

3rd Edition

# Purchasing & Supply Chain MANAGEMENT

MONCZKA • TRENT • HANDFIELD

# Contents

<b>Preface</b>	<b>xix</b>	<b>Part 2 Purchasing Operations and Structure</b>	<b>27</b>
<b>Part 1 Introduction</b>	<b>1</b>		
<b>Chapter 1</b>		<b>Chapter 2</b>	
<b>Introduction to Purchasing and Supply Chain Management</b>	<b>2</b>	<b>The Purchasing Process</b>	<b>28</b>
<i>A New Competitive Environment</i>	4	<i>Purchasing Objectives</i>	30
<i>Why Purchasing Is Important</i>	5	Objective 1: Support Operational Requirements, 30	
<i>Understanding the Language of Purchasing and Supply Chain Management</i>	6	Objective 2: Manage the Purchasing Process Efficiently and Effectively, 31	
Purchasing and Supply Management, 7		Objective 3: Supply Base Management, 31	
Supply Chains and Value Chains, 8		Objective 4: Develop Strong Relationships with Other Functional Groups, 32	
Supply Chains Illustrated, 11		Objective 5: Support Organizational Goals and Objectives, 32	
Achieving Purchasing and Supply Chain Benefits, 12		Objective 6: Develop Integrated Purchasing Strategies That Support Organizational Strategies, 32	
<i>The Supply Chain Umbrella</i>	14	<i>Responsibilities of Purchasing</i>	33
<i>Four Enablers of Purchasing and Supply Chain Management</i>	16	Evaluate and Select Suppliers, 33	
Capable Human Resources, 16		Review Specifications, 33	
Proper Organizational Design, 16		Act as the Primary Contact with Suppliers, 34	
Real Time and Shared Information Technology Capabilities, 18		Determine the Method of Awarding Purchase Contracts, 34	
Right Measures and Measurement Systems, 19		<i>E-Procurement and the Purchasing Process</i>	34
<i>The Evolution of Purchasing and Supply Chain Management</i>	20	1. Identify User Need for Product or Service, 36	
Period One: The Early Years (1850–1900), 20		2. Evaluate Potential Suppliers, 42	
Period Two: Growth of Purchasing Fundamentals (1900–1939), 21		3. Bidding, Negotiation and Supplier Selection, 44	
Period Three: The War Years (1940–1946), 21		4. Purchase Approval, 47	
Period Four: The Quiet Years (1947–Mid-1960s), 22		5. Release and Receive Purchase Requirements, 52	
Period Five: Materials Management Comes of Age (Mid-1960s–Late 1970s), 23		6. Measure Supplier Performance, 54	
Period Six: The Global Era (Late 1970–1999), 23		<i>Types of Purchases</i>	55
Period Seven: Integrated Supply Chain Management (Beyond 2000), 24		Raw Materials, 55	
<i>Looking Ahead</i>	24	Semifinished Products and Components, 55	
		Finished Products, 56	
		Maintenance, Repair, and Operating Items, 56	

Production Support Items, 57	
Services, 57	
Capital Equipment, 57	
Transportation and Third-Party Purchasing, 58	
<i>Improving the Purchasing Process</i>	59
Online Requisitioning Systems from Users to Purchasing, 59	
Procurement Cards Issued to Users, 60	
Electronic Purchasing Through the Internet, 60	
Longer-Term Purchase Agreements, 60	
Online Ordering Systems to Suppliers, 61	
Purchasing Process Redesign, 61	
Electronic Data Interchange, 62	
Online Ordering Through Electronic Catalogs, 63	
Allowing Users to Contact Suppliers Directly, 63	
<i>Good Practice Example: Sourcing Process at FedEx</i>	64
<i>Conclusion</i>	67
<b>Chapter 3</b>	
<b>Purchasing Policy and Procedures</b>	70
<i>Policy Overview</i>	72
What Are the Advantages and Disadvantages of Policies?, 72	
What Makes an Effective Policy?, 73	
<i>Purchasing Policies—Providing Guidance and Direction</i>	74
Policies Defining the Role of Purchasing, 74	
Policies Defining the Conduct of Purchasing Personnel, 76	
Policies Defining Social and Minority Business Objectives, 78	
Policies Defining Buyer-Seller Relationships, 82	
Policies Defining Operational Issues, 85	
<i>Purchasing Procedures</i>	88
Purchasing Procedural Areas, 90	
<i>Good Practice Example: Managing Maverick Spend at Deere and Delphi: An Interview with Jon Stegner</i>	91
<i>Conclusion</i>	93
<b>Chapter 4</b>	
<b>Purchasing Integration for Competitive Advantage</b>	96
<i>Integration—What Is It?</i>	98
<i>Internal Integration</i>	99
Purchasing's Internal Linkages, 99	
<i>External Integration</i>	102
Purchasing's External Linkages, 102	
Collaborative Buyer-Seller Relationships, 103	
Advantages of Closer Buyer-Seller Relationships, 104	
Evolving from Adversarial to Collaborative Relationships, 104	
Obstacles to Closer Buyer-Seller Relationships, 105	
<i>The Critical Role of Cross-Functional Sourcing Teams</i>	106
Benefits Sought from the Cross-Functional Team Approach, 108	
Potential Drawbacks to the Cross-Functional Team Approach, 109	
When to Form a Cross-Functional Team, 110	
Improving Sourcing Team Effectiveness, 111	
<i>Integrating Purchasing, Engineering, and Suppliers to Develop New Products and Services</i>	116
Common Themes of Successful Supplier Integration Efforts, 116	
Supplier Integration into Customer Order Fulfillment, 124	
<i>Good Practice Example: Early Supplier Involvement at MRD</i>	129
<i>Conclusion</i>	131
<b>Chapter 5</b>	
<b>Purchasing and Supply Chain Organization</b>	134
<i>Purchasing's Position Within the Organizational Structure</i>	137
Factors Affecting Purchasing's Position in the Organizational Hierarchy, 137	
To Whom Does Purchasing Report?, 138	
<i>Organizing the Purchasing Function</i>	139
Specialization Within Purchasing, 139	
Purchasing Department Activities, 142	
Separating Strategic and Operational Purchasing, 144	
<i>Placement of Purchasing Authority</i>	145
Advantages of Centrally Led Purchasing, 145	

Advantages of Decentralized Purchasing, 148	
A Hybrid Purchasing Structure, 149	
<i>Organizing for Supply Chain Management</i>	149
Supply Chain Activities and Functions, 150	
A Supply Chain Management Structure, 152	
<i>Using Teams as Part of the Organizational Structure</i>	153
<i>Creating the Organization of the Future</i>	154
<i>Good Practice Example: Air Products and Chemicals Organizes to Meet Global Challenges</i>	159
<i>Conclusion</i>	161

## **Part 3 Strategic Sourcing 165**

### **Chapter 6**

#### **Purchasing and Commodity Strategy Development 166**

<i>Linking Purchasing and Corporate Strategy</i>	169
Translating Corporate Objectives into Purchasing Goals, 170	
Integrative Strategy Development, 172	
Translating Purchasing Objectives into Purchasing Goals, 175	
<i>Bringing Goals and Objectives Together—The Purchasing Strategy Development Process</i>	177

Step 1: Define the Business Unit Requirements, 177	
Step 2: Define the Strategic Importance of the Purchase Requirement (Portfolio Analysis), 177	
Step 3: Determine Business/Purchase Requirements and Conduct Supply Market Research, 180	
Step 4: Set Goals and Conduct Gap Analysis, 181	
Step 5: Develop Sourcing Strategy and Objectives, 182	
Step 6: Execute the Strategy, 182	
Step 7: Monitor Results and Review Performance, 183	
<i>Types of Purchasing Strategies</i>	184

Supply Base Optimization, 185	
Total Quality Management of Suppliers, 185	
Global Sourcing, 185	
Longer-Term Supplier Relationships, 186	
Early Supplier Design Involvement, 186	
Supplier Development, 187	
Total Cost of Ownership, 188	
E-Reverse Auctions (e-RAs), 188	
<i>Critical Role of Insourcing/Outsourcing Strategy</i>	188
<i>The Insourcing/Outsourcing Decision Process</i>	189
Step 1: Company Strategy Formulation, 189	
Step 2: Insourcing/Outsourcing Decision Making: Conduct Total Cost Analysis of All Alternatives, 191	
Step 3: Implementation, 194	
Conclusion, 194	
<i>Evolving Sourcing Strategies</i>	195
Phase 1: Basic Beginnings, 196	
Phase 2: Moderate Development, 196	
Phase 3: Limited Integration, 197	
Phase 4: Fully Integrated Supply Chains, 197	
Observations on Purchasing Strategy Evolution, 199	
<i>Good Practice Example: Supplier Integration Strategies at BTR Engineering</i>	200
<i>Conclusion</i>	202
<b>Chapter 7</b>	
<b>Supplier Evaluation and Selection 205</b>	
<i>The Supplier Evaluation and Selection Process</i>	207
Recognize the Need for Supplier Selection, 208	
Identify Key Sourcing Requirements, 208	
Determine Sourcing Strategy, 208	
Identify Potential Supply Sources, 209	
Limit Suppliers in Selection Pool, 212	
Determine the Method of Supplier Evaluation and Selection, 214	
Select Supplier and Reach Agreement, 215	
<i>Key Supplier Evaluation Criteria</i>	215
Management Capability, 215	
Employee Capabilities, 217	

Cost Structure, 217	
Total Quality Performance, Systems, and Philosophy, 217	
Process and Technological Capability, 218	
Environmental Regulation Compliance, 218	
Financial Stability, 219	
Production Scheduling and Control Systems, 219	
E-Commerce Capability, 220	
Supplier's Sourcing Strategies, Policies, and Techniques, 221	
Longer-Term Relationship Potential, 221	
<i>Developing a Supplier Evaluation and Selection Survey</i>	222
Step 1: Identify Supplier Evaluation Categories, 223	
Step 2: Assign a Weight to Each Evaluation Category, 223	
Step 3: Identify and Weigh Subcategories, 223	
Step 4: Define Scoring System for Categories and Subcategories, 224	
Step 5: Evaluate Supplier Directly, 226	
Step 6: Review Evaluation Results and Make Selection Decision, 226	
Step 7: Review and Improve Supplier Performance Continuously, 227	
<i>Critical Supplier Selection Issues</i>	227
<i>Reducing Supplier Evaluation and Selection Cycle Time</i>	229
<i>Good Practice Example: C.A.S.E's Shared Internet Database Supports Supplier Evaluation</i>	232
<i>Conclusion</i>	234
<b>Chapter 8</b>	
<b>Supplier Quality Management</b>	237
<i>Overview of Supplier Quality Management</i>	239
What Is Supplier Quality?, 239	
Why Be Concerned with Supplier Quality?, 240	
<i>Factors Affecting Purchasing's Role in Managing Supplier Quality</i>	242
<i>Supplier Quality Management Using a Total Quality Perspective</i>	243
Defining Quality in Terms of Customers and their Requirements, 243	
Pursuing Quality at the Source, 245	
Stressing Objective Rather than Subjective Measurement and Analysis, 247	
Emphasizing Prevention Rather than Detection of Defects, 247	
Focusing on Process Rather than Output, 248	
Striving for Zero Defects, 250	
Establishing Continuous Improvement as a Way of Life, 251	
Making Quality Everyone's Responsibility, 251	
<i>Pursuing Six Sigma Supplier Quality Using ISO 9000 and Baldrige Criteria to Assess Supplier Quality Systems</i>	255
ISO 9000 Registration, 256	
The Malcolm Baldrige National Quality Award, 258	
<i>Good Practice Example: Supplier Certification at Alcoa</i>	260
<i>Conclusion</i>	263
<b>Chapter 9</b>	
<b>Supplier Management and Development: Creating a World-Class Supply Base</b>	266
<i>Supplier Performance Measurement</i>	269
Supplier Measurement Decisions, 269	
Types of Supplier Measurement Techniques, 271	
<i>Supply-Base Optimization: Creating a Manageable Supply Base</i>	275
Advantages of an Optimized Supply Base, 278	
Risks of Maintaining Fewer Suppliers, 279	
Formal Approaches to Supply Base Reduction, 280	
Summary of Supplier Optimization, 282	
<i>Supplier Development: A Strategy for Improvement</i>	283
A Process Map for Supplier Development, 283	
Supplier Development Efforts That Sometimes Don't Work, 287	
<i>Overcoming the Barriers to Supplier Development</i>	287
Buyer-specific Barriers, 288	
Interface Barriers to Supplier Development, 290	
Supplier-specific Barriers, 292	
Lessons Learned from Supplier Development, 294	

<i>Good Practice Example: Supplier Measurement Helps FedEx Manage a Worldwide Supply Base</i>	295	Pricing Strategy of the Seller, 347	
<i>Conclusion</i>	298	Market-driven Pricing Models, 348	
<b>Chapter 10</b>		Using the Producer Price Index to Manage Price, 351	
<b>Worldwide Sourcing</b>	301	<i>Cost Analysis Techniques</i>	355
<i>An Overview of Worldwide Sourcing</i>	304	Cost-based Pricing Models, 355	
Why Source Worldwide?, 306		Product Specifications, 356	
Barriers to Worldwide Sourcing, 308		Estimating Supplier Costs Using Reverse Price Analysis, 357	
<i>Progressing from Domestic Buying to International Purchasing</i>	309	Break-Even Analysis, 361	
Information about Worldwide Sources, 309		<i>Total Cost of Ownership (TCO)</i>	364
Supplier Selection Issues, 311		Building a Total Cost of Ownership Model, 365	
Cultural Understanding, 311		The Importance of Opportunity Costs, 366	
Language and Communication Differences, 312		Important Factors to Consider When Building a TCO Model, 366	
Logistical Issues, 312		Example of a TCO Model, 366	
Legal Issues, 313		<i>Collaborative Approaches to Cost Management</i>	368
Organizational Issues, 313		Target Pricing, 368	
Countertrade Requirements, 315		Cost Savings Sharing Pricing, 369	
Costs Associated with Worldwide Sourcing, 318		Prerequisites for Successful Target and Cost-based Pricing, 370	
Managing International Currency Risk, 321		When to Use Collaborative Cost Management Approaches, 370	
<i>Progressing from International Purchasing to Global Sourcing</i>	323	An Example of Target Pricing and Cost Savings Sharing, 371	
Factors Separating Successful from Less Successful Global Sourcing Efforts, 323		<i>Good Practice Example: IBM Drives Strategic Cost Management Across the Supply Chain</i>	373
Global Sourcing Benefits, 329		<i>Conclusion</i>	375
Future Global Sourcing Trends, 329		<b>Chapter 12</b>	
<i>Good Practice Example: Otis Elevator Manages Worldwide Sourcing</i>	331	<b>Purchasing and Supply Chain Analysis: Tools and Techniques</b>	377
<i>Conclusion</i>	334	<i>Project Management</i>	379
<b>Part 4 Strategic Sourcing Processes</b>	337	Defining Project Success, 379	
<b>Chapter 11</b>		Project Phases, 380	
<b>Strategic Cost Management</b>	338	Project Planning and Control Techniques, 383	
<i>Strategic Cost Management: A Structured Approach to Cost Reduction</i>	340	Rules for Constructing a Project Management Network, 383	
<i>Price Analysis</i>	346	Project Management Example: Sourcing Strategy, 384	
Market Structure, 346		Project Management with Time Estimates, 387	
Economic Conditions, 347		<i>Learning Curves</i>	390

Components of the Learning or Experience Curve, 391	
When to Use the Learning Curve, 391	
Learning Curve Illustrated, 392	
Learning-Curve Problem, 394	
Value Engineering/Value Analysis	396
Who Is Involved in Value Analysis?, 396	
Tests for Determining Value in a Product or Service, 397	
The Value Analysis Process, 398	
Quantity Discount Analysis	399
Quantity Discount Analysis Illustrated, 399	
Process Mapping	399
Process Mapping Illustrated, 404	
Good Practice Example: Energy Sourcing Strategy Project at Bethlehem Steel	406
Conclusion	409
<b>Chapter 13</b>	
<b>Negotiation</b>	<b>411</b>
What Is Negotiation?	413
Negotiation Framework	413
Identify or Anticipate a Purchase Requirement, 414	
Determine If Negotiation Is Required, 414	
Plan for the Negotiation, 417	
Conduct the Negotiation, 418	
Execute the Agreement, 419	
Negotiation Planning	419
Develop Specific Objectives, 420	
Analyze Each Party's Strengths and Weaknesses, 420	
Gather Relevant Information, 420	
Recognize Your Counterpart's Needs, 421	
Identify Facts and Issues, 421	
Establish a Position on Each Issue, 421	
Develop a Negotiating Strategy and Tactics, 422	
Brief Other Personnel, 422	
Practice the Negotiation, 423	
Power in Negotiation	423
Sources of Negotiating Power, 424	
Concessions	425
Negotiation Tactics: Trying to Get to Yes	427
Win-Win Negotiation	429
International Negotiation	430
Good Practice Example: Mack Trucks Uses Negotiation to Rev Up Its Sourcing Process	433
Conclusion	436
<b>Chapter 14</b>	
<b>Contract Management</b>	<b>439</b>
Types of Contracts	441
Fixed-Price Contracts, 441	
Cost-based Contracts, 443	
Considerations When Selecting Contract Types, 444	
Long-Term Contracts	446
Benefits of Long-Term Contracts, 446	
Risks of Long-Term Contracts, 449	
Contingency Elements of Long-Term Contracts, 450	
Nontraditional Contracting	452
IT Systems Contracts, 452	
Minority-owned Supplier Contracts, 453	
Consulting Contracts, 454	
Construction Contracts, 456	
Other Types of Contracts, 458	
How to Write a Contract	460
Settling Contractual Disputes	451
Legal Alternatives, 461	
Arbitration, 462	
Other Forms of Conflict Resolution, 463	
Good Practice Example: Alliance Contracts That Save Dollars at a Chemical Company	466
Conclusion	468
<b>Chapter 15</b>	
<b>Purchasing Law and Ethics</b>	<b>471</b>
Legal Authority and Personal Liability of the Purchasing Manager	473
Laws of Agency, 473	
Legal Authority, 473	
Personal Liability, 474	
Purchasing Ethics	476
Risks of Unethical Behavior, 476	
Types of Unethical Purchasing Behavior, 477	
ISM Professional Code of Ethics, 479	
Supporting Ethical Behavior, 481	
Contract Law	483

Essential Elements of a Contract, 483	
The Purchase Order—Is It a Contract?, 485	
Cancellation of Orders and Breach of Contract, 488	
Acceptance and Rejection of Goods, 491	
Honest Mistakes, 492	
<i>The Uniform Commercial Code</i>	493
Purchasing Law Before the UCC, 493	
Warranties, 494	
Transportation Terms and Risk of Loss, 497	
Seller's and Buyer's Rights, 499	
<i>Patents and Intellectual Property</i>	500
<i>Other Laws Affecting Purchasing</i>	503
Laws Affecting Antitrust and Unfair Trade Practices, 503	
Laws Affecting Global Purchasing, 503	
<i>Good Practice Example: Eaton's CEO Talks Openly About Ethics</i>	505
<i>Conclusion</i>	507

## **Part 5 Critical Supply Chain Elements 511**

<b>Chapter 16</b>	
<b>Managing Supply Chain Inventory and Delivering Perfect Customer Orders</b>	<b>512</b>
<i>Understanding Supply Chain Inventory</i>	515
Types of Inventory, 515	
Inventory-related Costs, 516	
Inventory Investment—Asset or Liability?, 519	
<i>The Right Reasons for Investing in Inventory</i>	521
Support Production Requirements, 521	
Support Operational Requirements, 521	
Support Customer Service Requirements, 522	
Hedge Against Marketplace Uncertainty, 522	
Take Advantage of Order Quantity Discounts, 522	
<i>The Wrong Reasons for Investing in Inventory</i>	523
Poor Quality and Material Yield, 523	
Unreliable Supplier Delivery, 523	
Extended Order-Cycle Times, 524	
Inaccurate or Uncertain Demand Forecasts, 524	

Specifying Custom Items for Standard Applications, 524	
Extended Material Pipelines, 525	
Inefficient Manufacturing Processes, 525	
<i>Creating the Lean Supply Chain</i>	525
Just-in-Time Purchasing, 526	
Just-in-Time Transportation, 527	
Just-in-Time Production, 529	
<i>Managing Inventory Investment</i>	531
Achieve Perfect Record Integrity, 533	
Improve Product Forecasting, 534	
Standardize and Simplify Product Design, 535	
Leverage Companywide Purchase Volumes, 537	
Use Suppliers for On-Site Inventory Management, 537	
Develop Supply Chain Planning Systems and Support Structure, 538	
Reduce Supplier-Buyer Cycle Times, 538	
<i>Delivering the Perfect Customer Order</i>	539
Material Requirements Planning System, 539	
Distribution Resource Planning System, 540	
Supply Chain Inventory Planners, 540	
Automated Inventory Tracking Systems, 541	
<i>Good Practice Example: Managing Low-Value Inventory for High-Value Savings at Lockheed</i>	541
<i>Conclusion</i>	544

<b>Chapter 17</b>	
<b>Purchasing Services</b>	<b>547</b>
<i>Transportation Management</i>	549
Deregulation of Transportation and Purchasing's New Role, 550	
A Decision-making Framework for Developing a Transportation Strategy, 552	
<i>Outsourcing Logistics to Third-Party Logistics Providers</i>	565
Select Providers, 565	
Gain Access to Critical and Timely Data, 566	
Develop Systems Visibility to Material Shipments, 567	
Develop Closer Relationships with Fewer Providers, 567	
Establish Companywide Contracts, 568	
<i>Purchasing Services and Indirect Items</i>	568
Internal Methods of Managing Indirect Spend, 571	

External Methods of Managing Indirect Spend, 572	
Enabling Tactics and Strategies, 574	
<i>Sourcing Professional Services</i>	576
Have a Clearly Defined Scope, 576	
Move to a Centralized Structure, 577	
Develop a Professional Services Database, 578	
Develop a Sound Procedure for Evaluation and Selection of Consultants, 579	
Optimize the Supply Base, 579	
Develop a Standardized Contract, 580	
Monitor Results, 580	
Develop Policy Compliance, 580	
<i>Good Practice Example: Bank of America's Document Management Services</i>	581
<i>Conclusion</i>	584
<b>Chapter 18</b>	
<b>Supply Chain Information Systems and Electronic Commerce</b>	<b>587</b>
<i>An Overview of the E-Supply Chain</i>	589
Supply Chain Information Flows, 590	
A Map of SCM Systems, 591	
<i>Drivers of New Supply Chain Systems and Applications</i>	596
Internal and External Strategic Integration, 597	
Globalization and Communication, 597	
Data Information Management, 597	
New Business Processes, 597	
Replacement of Obsolete Systems, 598	
Strategic Cost Management, 598	
<i>Enterprise Resource Planning Systems</i>	598
Implementing ERP Systems, 600	
<i>Purchasing Databases and Data Warehouses</i>	601
<i>Technology for Electronic Communication Between Buyers and Sellers</i>	603
Electronic Data Interchange (EDI), 603	
EDI and the Internet, 604	
<i>E-Sourcing/Supply and Web-based Systems</i>	606
Types of Systems, 607	
Reverse Auctions, 611	
Evolving E-Sourcing Vendors, 611	
Bottom Line, 614	
<i>E-Sourcing and Supply: Fully Integrated Systems</i>	614
What Is Information Visibility?, 615	
Dell's Information Visibility System: The Benchmark, 615	
Benefits of Information Visibility, 616	
I-Supply: An Example of a Visibility System, 617	
<i>Good Practice Example: Deploying Information Visibility Systems at a Tier 1 Automotive Company</i>	621
<i>Conclusion</i>	624
<b>Chapter 19</b>	
<b>Performance Measurement and Evaluation</b>	<b>627</b>
<i>Purchasing and Supply Chain Performance Measurement and Evaluation</i>	629
Why Measure Performance?, 630	
Problems with Purchasing and Supply Chain Measurement and Evaluation, 630	
<i>Purchasing and Supply Chain Performance Measurement Categories</i>	632
Price Performance Measures, 632	
Cost-Effectiveness Measures, 635	
Quality, 637	
Time-related Measures, 637	
Technology-Innovation Measures, 638	
Physical Environment and Safety, 639	
Asset Management and Integrated Supply Chain Measures, 639	
Administration and Efficiency Measures, 640	
Governmental/Social, 641	
Internal Customer Satisfaction, 642	
Supplier Performance Measures, 642	
Strategic Performance Measures, 642	
<i>Developing a Performance Measurement and Evaluation System</i>	644
Determine Which Performance Categories to Measure, 644	
Develop Specific Performance Measures, 644	
Establish Performance Objectives for Each Measure, 647	
Finalize System Details, 647	
Implement and Review System Performance and Measures, 648	
<i>Performance Benchmarking: Comparing Against the Best</i>	648
Benchmarking Overview, 648	
The Benchmarking Process, 651	

<i>A Summary of Purchasing Measurement and Evaluation Characteristics</i>	652
System Characteristics, 653	
Human Resource Characteristics, 653	
<i>Good Practice Example: Using Measurement to Drive Continuous Supply Chain Improvement at Accent Industries</i>	654
<i>Conclusion</i>	655

## **Part 6 Future Directions 659**

### **Chapter 20**

#### **Purchasing and Supply Chain**

#### **Changes and Trends 660**

<i>Performance Improvement Requirements</i>	662
---	-----

<i>Purchasing and Supplier Importance</i>	663
---	-----

<i>Organization and Human Resources</i>	665
<i>Information Systems Development</i>	668
<i>Performance Measurement</i>	672
<i>Supply Base Management</i>	673
<i>Purchasing Responsibilities and Activities</i>	676
<i>Twelve High-Impact Sourcing and Supply Chain Strategies for 2005–2010</i>	678
<i>Good Practice Example: General Motors Works to Secure Its Future</i>	679
<i>Conclusion</i>	682
<b>Cases</b>	685
<b>Index</b>	735
