PRACTITIONER RESEARCH FOR EDUCATORS

A Guide to Improving Classrooms and Schools

Viviane Robinson
Mei Kuin Lai

Contents

Preface	vii
About the Authors	xiii
Part I: The Need for Practitioner Research	1
1. Educators as Researchers	3
Teachers as Researchers	5
Why Make the Effort to Do Research?	7
Conditions That Support Teacher Research	13
Summing Up	14
2. Tailoring Research to Solve Problems	15
Introducing Problem-Based Methodology	15
Treating Teaching Practices as Solutions to Practical Problems	17
Theories of Action Provide Solutions to Problems	19
Components of a Theory of Action	21
Investigating Theories of Action: An Example	26
Evaluating Theories of Action	28
Summing Up	34
3. Collaborating to Improve Practice	35
The Importance of Relationships in Teacher Research	35
Controlling Conversations	37
Learning Conversations	41
The Ladder of Inference: A Learning Tool	45
Using the Ladder of Inference in a Learning Conversation	48
The Place of Learning Conversations	50
Summing Up	51
4. Combining Rigor and Respect	53
The Concept of Validity	54
Procedures for Increasing Validity	57
Different Approaches to Validity	65
PBM and Generalization	65
Ethical Decision Making	66
Summing Up	72

Part II: Doing Practitioner Research 73

5. Planning Your Research 75
Learning From the Research of Others 76
Key Planning Decisions 76
Writing a Research Proposal 96
Summing Up 99

6. Purposeful Information Gathering: Interviews and Questionnaires **105**
Designing Interviews 106
Designing Questionnaires 115
Summing Up 123

7. Purposeful Information Gathering: Observations and Other Data Collection Methods **125**
Observations 125
Rating Scales 132
Documents 136
Diaries 137
Trialing Your Data Collection Instrument 139
Summing Up 140

8. Purposeful Data Analysis 141
Reading and Sorting the Information 143
Determining the Starting Point of the Analysis 145
Analyzing Actions 145
Analyzing Constraints 155
Analyzing Consequences 169
Evaluating Practitioners' Theories of Action 170
Summing Up 172

9. Communicating Your Research **173**
Negotiating and Validating Your Research Findings 173
Why Write Up Your Research? 176
What to Include in Your Research Report 177
Mastering the Writing Process 187
Summing Up 192

Part III: Practitioner Research and School Improvement 195

10. Integrating Practitioner Research Schoolwide 197
Culture of Inquiry 198
Strengthening a Culture of Inquiry Through PBM 200
Developing a Culture of Inquiry 206
Conclusion 210
