adult Learning.....	101
Readiness	102
Sample Scenario	102
Experience	102
Sample Scenario	103
Autonomy	103
Sample Scenario	103
Action	104
Sample Scenario	104
Training Delivery Methods.....	104
General Lectures: Small- to Medium-Size Groups.....	105
Auditorium Presentations to Large Groups	105
Classroom.....	106
CBT Modules.....	107

Entertaining.....	107
Subject Matter-Focused.....	112
Skills-Based	112
CBT Audiences.....	113
Remote Access Labs.....	113
Satellite or Fiber Optics Long-Distance Learning.....	114
Web-Based Interactive Training (such as Webinars).....	114
Audio Instruction	115
Video and DVD	115
Workbooks.....	116
On-the-Job (OTJ)	117
Conference Calls	118
Outsourced Training and Awareness with Professional Education Services	118
Education Provided by Professional Societies.....	119
Government-Sponsored Training.....	120
Awareness Methods	120
Notes	122
10 Awareness and Training Topics and Audiences.....	123
Target Groups	124
Topics.....	126
1. Information Security and Privacy Policies and Procedures	126
2. Information Security and Privacy Framework and Architecture	126
3. Security of Third-Party Access.....	126
4. Security and Privacy for Outsourced Services	127
5. Information Classification and Controls.....	127
6. Security and Privacy in Job Definitions and Performance Appraisals	127
7. Security and Privacy Incident Response	128
8. Physical Security	128
9. Computing Equipment Security.....	128
10. Work Area Security and Privacy.....	129
11. Operational Procedures and Responsibilities	129
12. Systems Planning and Acceptance	129
13. Protecting against Malicious Software.....	129
14. Backups and Logging.....	130
15. Network Security and Privacy Controls	130
16. Media Handling and Security	130
17. Exchanging Information and Software between Organizations ...	130
18. Business Requirements for Systems Access Control.....	131
19. IT User Access Management	131
20. Information and Systems User Responsibilities.....	131
21. Network Access Control.....	132
22. Operating Systems Access Control.....	132
23. Application Access Control.....	132
24. Monitoring Systems Access and Use.....	133
25. Mobile and Remote Computing	133

26. Security and Privacy Requirements of Systems.....	133
27. Security and Privacy in Application Systems	134
28. Cryptographic Controls.....	134
29. System Files Security	134
30. Security and Privacy in Development and Support Environments	135
31. Security for Outsourced Services	135
32. Business Continuity Planning	135
33. Information Security and Privacy Laws, Regulations, and Standards	136
34. Personal Information Privacy.....	136
35. Collection of Electronic Evidence	137
36. Security and Privacy Compliance Reviews and Audits	137
37. Systems Audit Controls and Tools	137
38. Security and Privacy Tools.....	137
39. Customer and Consumer Interactions (Customer Relationship Management).....	138
40. Asset Management Security and Privacy Issues.....	139
41. Electronic Commerce.....	139
42. Social Engineering	139
43. Data and Records Retention	139
44. Third Party and Partners	140
45. Transborder Data Flow	140
46. Due Diligence	140
47. PII, PHI, NPPI, and Other Information	140
48. E-Mail Security and Privacy	141
49. Identity Verification.....	141
50. Ethics.....	141
51. Policies.....	142
52. Procedures.....	142
53. Data Classification.....	142
54. Fraud Identification and Prevention	142
55. Incident Response.....	143
56. OECD Privacy Principles	143
57. Web Site Privacy Policies	144
58. Customer Privacy Communications.....	144
59. Exiting Personnel Security and Privacy	144
Mapping Topics to Roles and Target Groups	144
Standards and Principles	146
OECD	146
ISO/IEC 17799	148
NIST.....	149
COBIT	149
Draft 2004 The Committee of Sponsoring Organizations of the Treadway Commission (COSO) Enterprise Risk Management Framework	150
Notes	151

11	Define Your Message.....	153
	Customer Privacy	154
	Laws and Regulations	156
	Access Controls	159
	Risk Management.....	163
12	Prepare Budget and Obtain Funding.....	167
	Obtain Traditional Funding if You Can	167
	Obtain Nontraditional Funding When Necessary.....	173
	Final Budget and Funding Thoughts	177
13	Training Design and Development.....	179
	Training Methods	179
	Design and Development	181
	Pitfalls to Avoid.....	181
	Design	182
	Development	182
	Choosing Content	184
	Core Content	185
	Targeted Content.....	185
	Job-Specific Content and Topics for Targeted Groups.....	187
	Learning Activities.....	192
	Training Design Objectives	194
